

GB Miller Elementary School
SIXTH GRADE SCIENCE CAMP 2018

Dear Parents and Guardians,

In fall 2018, our sixth grade students and teachers plan to participate in the Outdoor Science Camp. We will be attending High Trails Outdoor Science School which is located in the middle of the San Bernardino National Forest at 6,700 feet of elevation. The Science Camp is your child's educational program for that week; if your child does not attend Camp they must still attend school that week. Our teachers plan pre- and post-activities here at GB Miller Elementary to make this a complete learning experience. Check out the camp website at: <http://dirtyclassroom.com>.

I hereby give my son/daughter _____(name) permission to attend Outdoor Science Camp and to participate in PTA sponsored fundraising events to help pay for the cost of this valuable experience.

As you may already know schools may not require families to pay for certain school activities; only donations can be requested. The total cost for Outdoor Camp School for transportation and camp is \$27,000 which is our school's fundraising goal. The per pupil breakdown is \$300, which is the suggested donation amount.

Donations are nonrefundable. Should the school not raise the required amount to attend Outdoor Science School, a replacement activity will be planned. Thank you for your ongoing support and we look forward to providing many exciting and rewarding experiences for your child in 6th grade.

******Please sign and return this ENTIRE form along with any donation by Jan. 25, 2018. *****

Make checks payable to: C S D (Centralia School District)
