## School Description and Mission Statement

This section provides information about the schools goals and programs.

### Mission Statement:

The mission of Redondo Shores High School is to provide opportunities for ALL students to achieve their educational goals, and become successful and productive citizens. Our staff is committed to supporting each student's academic and career aspirations. Our students are encouraged to tackle current and future challenges and to develop social and global awareness, civic responsibility, and personal growth so they will be active and informed members in the 21st century and beyond.

### School Description

Redondo Shores High School (RSHS), located in south Redondo Beach, is a necessary small high school serving the communities of Redondo Beach.

The campus was opened in the summer of 1999 and overlooks the Redondo Union High School (RUHS) baseball field to the south and the main RUHS campus to the west. Redondo Shores High School was recognized as a Model Continuation High School for the fourth time in 2013.

Although enrollment is ongoing and changes frequently, Shores can accommodate 110 students. Serving a few sophomores, junior and senior high school students ages 16 and older, the curriculum is aligned with the California State Standards. Each student attends either one of three sessions, each of which contains the minimum state required 180 instructional minutes.

A dedicated and conscientious Redondo Shores' staff consists of five credentialed general-education teachers (5.4 FTE), one Special Education teacher, a credentialed counselor, and a principal who supervises all alternative education programs in RBUSD, including Redondo Shores High School, the Independent Study Program, and the Redondo Beach Learning Academy Community Day School. The classified staff consists of a school administrative assistant, a Special Education instructional aide, a campus supervisor, a school registrar, and a night custodian.

The high school curriculum parallels that of the traditional high school from which most of Shores' students matriculate. While utilizing state content standards for all subject areas, student interests, abilities, and learning styles are accommodated. Most students come to Shores credit deficient. Students make up credit through a blend of direct instruction, cooperative learning and independent work.

Student Learning Outcomes (ESLR's) drive teaching and learning. In addition to achieving competency in basic skills, every student will be challenged to become:

### SELF-DIRECTED

- After meeting graduation requirements, students will explore educational opportunities after high school
- Apply standards based learned concepts to everyday situations

### HEALTHY

- Demonstrate a sense of personal and social responsibility through positive decision making
- Demonstrate awareness of a healthy lifestyle
- Learn the importance of not only intelligence, but character as well

### OPTIMISTIC

- Establish a positive outlook towards school and career goals
- Exercise their rights and privileges of citizenship

### RESPONSIBLE

- High attendance rates
- Prioritize, monitor, and evaluate progress towards goals and objectives
- Peacefully resolve conflicts
- Work effectively with others

### EFFECTIVE

- Establish and apply criteria to support judgments and opinions
- Work in collaborative groups to achieve common goals

### STUDENTS

- Demonstrate critical thinking skills in reading, writing, math, and technology and apply them in all subject areas
- Make decisions based on an examination of the situation and the alternatives
- Generate new ideas, processes, and products
- Read, write, speak, and listen with organization, focus, and coherence

Small classes with a low ratio of students to teachers (20:1) promote a creative and structured learning environment. Credit recovery is the highest priority. Academic success is greatly enhanced by providing a plethora of credit opportunities, including, but not limited to, take home classes, and coursework earned at the Southern California Regional Occupational Center. Academic achievement is monitored regularly by the school counselor, who, upon completion of classes, records the credit earned on the graduation check sheet for students in their individual folders. Student have the advantage of entering Redondo Shores HS at anytime during the school year based on referrals from other programs and to exit at any time when sufficient credits have been obtained to graduate. All students who have completed the graduation requirements during the year are invited back in June to participate in our graduation ceremony.

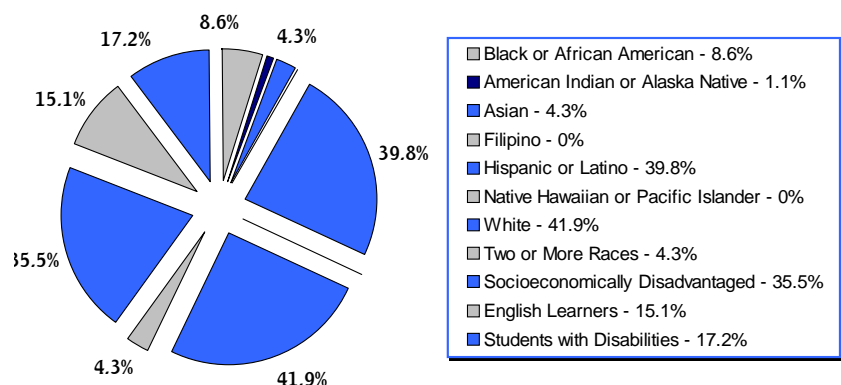

## Opportunities for Parental Involvement

Parents are encouraged to become involved in their child's experience at RSHS. Parents participate in all intake/exit meetings, period conferences and through frequent phone, email, and written correspondence, are kept abreast of student achievement and progress. Parents are also encouraged to serve as School Site Council members, on a focus group for WASC, volunteer in the main office or classrooms, chaperone field trips, and become an active member in PTSA.

## School Safety Plan

At Redondo Shores, school safety is the utmost priority. Accordingly, we have developed a school safety plan that encompasses all aspects of school safety. All sites and the district office have completed Emergency Plans aligned with the State Emergency Management System (SEMS). The plans link communication, resources, services, and facilities in an up-to-date plan under the direction of Dr. Erin Simon, Principal and Dr. Erik Elward, Director of Educational Services at the EOC. The Redondo Shores plan is revised at the beginning of each school year and voted by School Site Council.

<b>High-Poverty Schools in District</b>	<b>100%</b>	<b>0%</b>
<b>Low-Poverty Schools in District</b>	<b>100%</b>	<b>0%</b>

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

### Professional Development (School Year 2012-13)

At the beginning of the school year staff, including all teachers and counselor was provided professional development via research on transforming school culture and implementing a professional learning community at Redondo Shores High School (RSHS) in an effort to produce stronger evidence of student achievement, specifically in the area of literacy. Moreover, to improve student achievement, specifically in the area of student literacy, and narrow achievement gap for students at Redondo Shores High School.

As a result of incorporating a PLC at RSHS, staff decided to embed reading and writing across the curriculum. In order for this to come to fruition, the Literacy Task Force, a sub group of the school's PLC met bi-weekly to design a 4-point writing rubric, examine literacy interventions for struggling readers and writers, and create SMART goals.

Additionally, staff meets weekly to discuss student progress and best practices. Twice a month, WASC and curriculum enhancement are discussed and suggestions shared to improve student achievement.

## SCHOOL FINANCES

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2011-12)

The following table displays the school's average teacher salary and a breakdown of the school's expenditures per pupil from unrestricted and restricted sources.

### Types of Services Funded (Fiscal Year 2012-13)

Redondo Shores' categorical funding is used to meet identified needs and goals enumerated in the school's annual plan. The school's goals are to improve attendance, increase graduation rates, improve the social, emotional well being of the whole child and increase the number of students successfully being re-designated as fluent in English. Specific programs to provide incentives for attendance, course completion and demonstrated personal responsibility. Drug diversion and education programs, as well and improved access to technology and online curriculum are also supported through the use of categorical funds.

## Quality, Currency, and Availability of Textbooks and Instructional Materials (2013-14)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials. This information was received and approved by the Board of Education on September 24, 2013.

## Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the [CDE STAR Results Web site](#).

## STUDENT PERFORMANCE

### Standardized Testing and Reporting Results for All Students - Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards). *Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy.*

## California High School Exit Exam (CAHSEE) Results

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CDE [California High School Exit Examination \(CAHSEE\) Web site](#). Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

## California High School Exit Examination Results for All Grade Ten Students - Three-Year Comparison

## ACCOUNTABILITY

### Academic Performance Index (API)

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE [Academic Performance Index \(API\) Web page](#).

### API Ranks - Three-Year Comparison

API Rank	2010-11	2011-12	2012-13
Statewide	B	B	B
Similar Schools	B	B	B

### Academic Performance Index Ranks

The statewide API rank ranges from one (lowest) to ten (highest). The schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of one means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of ten means that the school's academic performance is better than at least 90 of the 100 similar schools.

## Academic Performance Index Growth by Student Group - Three-Year Comparison

Growth by Student Group Three-Year Comparison	Group	Actual API Change		
		2010-11	2011-12	2012-13
This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/D" means that no data were available to the CDE or LEA to report.	All Students at the School	-25	-6	73

### Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

AYP Overall and by Criteria (School Year 2012-13)	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	N/A	Yes
Graduation Rate	Yes	Yes

"Yes" Met 2012 AYP Criteria "No" Did not Meet 2012 AYP Criteria

## Federal Intervention Program (2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

## School Completion and Postsecondary Preparation

**University of California** Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [University of California](#) Web site.

**California State University** Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [California State University](#) Web site.

## Career Technical Education Programs (School Year 2011-12)

This section provides information about the degree to which pupils are prepared to enter the workforce, including a list of career technical education (CTE) programs offered at the school.

Academic success is greatly enhanced by providing a plethora of credit opportunities, including, but not limited to coursework earned at the Southern California Regional Occupational Center and/or work experience. Approximately 15% of Redondo Shores' students participate in the Service Learning Program.

### Career Technical Education Participation (School Year 2012-13)

This table displays information about participation in the school's CTE programs.

Measure	CTE Program Participation
Number of pupils	34
Percent of pupils completing a CTE program and earning a high school diploma	55%
Percent of CTE courses sequenced or articulated between the school and institutions of postsecondary education	10%

### Courses for University of California and/or California State University Admission

This table displays for the most recent year two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in and completion of courses required for UC/CSU admission can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

#### Data and Access

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. For more information about SARC requirements, see the [California Department of Education \(CDE\) SARC Web page](#). For additional information about the school, parents and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012-13 Academic Performance Index Reports Information Guide located on the [CDE API Web page](#).
