

GREEN AND WHITE 1949

DEDICATION

The Green and White of nineteen forty-nine we dedicate to someone most deserving — to one who worked unflinchingly to preserve the Green and White through the long years of depression that it might emerge triumphant to present a continuous chronicle of events. Had it not been for her courageous fight to continue with the Green and White throughout the years of war, there would be no annual to dedicate today. In addition to her great contributions to our Green and White, she has been steadfast in artistic leadership. Under her guidance has been created much of the beauty that is always a part of the important events of Inglewood High School. For all of this — and much, much more — we proudly dedicate this annual to Mrs. Queen M. Smith.
