Preface

The Decatur City Board of Education is established under authority of state law for the purpose of exercising general supervision and administration of the public schools serving school age children who reside within the city limits of the City of Decatur, and of promoting the interests of the Decatur City Schools and the children they serve. Those responsibilities are met, in part, by the adoption and implementation of formal policies by which the principles that guide decision making are established.

Policies are generally broad statements of principle and purpose, and are intended to serve as a framework for decision making and administrative action rather than as a manual for day-to-day decision making and action. Policies can nevertheless establish specific substantive standards and requirements, including standards of personal and professional conduct, the violation of which may result in disciplinary sanctions or other adverse consequences. However, policies do not restrict the ability of the Board or its employees to respond reasonably and flexibly to unexpected contingencies, emergencies, and other conditions that call for a response that is tailored to unique or special circumstances.

Policies should be construed as a whole and with reference to related policies and applicable law. Although policies are adopted partly for the purpose of meeting the requirements of pertinent law, they do not establish or create a legal right, claim, entitlement, or interest to or in any title, position, assignment, duty, work location, level or rate of compensation, benefit, or term of employment.

Any provision, feature, or aspect of Board policy that does not conform to governing law should be deemed void and superseded by such law. Editorial changes that do not affect the meaning, substance, or application of a policy may be made by the Board without advance public notice and comment. In general, the Board reserves the right to adopt, revise, interpret, amend, repeal, suspend, or apply policies according to its assessment of the needs and interests of the school system, subject only to such limitations on the exercise of such prerogatives as may be imposed by law.

3.5.2 Fund Balances – Fund balances will be reported in governmental funds under the following five categories using the definitions provided by GASB Statement No. 54:

- a. Nonspendable fund balances include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained in-tact. Examples of nonspendable fund balance reserves for which fund balance shall not be available for financing general operating expenditures include: inventories, prepaid items, and long-term receivables.
- b. Restricted fund balances consist of amounts that are subject to externally enforceable legal restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation. Examples of restricted fund balances include: restricted grants.

- c. Committed fund balances consist of amounts that are subject to a purpose constraint imposed by formal action of the Board before the end of the fiscal year and that require the same level of formal action to remove the constraint.
- d. Assigned fund balances consist of amounts that are intended to be used by the school system for specific purposes. The Board authorizes the Superintendent or Chief School Finance Officer to make a determination of the assigned amounts of fund balance. Such assignments may not exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. Assigned fund balances require the same level of authority to remove the constraint.
- e. Unassigned fund balances include all spendable amounts not contained in the other classifications. This portion of the total fund balance in the general fund is available to finance operating expenditures.

3.5.3 Priority – When expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be the policy of the Board to consider restricted amounts to have been reduced first. When an expenditure is incurred for the purposes for which amounts in any of the unrestricted fund balance classifications could be used, it shall be the policy of the Board that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts.

3.5.4 Review and Reporting – The Board of Education along with the Superintendent and Chief School Finance Officer will periodically review all restricted, committed, and assigned fund balances. The Chief School Finance Officer will prepare and submit an annual report of all restricted, committed and assigned funds for the Board of Education.

Inventories will be kept on forms prescribed or approved by the Chief School Financial

Officer. Inventory forms will show items on hand at the beginning of the fiscal year, items lost, items disposed of, items purchased or otherwise added during the year, and items on hand at the end of the fiscal year.

However, employees in the first year of employment with the Board may opt to be paid over thirteen (13) months. Personnel will be paid in accordance with customary payroll procedures, which may be modified from time to time as the

needs of the system require. No employee is entitled to compensation except for work performed by the employee in accordance with an approved contract or the applicable terms of appointment. Compensation may be withheld pending the employee's timely, accurate, and complete submission of all required records, data, and reports.

- 3.10.4 Salary Deductions – Mandatory salary deductions will be made in accordance with applicable law. Employees are required to complete and submit all forms and provide such information as may be required or reasonably required for such purpose. The Board will make voluntary salary deductions upon written request of the individual employee as permitted by law.

Such membership lists will be corrected, updated, and returned to the organization no later than November 10 of each school year. No more than two hundred forty (240) hours of compensatory time may be accumulated. The Board reserves the right to require an employee to

3.20 *OMB Part 200*

3.20.1 Cash Management for Federal Funds –The Board will minimize the time between the receipt of federal funds from the United States Treasury, the Alabama Department of Education, or other pass-through entity, and the disbursement of those federal funds. Federal funds will only be requested to meet immediate cash needs for reimbursement not covered by prior receipts and anticipated disbursements that are generally fixed, such as monthly program salaries and benefits.

The Chief School Financial Officer will maintain financial records that account for the receipt, obligation, and expenditure of each federal program fund. Cash balances for each federal program fund and for the aggregate of all federal program funds will be monitored by the Chief School Financial Officer or designee.

Board procedures to minimize the cash balances in federal program funds are expected to prevent the aggregate cash balances of federal program funds from earning \$500 or more for the fiscal year if maintained in interest-bearing accounts. The federal program funds, with the exception of Child Nutrition Program funds, will not be maintained in an interest-bearing bank account if the Chief Financial Officer determines that banking requirements for minimum or average balances are so high that an interest-bearing account would not be feasible. Federal program funds will be maintained in insured checking accounts that are subject to the state requirements for public deposits under the SAFE program.

3.20.2 Determination of Allowable Costs –

- a. Before instituting a financial transaction that will require the expedition of federal funds the federal program director and the Chief School Financial Officer or designee will determine that the proposed transaction meets the requirements for allowable costs for the federal program.  2. The proposed expenditure is reasonable and necessary for the federal program;
 3. The proposed expenditure is consistent with procedures for financial transactions of the board including:
 - A. Purchase order approval procedures;

The board’s travel policy provides for reimbursement and payments for travel costs of employees paid from federal funds that is consistent with the travel costs for board employees paid from state or local funds.

3.20.4 Conflict of Interest Policy – Generally, a conflict of interest exists when a board member, board employee, or agent of the board participates in a matter that is likely to have a direct effect on his or her personal and financial interests. A financial interest may include, but not limited to, stock ownership, partnership, trustee relationship, employment, potential employment, or a business relationship with an applicant, vendor, or entity. A board member, board employee, or agent of the board may not participate in his or her official capacity in a matter that is likely to have a direct and predictable effect on his or her financial interests.

A board member, board employee, or agent of the board will abide by the Federal and state laws and regulations that address conflict of interest standards. In general, the Federal rules provide that:

*Decatur City Board of Education
Policy Manual*

No employee, officer, or agent of the board shall participate in selection, or in the award or administration of a contract supported by Federal funds if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs, or is about to employ any of the parties indicated herein, has a financial or other interest in a tangible personal benefit from the firm considered for a contract. The board's officers, employees, or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subcontractors.

The board's conflict of interest policies include adherence to the Alabama Ethics Law, as it may be amended from time to time, which defines conflict of interest as:

A conflict on the part of a public official or public employee between his or her private interests and the official responsibilities inherent in an office of public trust. A conflict of interest involves any action, inaction, or decision by a public official or public employee in the discharge of his or her official duties which would materially affect his or her financial interest or those of his or her family members or any business with which the person is associated in a manner different from the manner it affects the other members of the class to which he or she belongs.

A board member, board employee, or agent of the board may not review applications, proposals, or participate in the evaluation or selection process where his or her participation in the review process would create the appearance that he or she is: (a) giving preferential treatment; (b) losing independence and impartiality; (c) making decisions outside official and appropriate channels; or (d) harming the public's confidence in the integrity of the board.

Situations and circumstances presenting an actual conflict of interest or the appearance of a conflict of interest should be brought to the immediate attention of the Superintendent. A board employee, board members, or agent of the board who has knowledge of a possible conflict of interest should identify the conflict and notify the Superintendent. The Superintendent will document his or her actions related to the reported conflict of interest. Resolution can consist of disqualification, recusal, waiver, or other appropriate measures. Appropriate measures may include reporting a conflict of interest to the State Ethics Commission, the Alabama State Board of Education, or the appropriate federal agency.

- 3.20.5 Procurement Policy – The board will follow state laws for the procurement of property and services. The primary state procurement laws for Alabama school board are: Alabama Competitive Bid Laws (Chapter 13B of Title 16, Code of Alabama 1975); Joint Information Technology Purchasing Agreement (Chapter 13B of Title 16, Code of Alabama 1975); and Public Works Law (Title 39, Code of Alabama 1975).

To the extent allowed by state laws, the board will utilize state, local, regional, and national purchasing agreements where appropriate for the procurement or use of goods and services. All procurement transactions are subject to the board's Conflict of Interest Policy and the procurement decisions of the board will:

- a. Avoid acquisition of unnecessary or duplicative goods and services;
- b. Use the most economical and efficient approach for acquisitions;
- c. Award acquisitions contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement;
- d. Consider contractor integrity, compliance with public policy, record of past performance, and financial and technical resources prior to awarding procurement contracts;
- e. Maintain records sufficient to document the history of the procurement; and,
- f. Conduct procurement transactions in a manner that provides full and open competition.

Procurement transactions for federal programs and child nutrition programs that are not subject to the state procurement laws, but exceed the aggregate amount of the federal micro-purchase threshold, will be obtained by utilizing price or rate quotes from two or more qualified sources. State procurement laws include requirements that comply with the other Uniform Administrative Requirements for procurement of property and services.

The board will request proposals for those professional service contracts (excluding architectural and engineering services) that are exempt under state procurement laws if the contracts exceed \$150,000 and will be paid from federal or child nutrition program funds. The board will utilize a team of three or more qualified individuals to conduct a technical evaluation of proposals received and for selecting recipients. As a part of the evaluation, the individuals on the evaluation team will sign an assurance that each of the individuals is in compliance with the board's conflict of interest policy.

4.4 *Use of Board Property*

- 4.4.1 Equipment, Supplies, Materials, Vehicles – Equipment, supplies, materials, vehicles, and other movable or consumable property owned by or under lease to the Board may not be used by or made available to persons or entities for private or personal use, benefit, or consumption, or for any non-Board related use or purpose. Such property may not be removed from Board premises except as necessary to serve a school or Board-related function or purpose, and with the knowledge and approval of the appropriate supervisor, administrator, or the Superintendent.

- 4.4.2 Use of Board Facilities – Schools and other Board owned or controlled facilities may be made available for use by sanctioned or generally recognized school support organizations if the use of the facility will not disrupt school operations or be inconsistent with the purpose and mission of the school system, and if adequate advance provision is made for security, supervision, maintenance, damage prevention, post-event clean-up, liability insurance, and other risk management measures appropriate to the proposed use. Use of Board facilities for non-school organizations may be approved if the foregoing conditions are satisfied and a rental contract (or the equivalent thereof) that includes a reasonable fee or rental charge and other appropriate terms and conditions is approved by the Board.
- 4.4.3 Limited Open Forum – The Equal Access Act requires that public secondary schools grant equal access to a student group wishing to meet for religious, political, or philosophical purposes, if the school allows other types of non-curriculum related student groups to meet on school premises during noninstructional time. Non-curriculum related student organizations shall have the same opportunity to use school facilities as any other student organization, regardless of religious, political, philosophical, or other content of the speech at such meetings, subject to the right and obligation of the Board to maintain order and discipline on school premises, to protect the well-being of students and faculty, and to assure that students attending these meetings are doing so voluntarily.

The principal of the school may approve use of the school facility by a noncurriculum related student organization provided that:

1. The meeting occurs during non-instructional time and is attended by a school employee who shall provide general supervision.
2. The meeting is voluntary and student-initiated. Only students enrolled in the school may request the meeting.
3. The meeting is not sponsored by the school, the Board, or employees thereof.
4. The presence of school authorities or Board employees at any religious meeting is non-participatory in nature. The presence of school employees is for observation only.
5. The meeting does not interfere with regular instructional activities of the school.
6. The meeting shall not be directed, conducted, controlled, or regularly attended by non-school persons.
7. The non-curriculum related student group shall not use the school name, school mascot name, or any name that might imply school sponsorship.

No school employee shall be compelled to attend a meeting of any student organization if the content of the speech at such meeting is contrary to the beliefs of the employee. Any student organization seeking to meet on school property during noninstructional time shall submit a written application to the school principal.

- 4.4.4 Advertising – Board property will not be used for commercial advertising except upon such terms and conditions as may be expressly approved by the Superintendent.

4.5 *Naming Board Facilities*

At the discretion of the Board, schools, buildings, and facilities may be named or renamed to commemorate individuals, whether living or deceased, who have made outstanding contributions to society. If a school, building, or facility is named or renamed for a living individual, that individual must be at least 60 years old, and must not have been an elected official in the State of Alabama or an employee of the school system **for at least five years**.

When a school facility, building, or special area therein is to be named or renamed, the Superintendent will appoint a committee to recommend a name. The committee will include the Superintendent or his or her designee as chair, at least one building-level administrator, two teachers, and at least three members from the community. Citizens, members of the Board, school personnel, and students may submit names for consideration by the committee.

In selecting a name, special consideration will be given to those names that will have relevance to the community as well as to the facility.

Only the Board has the authority to name properties owned by the Board in accordance with the procedures set forth. Furthermore, the action of the Board to name or rename such properties must be pursuant to a recommendation from the Superintendent and a unanimous Board vote.

4.6 *Complaints and Grievances*

- 4.6.1 General Complaints (Grievances) – Subject to the limitations set forth below and elsewhere in this policy manual, any employee or member of the public may present to the Board a concern, complaint, grievance, or request for corrective action regarding any aspect of school system operations. Before requesting corrective action or relief from the Superintendent or the Board, persons with such complaints, grievances, or requests should present them for resolution to the employee, supervisor, or administrator at the lowest administrative level who has the authority and ability to address the problem or to implement the requested action. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of complaints and grievances. Such procedures may not unreasonably burden or delay the presentation or

processing of such matters, and will be subject to Board review, modification, and approval.

- 4.6.2 Limitations Regarding Availability and Application of General Complaint/Grievance Policy – The general complaint/grievance policy and any procedures adopted thereunder do not apply to specific complaint or grievance policies and procedures that are established by Board policy or law for application to special factual or legal circumstances (e.g., sexual harassment grievance procedures; review of personnel matters under the Students First Act; “due process” hearings provided under the Individuals with Disabilities Education Act). In such instances, the specific statutory, regulatory, or policy-based process is the applicable procedure. The general complaint/grievance procedures that are authorized under the terms of this policy may not be invoked for the purpose of challenging or seeking review or reconsideration of adverse personnel decisions that have received final Board approval. A grievance may be based on an alleged misapplication of Board policies, regulations, or procedures, but may not be used to challenge the Board’s exercise of its discretion to adopt, approve, modify, or repeal a policy, regulation, or procedure or on its failure to exercise such discretion (e.g., adoption of a school calendar, compensation policies, etc.).
- 4.6.3 Student Complaints and Grievances –The general complaint/grievance policy (and any procedures) do not apply to student complaints and grievances. Student complaints and grievances including, but not limited to, disciplinary matters will be handled in accordance with the Code of Conduct, as the Board of Education does not handle discipline appeals.
- 4.6.4 Public Complaints – Nothing in this policy shall be construed to deny any member of the public the right to petition the Board for consideration or action regarding any matter of public concern falling within the statutory jurisdiction of the Board, provided that the person can demonstrate that he or she is impacted by the alleged violation to a greater extent than the impact on the public at large.
- 4.6.5 Americans with Disabilities Act Complaint Procedure
- a. *Complaint Criteria* – Persons who believe that they have been discriminated against on the basis of disability in the provision of services, activities, programs, or benefits covered by Title II of the Americans with Disabilities Act may file a written complaint with the ADA Coordinator.
 - b. *Complaint Form* – The complaint should be in writing and contain information about the alleged discrimination including the name, address, phone number of complaining party and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request.
 - c. *Complaint Process* – The complaint should be submitted to the ADA Coordinator as soon as possible, but no later than thirty (30) days after the

alleged violation. The ADA Coordinator will meet with the complaining party to discuss the complaint and possible resolutions. Within fifteen (15) calendar days of the meeting, the ADA Coordinator will respond in writing, and where appropriate, in a format accessible to the complaining party, such as large print, Braille, or audio tape. The response will explain the position of the Board and offer options for substantive resolution of the complaint.

- d. *Appeal Procedure* – If the response by the ADA Coordinator does not satisfactorily resolve the issue, the complaining party may appeal the decision within fifteen (15) calendar days after receipt of the response to the Superintendent. Within fifteen (15) calendar days, the Superintendent will respond in writing, and where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.
- e. *Records Retention* – All written complaints received by the ADA Coordinator, appeals to the Superintendent, and records relating thereto will be retained by the Board for at least three (3) years.
- f. *Additional Procedures Authorized* – The Superintendent is authorized to develop such procedures as are necessary to implement this policy. Additionally, the Superintendent shall publish the name and contact information of the ADA coordinator annually in such publication as appropriate.

4.7 Risk Management

The Board may obtain such liability and other forms of insurance or enter into such risk management agreements, pools, cooperatives, and like arrangements, agreements, or undertakings as it deems necessary and appropriate to meet legal requirements or to protect the Board, its employees, or its property from risk of loss.

4.8 Use of Private Vehicles

The Board encourages the use of state inspected vehicles in transporting students to school related activities. However, students may be transported in private vehicles to curricular or extracurricular activities in accordance with the following provisions:

- a. The principal of each school has a signed permission slip from the parent/guardian of the student giving permission for the student to be transported to events in private vehicles.
- b. The driver of any private vehicle furnishes to the principal verification of appropriate insurance coverage on the vehicle to be used. The minimum acceptable coverage shall be \$100,000 per person for bodily injury with an aggregate bodily injury limit of \$300,000, a \$100,000 limit for property damage,

\$2,000 per person for medical payments, and \$20,000 per person for uninsured motorist coverage.

- c. No elementary school student or any student under five (5) feet in height shall be allowed to ride in the front seat of a private vehicle.
- d. The Superintendent shall purchase motor vehicle liability insurance for bus drivers or any other employee who is required to transport pupils, which insurance shall cover personal liabilities of bus drivers and such other employees arising from moving motor vehicular accidents. This requirement may be satisfied by purchasing a liability insurance policy which names bus drivers and other employees who may be engaged in transporting pupils as insureds or by reimbursing individual employees for any additional cost incurred by them in adding 'drive other car broad form liability' riders or coverage to their individual vehicle liability insurance policies. The coverage provided by the policies acquired by the Board shall be no less than the limits specified in Section b. above.

4.9 *Emergency Closing of Schools*

- 4.9.1 Authority of Superintendent to Close Schools – The Superintendent or his or her designee is authorized to close schools if such action is warranted by weather conditions or other circumstances that pose a risk to the safety and welfare of students and employees, or that render meaningful instruction impossible (e.g., loss of power or other utility services).
- 4.9.2 Make-Up Dates – To the extent not provided for in the school calendar, any days or required instructional hours lost by reasons of an emergency closing will be made up and a revised school calendar approved, if necessary, to reflect any extension or adjustment of the school year required by such action, unless approval to waive the days or required instructional hours is obtained in accordance with state law.

4.10 *Internet Safety and Use of Technology*

- 4.10.1 Access to Technology Resources – The Board permits restricted and conditional access to and use of its technology resources, including but not limited to computers, the “Internet,” network storage areas, and electronic mail. Such access and use is restricted to employees, students, and other persons who are engaged in *bona fide* educational and administrative activities that serve and are consistent with identified educational objectives or authorized support functions, and who, by signing an “Acceptable Use and Internet Safety Agreement,” agree to abide by all Board policies, rules, and regulations regarding technology use. The Acceptable Use Agreement will be developed by the Superintendent for approval by the Board.
- 4.10.2 Restriction or Loss of Technology Privileges – Persons who violate any Board policy, rule, or regulation regarding technology use may be denied use of the

Board's technology resources and may be subject to additional disciplinary action.

4.10.3 Ownership of Technology Resources and Data – All technology resources, including network and Internet resources, e-mail systems, and computers or other access devices owned, leased, or maintained by the Board are the sole property of the Board. Board personnel may, at any time and without prior notice, access, search, examine, inspect, collect, or retrieve information of any kind from the Board's technology resources, including computer or related equipment, files, and data, to determine if a user is in violation of any of the Board's policies, rules, and regulations regarding access to and use of technology resources, for or in connection with any other matter or reason related to the safe and efficient operation or administration of the school system, or for any other reason not prohibited by law. Users of school system technology resources have no personal right of privacy or confidentiality with respect to the use or content of such resources.

4.10.4 Adoption of Rules and Regulations – The Superintendent is authorized to develop for Board approval additional or more specific rules and regulations regarding access to and use of its technology resources and to require adherence to such rules and regulations through such means as the "Acceptable Use Agreement" and application of appropriate disciplinary policies and procedures. Such rules and regulations will address or provide:

- a. Measures to block or filter Internet access to pictures that are obscene, that constitute child pornography, or that are harmful to minors;
- b. Restriction of access by minors to inappropriate material on the Internet;
- c. The safety and security of minors when they are using electronic mail, chat rooms, and other forms of direct electronic communications;
- d. Prevention of "hacking" and other forms of unauthorized use of or access to computer or Internet files, sites, databases or equipment; and
- e. Unauthorized disclosure, use, and dissemination of personal information regarding minors;
- f. Restriction of minors' access to harmful material; and
- g. Educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

4.10.5 Disclaimer – The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Board's technology resources will be error-free or without defect. The Board will not be

responsible for any damage users may suffer, including but not limited to loss of data or interruption of service.

[Reference: 47 U.S.C. §254(h) and (l)]

4.11 *Data Governance and Use*

The Superintendent is authorized to establish, implement, and maintain procedures governing the quality, security, storage, use, and sharing of data maintained digitally by the school system. Procedures to be established shall comply with applicable state and federal law and shall include establishing a data governance committee to define security classifications, implement procedural and electronic security controls, and maintain records regarding security access that shall include physical security and access. Nothing in this policy or in any procedures authorized hereunder creates or expands any entitlement to confidentiality of records beyond that which is established by law or specific Board policy.

This data governance and use policy and all procedures and measures established hereunder will apply to Board employees, contracted workers, school resource officers, and all Board operations. Any unauthorized access, use, transfer, or distribution of Board data by any employee, student, or other individual, may result in disciplinary action that may include a recommendation for termination, expulsion, and/or other legal action.

4.12 *Political Activity*

Board employees may participate in political activities to the full extent permitted by the United States Constitution and federal and state laws securing the right to engage in such activities, subject to the following restrictions:

- a. Employees may not appropriate Board property or resources for use in political campaigns, and may not engage in partisan political activities (including but not limited to the distribution of campaign material or literature) during regular school or duty hours or at Board sponsored or sanctioned events, functions, or at activities at which the employee is on duty or assigned official responsibilities;
- b. Employees may not represent their political beliefs or positions on political matters to be those of the Board or other Board officials, or to falsely assert or imply that their political activities or positions are endorsed by or undertaken in the name of the Board or other Board officials;
- c. Candidates and representatives of candidates for political office may not be invited or allowed to address student groups except when such candidates are participating in a forum or like format that is designed to provide all candidates the opportunity to participate. Such forums may be conducted only for appropriate age groups, and with the advance approval of the school principal and the Superintendent; and
- d. Political signs may not be placed on schools or school board property. Campaign literature and other material may not be distributed on Board property during the

regular school or work day. Campaign literature and other material may be distributed at Board sponsored events or activities that are open to the general public if the distribution does not impede the normal and safe movement of pedestrian or vehicular traffic, does not create any other safety hazard or risk, and does not disturb or disrupt the function, activity, or event.

4.13 *Automatic External Defibrillator (AED)*

The Superintendent is authorized to develop procedures regarding the use of AEDs.

V. Personnel

5.1 *Employee Qualifications and Duties*

- 5.1.1 General Requirements – Employees have a duty to perform their jobs responsibly and in a conscientious manner. In addition to any specific job requirements set forth in job descriptions or elsewhere, employees are expected to meet the following general performance and service standards:
- a. Employees are required to be punctual and to attend work regularly.

 - c. Employees are expected to treat all students, co-employees, visitors, and guests of the Board with respect. Employees are expected to demonstrate moderation, restraint, and civility in their dealings with others and, in general, to serve as appropriate role models for students in their behavior and demeanor.
 - d. Employees are required to obey all laws, ordinances, Board policies, and supervisory directives, and are expected to follow the Alabama Educator Code of Ethics and other pertinent authority while carrying out duties for the Board.
 - e. Employees whose duties include the instruction or supervision of students must provide effective supervision, discipline, organization, and instruction of the students.
 - f. Employees must complete and submit required reports accurately and in a timely fashion.
 - g. Employees must respect, protect, and exercise due care in the handling, use, and operation of Board property and equipment.
 - h. Employees shall at all times maintain appropriate, “professional” distance from students and shall not engage in conduct (including communication of any kind) that constitutes, solicits, or suggests sexual, romantic, or inappropriately familiar interaction with students.
 - i. *Employee Attire* – Employees are required to report to work or to school functions in attire that is appropriate to their position and the nature of the function and that is in keeping with generally accepted standards of

decorum and professionalism. Service and other employees who are issued uniforms shall wear uniforms when required.

- j. Employees shall promptly disclose to the Board any fact that would disqualify them from employment or that renders them unable to perform their essential job functions.
- k. To permit an informed evaluation of the circumstances and in order to protect the school system and the students it serves, employees are required to report to the Superintendent, in writing, by telephone, or in person, within seventy-two (72) hours, any of the following:
 - 1. A felony charge, indictment, complaint, conviction, or plea agreement; or

5.1.2 Special Requirements

- a. *Work Schedules (Teachers)* – Except as may otherwise be provided or required by the Board, the minimum instructional day for teachers is seven (7) hours. Supervisory and instructional duties of teachers commence a minimum of fifteen (15) minutes prior to the actual arrival and conclude fifteen (15) minutes after the departure of students. Assignments and duties may extend beyond the instructional day and may include off-campus functions, events, and activities; conferences and meetings with parents; supervision of student arrival and departure; and preparation for the following instructional day. Teachers will be provided a minimum of thirty (30) minutes free of instructional and supervisory responsibilities each instructional day.
- b. *Work Schedules (Support Personnel)* – The Superintendent is authorized to establish work schedules, including minimum work times, for support personnel.

5.1.3 Certification Requirements

- a. *Professional Certification* – In addition to requirements established by the State Board of Education and the pertinent job description, professional employees must hold a degree from an accredited college or university and hold a current, valid, and properly endorsed Alabama Teacher's Certificate or as documented by the State Department of Education, which will be maintained in the Superintendent's office. A teacher who has completed the certification process but has not received the certificate may be employed on tentative or temporary compensation pending verification

of certification from the State Department of Education. If a teacher earns a higher certificate/degree that merits increased compensation under the approved salary schedule, any salary increase will become effective upon the receipt of documentation of an official transcript from the conferring institution and documentation of the new certification/higher degree from the State Department of Education.

- b. *Instructional Aides/Paraprofessionals*–Instructional Aides/Paraprofessionals must, at a minimum, possess (i) a high school diploma or its equivalent; (ii) a two year diploma from a college or university (or the equivalent hours) or pass the Work Keys Assessment.

5.2 Hiring

- 5.2.1 Application Procedures – Job applicants for all positions must file a formal application with the Human Resources Department of the Board through the use of Search Soft. Applications must be completed in full. All information provided in the application must be truthful. Any misrepresentation of a material fact on an employment application may disqualify the applicant from consideration for the position and may subject an employee to adverse employment action, including termination.
- 5.2.2 Qualifications – Applicants must meet the minimum qualifications of the position as provided in Board policy, the job description for the position, the posted advertisement for the position, or as may otherwise be established by the Board, applicable law, or regulation. Applicants must hold such degrees, licenses, certificates, and like credentials as may be necessary, appropriate, or customary for the position in question.
- 5.2.3 Hiring Authority – The Board is responsible for making all final hiring decisions, and no hiring decision is official, final, or effective unless and until it is approved by a vote of the Board. No principal, administrator, supervisor, or other employee has authority to hire an applicant without Board approval or to commit the Board to specific action regarding employment.

5.2.4 At-Will Employment – Except as may otherwise be provided or required by law, by contract, or by the specific terms of their appointment, all personnel are deemed “at-will” employees and may be terminated, demoted, reassigned, suspended, or disciplined with or without pay, or with reduced pay, and with or without cause.

5.2.5 Nepotism

- a. *Supervisory Relationships* – Employment decisions and relationships that violate any provision of Alabama law, including state ethics and nepotism laws, are prohibited. The Superintendent is authorized to take action to identify and correct violations of the policy in a manner consistent with applicable law.
- b. *Employment of Family Members* – Board members, administrators, or supervisors may not use their positions to directly or indirectly seek or secure the employment of any family member as defined in the Alabama Ethics Law.
- c. *Selection of Impartial Person* – When law or policy mandates the recusal of a board member, official, or employee (“disqualified official”) from involvement in a decision involving the employment or possible employment of a relative or other person and permits or requires an objective, neutral, or impartial person (“the surrogate official”) to exercise some or all of the functions of the disqualified official with respect to the decision or action in question, the surrogate official shall be deemed objective, neutral or impartial if he or she:
 1. Is not related by blood or marriage to the disqualified official or the person whose employment status is at issue, or of any applicant in a multi-member field of persons under consideration for employment or advancement;
 2. Does not work under the direct or indirect supervision of the disqualified official, of any person who selects the surrogate official, of any person whose employment status could be affect by the action or decision at issue;
 3. Has no personal or financial connection to the disqualified official, to any person whose employment status could be affected by the action or decision at issue, to any other person involved or affected by the action or decision at issue in a way that would call into question the surrogate official’s objectivity, neutrality, or impartiality; and
 4. By education, training, and experience has a sufficient understanding of the employment qualifications and other factors

and considerations that bear upon the action or decision at issue to make an informed report and recommendation to the Board.

After considering any report or recommendation that may be made by the surrogate official, the Board may approve such recommendation or remand the matter in question for a different recommendation.

[Reference: ALA. CODE §16-22-15.1]

5.3 *Probationary Employment*

Employees are required to serve the maximum period of any probationary service provided or permitted by law before tenure, non-probationary status, or any other statutorily sanctioned form of employment security will be recognized by the Board.

5.4 *Non-Teaching Supplemental Duties*

Compensation in the form of supplements may be paid for noninstructional supplemental duties in accordance with rates specified or established for such duties in the Board's official salary schedule. Such duties include coaching and sponsorship of athletic support organizations (e.g., cheerleaders, flag teams, drill teams) as well as scholastic support activities (e.g., yearbook, service clubs, academic honoraries). Such supplemental duties are considered additional nonteaching assignments to be made and approved on an annual basis or otherwise as the needs of the school require. Such supplemental duties are not considered to be a part of a teaching contract or appointment, and no tenure, continuing service status, non-probationary status, or contractual right to continued employment or compensation for such supplemental assignment will be recognized or implied in the absence of a separate written contract of employment providing for such rights.

5.5 *Professional Development*

The Superintendent will develop and implement an ongoing program of professional training and development that is designed to enhance the competencies of professional and support staff. Employee attendance and participation in such training institutes, workshops, seminars, and programs may be made mandatory by the Superintendent. The unexcused failure of an employee to attend or participate in such professional development activities may constitute grounds for termination of employment or other disciplinary action.

5.6 *Employee Conflicts of Interest*

Employees may not use their offices or positions for personal gain and must adhere to applicable provisions of the Alabama Ethics Law. Employees may only engage in outside employment under the following terms and conditions:

- a. Employees will not engage in outside business activities or render any service for another employer during such time as duties and responsibilities have been assigned by the Board;

- b. Employees will not accept outside employment that would interfere with or impair the ability of the employee to perform duties as a Board employee effectively;
- c. Employees may not accept work that could compromise the employee's independent judgment in the exercise of duties for the Board;
- d. Employees may not use or disclose confidential information acquired through Board employment for their personal gain or for the benefit of a third party.

5.7 *Employee Gifts*

Employees may accept gifts from students or other members of the public if the gifts are in accordance with the Alabama Ethics law and any other applicable law.

Pursuant to the Alabama Ethics law, board employees cannot solicit a gift of any kind from

- a lobbyist;
- the employee's subordinate;
- any person that the employee directly inspects, regulates, or supervises in their official capacity (e.g. a student in a teacher's class or an employee that person evaluates).

Furthermore, board employees cannot solicit or receive a gift that is considered to be a "thing of value" under the Ethics law from:

- a lobbyist;
- a subordinate of a lobbyist; or
- a principal (defined by the Ethics law as a person or business which employs, hires or otherwise retains a lobbyist).

In addition, employees cannot through some act use their position to obtain a gift (e.g. initiate the idea of gift giving) or solicit or receive any gift that is given to them for the purpose of corruptly influencing an official action or in exchange for any action, inaction or decision (e.g., better test grades, promotion, positive recommendation, etc.).

Subject to the restrictions outlined above, employees may accept gifts or gift cards purchased from pooled donations within a class, team, or other school group or organization for the employee's personal use. Absent additional facts indicating otherwise, gifts with a value of twenty-five dollars (\$25.00) or less are presumed not to be a violation of the law by the Ethics Commission as such gifts do not qualify as personal gain and are presumed not to be given for the purpose of influencing official action. The Board encourages persons that coordinate pooled donations to request donations in an amount of twenty-five dollars (\$25.00) or less in order to safeguard against such donations violating the Ethics law or being financially burdensome.

Nothing in this policy should be construed to create restrictions on gifts beyond those that are specifically provided for by law or to allow conduct specifically prohibited by law. Any person with a question about the application of the Ethics law to a particular gift should contact the Ethics Commission for clarification.

5.8 *Employee Evaluations*

- 5.8.1 Certified Personnel – Certified employees (other than contract principals) will be evaluated in accordance with an evaluation program approved for use by the Alabama State Board of Education. Contract principals will be evaluated in accordance with rules, regulations, and requirements promulgated by the State Department of Education or as may otherwise be permitted by law.
- 5.8.2 Non-Certified Personnel – Non-certified personnel may be evaluated in accordance with criteria and procedures to be developed by the Superintendent.
- 5.8.3 Use of Evaluations in Connection with Employment Decisions – Unless prohibited by law (including applicable regulations) or the terms of the evaluation instrument, employment evaluations may be considered in making employment decisions, together with such other information and considerations as may reasonably bear upon the wisdom, necessity, or advisability of the employment decision. However, employment evaluations are intended to enhance the overall quality of the school system’s instructional program and are not intended to confer, constitute, or give rise to any individual right, entitlement, or enforceable expectation of continued employment or advancement. Accordingly, except as may be specifically provided otherwise in state law applicable to “contract principals,” employees do not acquire any employment right or right of legal action based on any actual or alleged failure on the part of the Board or the evaluator to follow specific evaluation policies, regulations, or procedures.
- 5.8.4 Special Evaluation Situations – The Superintendent, the Chief School Financial Officer, and other employees who serve in positions of special trust or sensitivity may be evaluated by such means as may be permitted by law or applicable regulation or as agreed to in an employment contract
- 5.8.5 Exempt Personnel – Except when required by law or contract, temporary, substitute, and occasional employees, or employees appointed to supplemental positions (e.g., coaches, extracurricular activity sponsors) will not be formally evaluated in those roles.

5.9 Personnel Records

- 5.9.1 Content of Personnel Files – A central personnel file will be maintained for all regular employees. The personnel file may contain information regarding the employee’s current assignment, payroll status, and work history, including but not limited to job qualifications, certification, licenses, employment contract(s), evaluation data, disciplinary information, and such other documents, written materials, and data as may be reasonably deemed necessary and appropriate by the Board for sound and efficient personnel administration. Anonymous material and other matters that are prohibited by law, regulation, or Board policy from being maintained in personnel files may not be included therein. Employees may reasonably supplement or respond in writing to any material contained in the personnel file with which they disagree and such responses will also be included in the personnel file.
- 5.9.2 Alternate Data Storage – Personnel file data may be stored or maintained electronically or digitally.
- 5.9.3 Confidentiality – In general, the contents of an employee’s personnel file will be deemed confidential except for documents, information, and materials that are matters of public information or public record under applicable state or federal law.
- 5.9.4 Access to Personnel Files – Board members, the Superintendent, supervisory staff, employees of the Human Resources Department, and other persons whose duties reasonably require access to personnel files are authorized to view, copy, and use the contents of personnel files for purposes that are required by or in keeping with their official duties on behalf of the Board.

5.10 Employee Leave

- 5.10.1 Work Attendance an Essential Job Function – Punctual, regular attendance is an essential job function of every job and position, and employees are expected to report to work when scheduled to work and to remain at work each working day.
- 5.10.2 Absences – Except as otherwise authorized under Board policy, employees may be absent from work only in the following circumstances:
- a. Illness, injury or other qualifying reason for sick leave or on-the-job injury leave under state law or the Family Medical Leave Act;
 - b. Personal leave;
 - c. Vacation leave;
 - d. Professional leave;
 - e. Military leave;

- f. Court leave;
- g. Other unpaid leave that is specifically approved by the Board upon a showing of substantial hardship or extraordinary circumstances.

Employees who know in advance that they will be absent from work must notify the Board of the expected absence in accordance with procedures specified by the Superintendent or the Board. In the event of an emergency or incapacity that makes advance notice impractical, employees must notify the Board of their absence as early as possible. Except as otherwise provided or permitted, an employee who is absent from work without approved leave will be considered absent without leave in violation of Board policy and subject to appropriate disciplinary measures. Employees who are approved for paid leave or absences will be paid at the regular daily rate of pay; however, a day of paid leave or absence will not be counted as a day worked for the purposes of computing overtime under the Fair Labor Standards Act. Pay will be reduced on a *pro rata* basis for leaves or absences not covered by sick, vacation, personal, or other appropriate form of paid leave. The continuation of benefits during an approved absence is subject to the provisions of the particular benefit policy or plan.

5.10.3 Paid Sick Leave

- a. *Persons Eligible for Paid Sick Leave* – All regular full time employees are eligible for paid sick leave.
- b. *Earning and Accumulation of Paid Sick Leave* – All eligible employees earn sick leave days at the rate provided for in state law. Nine or ten month employees who work during summer school earn one sick day for the entire summer session. Eligible employees may accumulate sick leave as provided by state law.
- c. *Use of Sick Leave* – Eligible employees may only use paid sick leave for absences caused by the following:
 - 1. Personal illness;
 - 2. Incapacitating personal injury;
 - 3. Attendance upon an ill member of the employee’s immediate family, defined as a spouse, parent, child, sibling or any person with a close personal tie;
 - 4. Death of a family member, including a spouse, parent, child, sibling, mother or father-in-law, son or daughter-in-law, brother or sister-in-law, nephew or niece, grandparent, grandchild, aunt or uncle;

5. Death or care of an individual with whom unusually strong personal ties exist because of a relationship other than those listed above.

d. *Certification* – Employees must certify that sick leave was used for one of the reasons provided in state law and specify the reason. If the employee’s principal or department head has probable cause to believe that an employee has abused or misused sick leave, a physician’s statement verifying the existence and nature of the illness or medical condition may be required by the Board. Abuse of sick leave may subject the employee to disciplinary action.

5.10.4 On-The-Job Injury Leave – On-the-job injury includes an accident or injury to an employee that occurs in the course of performing job duties for the Board or when the employee is directed or requested by the employer to be on the property of employer and which prevents the employee from working or returning to the job. Employees who are accidentally injured on the job may be approved for paid “on-the-job injury” leave without using sick days, provided that:

- a. The employee submits a signed written account of the accident attested by a principal or department head within twenty-four (24) hours after the injury occurred. If the injured employee is not able to notify the Board, another person reasonably knowledgeable about the employee’s condition and circumstances leading to the injury may provide the required notification.
- b. The injured employee submits written medical certification from the attending licensed physician stating that the employee was injured and cannot return to work due to a specified injury, if there is a reasonable expectation that the employee will return to work and, if so, the expected date of that return. The Board may require a second opinion from a Board specified physician, at its expense.

Upon a determination that the employee has been injured on the job and cannot return to work, the Board may maintain the employee’s salary and benefits for the period of incapacity caused by the injury, not to exceed ninety (90) days. An employee who is injured on the job may file a request for unreimbursed medical expenses and costs with the State Board of Adjustment. The Board will provide such reasonable assistance to the employee in filing the Board of Adjustment claim as is required by law, but assumes and will have no responsibility or liability for processing the claim or directly reimbursing the employee any unreimbursed medical expenses and costs. On-the-job injury leave will be administered in accordance with and subject to the requirements and limitations imposed by state law regarding such leave.

5.10.5 Personal Leave –

Certified Personnel – The Board shall grant certified personnel five (5) days of non-cumulative personal leave each year during the time school is in session. State-funded personal leave is earned at the rate of one day per semester, and the Board will pay for the substitutes. In addition, the Board will pay for substitutes for certified employees to take personal leave days according to the following schedule based on years of service in the Decatur City School System:

Years of Service	Days Paid by Board	Days Paid by Employee
0-5	2	3
6-10	3	2
11-15	4	1
16+	5	0

The remaining personal leave days may be taken with the daily leave rate for certified employees funded by the State being deducted from the employee’s salary, whether or not a substitute is required.

For personal leave days not used, employees may receive compensation at the highest daily rate paid to substitute teachers.

Non-Certified Personnel – The Board shall grant five (5) days of non-cumulative personal leave each year for non-certified personnel who work 20 or more hours per week. Personal leave shall run concurrent with the regularly scheduled work year.

State-funded personal leave is earned at the rate of one day per semester, and the Board will pay for the substitutes. In addition, the Board will pay for substitutes for non-certified employees to take personal leave days according to the following schedule based on years of service in the Decatur City School System:

Years of Service	Days Paid by Board	Days Paid by Employee
0-5	2	3
6-15	3	2
16+	4	1

Days paid by the non-certified employee will be deducted from the employee’s salary based on the reimbursement rate set by the State. For personal leave days not used, employees may receive compensation at the rate determined by the Board.

Certified and non-certified personnel may choose to convert personal leave days to sick leave days at the end of the school year. Personal leave should be requested in writing and approved by the local building principal or other appropriate supervisor. Certified and non-certified personnel must make adequate preparation for the substitute before departing.

The leave must involve minimum interruption to the educational program or department. Personal leave should not be taken on the day prior to or immediately following a scheduled holiday.

No more than 10% of the faculty or 10% of the non-certified personnel within a building may take personal leave on any given day without permission of the principal or appropriate supervisor.

No employee, as a condition to receiving personal leave, shall be requested to divulge his or her reasons for requesting such leave, except that employees will be asked to certify whether such leave is being taken for a reason covered under the Board's Family and Medical Leave Act Policy.

5.10.6 Vacation

- a. *Eligible Employees* – Twelve-month full-time employees are eligible for paid vacation.
- b. *Vacation Benefits* – Eligible employees will earn vacation benefits as follows:
 1. Each eligible employee shall be granted ten (10) working days of paid vacation upon completion of one (1) full year's employment. Those with 15 consecutive years or more the Board shall be granted 15 days per year.
 2. Only consecutive service with the Board will be considered in establishing length of service for purposes of determining vacation benefits.
- c. *Accrual and Accumulation of Vacation Time* – Vacation leave is earned July 1 of each year. An employee who fails to utilize the vacation earned during such year shall be paid within 90 days after the end of the year for the unused vacation earned during such year. Upon the death, retirement, resignation, or other termination of an employee who is then in good standing, the employee shall be entitled to payment for all unused vacation earned during the year of termination, together with any vacation earned but not used or paid for in prior years. Such payment shall be made at the employee's daily rate of pay in effect on the death, retirement, resignation, or other termination. Payments due on account of the death of a married employee may be made to the spouse of the employee or to his or her

estate, unless prior to the death of the employee, the employee shall have designated in writing and filed with the Board that said vacation pay is to be distributed to another distributee. The payment so made shall be in full discharge of the Board's obligation to the employee for the payment of accrued but unused vacation pay.

- d. *Scheduling* – All vacation requests must be approved by the Superintendent or his or her designee.

5.10.7 Professional Leave – The Superintendent is authorized to grant professional leave with pay to Board employees to engage in educational activities which, in the judgment of the Superintendent, serve the needs and interests of the school system. The number of days approved for such leave will be at the discretion of the Superintendent; provided, however, that any such leave exceeding five (5) consecutive days in a scholastic year must be approved by the Board. The Superintendent will notify the Board Chair of all approved out of state travel.

5.10.8 Military Leave – Military leave is available to all eligible employees in accordance with state and federal law.

5.10.9 Court Leave – Permanent and full-time employees are entitled to regular compensation while performing jury duty (ALA. CODE §12-16-8) or when the employee is summoned for school-related purposes under subpoena or other legal requirement to testify at trial in a court of law or in an administrative proceedings constituted under the statutory authority of the agency conducting the proceedings. Paid leave is not authorized for employees to meet with attorneys, to attend depositions, or to otherwise prepare for legal proceedings unless the presence of the employee is requested or required by the Board. All subpoenas or other legal documents summoning employees should be forwarded to the Superintendent or his or her designee.

5.10.10 Unpaid Study Leave – The Board may provide an employee an unpaid leave of absence of up to one year to pursue professional growth opportunities by means of graduate study or by other means approved by the Superintendent. Such leave is only available to non-probationary or tenured personnel. Except as provided to the contrary by applicable law, the employee shall not be entitled to return to the same position held before the commencement of leave, and may be assigned to a different work location or position upon return from leave at the discretion of the Board.

Twelve month employees may request leave to attend school for not more than six (6) weeks each summer. Approval must be given by the Superintendent for such leave.

5.10.11 Medical Leave – Personnel who are unable to perform their duties due to physical disabilities or extended illness may apply for medical leave. The application must include the nature of the medical problem and the projected length of the leave requested. The application shall be accompanied by a statement from the

attending physician indicating the need for the leave based on the inability to work and perform the regular duties of the position. Such leave shall be without pay and may be granted by the Board for a period up to one year. If medical leave is requested to begin during a school year, the maximum one year period of time shall be considered to commence at the beginning of the next term. Leave granted shall be effective upon the exhaustion of any accumulated sick leave. Such leave may terminate as soon as the ability to work is restored, which shall be attested by the attending physician or at the beginning of the next term as the parties may mutually agree.

The Board shall have the right to have a physician of its own selection determine the ability or inability of any personnel to work and perform the regular duties of the position. Personnel who are tenured shall retain tenure status; however, no step raise shall be granted during such leave. Prior to taking medical leave pursuant to this policy, the employee shall exhaust any leave available under the Board's Family and Medical Leave policy and the leave so taken will be charged against the leave available under this policy.

5.10.12 Leave and Flex Time for Elected Officials – The Board encourages its employees to participate in the political process and to run for public office. Employees who are elected to public office must be careful to observe the terms and provisions of laws and regulations applying to public officials and public employees, including the Alabama Ethics Law. Ordinarily, where any employee must be away from his or her place of employment in the performance of his or her duties as an elected official, the employee must take annual leave, personal leave, or leave without pay while performing the duties of such office. The Board realizes that, from time to time, an employee who is also an elected official may receive telephone calls during the regular workday associated with the employee's duties as a public official. So long as these phone calls and communications do not substantially interfere with the performance of the employee's duties, the employee may engage in such telephone communications to a limited extent without violating the policy of the Board.

a. *Flex Time* – An employee whose duties by their nature do not require his or her presence at a particular place, at a particular time, and whose primary duties do not involve the direct instruction or supervision of, or interaction with, students may be allowed to utilize a flexible working schedule to accommodate the employee's service as a public official. Such flexible working schedules will be permitted only if the following conditions are satisfied:

1. The employee's immediate supervisor certifies to the Superintendent, and the Superintendent concurs, that he employee's duties may be performed efficiently and effectively on the flexible work schedule proposed;
2. No more than 3 hours per day or an aggregate of 6 hours per week of regular working time is missed pursuant to such

flexible work schedule;

3. A written report is made to the Superintendent when work time is missed pursuant to the flexible working schedule, reporting how much time was missed on such day and the date on which the employee plans to make up such time, which date shall be no more than 30 days after the date on which such time was missed; and
4. Arrangements are made for some other employee to coordinate the response to any emergency while the elected official is not present at work.

5.11 Family and Medical Leave Act (FMLA)

5.11.1 Eligible Employees – The FMLA is applicable to all persons who have been employed for at least twelve (12) months and have worked a minimum of 1,250 hours during that twelve (12) month period.

5.11.2 Medical Leave Provided by the Act – Under the FMLA, eligible employees are entitled to twelve (12) weeks of unpaid leave during any twelve (12) month period for one or more of the following reasons:

- a. The birth and first year care of a newborn child;
- b. The placement of a foster child or adoption;
- c. The care of an immediate family member, defined as a spouse, child or parent, with a serious health condition;
- d. The taking of medical leave because of the employee’s own serious health condition.

For the birth, adoption, or foster placement of a child, the entitlement to leave for child care expires at the end of the twelve (12) month period beginning on the date of birth, adoption, or placement. Leave associated with the illness of a child will only be provided if the child is under eighteen (18) years of age or is incapable of self care due to physical or mental disability.

5.11.3 Serious Health Conditions – The term “serious health condition” means an illness, injury, impairment, or physical or mental condition that involves the following:

- a. Any period of incapacity in connection with or following inpatient care in a hospital, hospice, or residential medical care facility.
- b. Continuing treatment by a health-care provider, to include any period of incapacity due to:

1. A health condition, including treatment and recovery, lasting more than three (3) consecutive days, and any subsequent treatment or period of incapacity relating to the same condition;
2. Pregnancy or prenatal care;
3. A chronic, serious health condition which continues over an extended period of time, requires periodic visits to a health care provider, and may involve episodes of incapacity (e.g., asthma and diabetes);
4. A permanent or long-term condition for which treatment may not be effective (e.g. Alzheimer's, severe stroke) and for which supervision of a health-care provider is required;
5. Multiple treatments for restorative surgery or for a condition which would likely result in a period of incapacity of more than three (3) days if not treated.

5.11.4 Military Family Leave Provided by the Act

- a. *Qualifying Exigency Leave* – Under the FMLA, an eligible employee with a spouse, child, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may utilize the twelve (12) week medical leave entitlement to address qualifying exigencies resulting from that service.
- b. *Military Caregiver Leave* – An eligible employee, who is the spouse, child, parent, or next of kin of a covered service member, is entitled to take up to twenty-six (26) weeks (including any medical leave provided by the Act) of unpaid leave during any twelve (12) month period (beginning the first day of the leave) to care for an individual covered service member with a serious injury or illness incurred in the line of duty while on active duty that may render the service member medically unfit to perform the duties of the member's office, grade, rank, or rating. A covered service member is a member of the Armed Forces, including the National Guard and Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness incurred in the line of duty on active duty.

- 5.11.5 Spouse Employed by the Board – Spouses who are both employed by the Board are limited to a combined total of twelve (12) weeks of family leave for the birth and care of a newborn child, for the placement of a child for adoption or foster care, for the care of a parent who has a serious health condition, and for qualifying exigency leave. Spouses who are both employed by the Board are limited to a combined total of twenty-six (26) weeks for military caregiver leave.

- 5.11.6 Intermittent Leave – An employee may take leave intermittently or on a reduced leave schedule only when medically necessary to care for a spouse, parent, or child or to receive planned medical treatment. Intermittent leave should be scheduled to the extent practicable so as not to unduly disrupt the operations of the Board. Intermittent leave may be further limited for teachers in accordance with federal law.
- 5.11.7 Use of Vacation and Sick Leave – If an employee has available sick leave, vacation leave or other applicable paid leave, the employee must utilize those forms of leave before taking unpaid leave under the FMLA. In that instance, the paid leave and the FMLA leave will run concurrently and the employee’s twelve (12) weeks of unpaid FMLA leave will be reduced by the paid leave utilized, as long as the need for such leave results from one or more of the qualifying reasons under the FMLA. However, if an employee requests to designate up to five (5) already accrued, paid leave days for use after returning from FMLA leave, the employee will not be required to utilize those designated days during the employee’s FMLA leave and such days will be available to the employee upon their return from FMLA leave.
- 5.11.8 Notice – Employees seeking leave under the FMLA must provide thirty (30) days advance notice of the need to take leave when the need is foreseeable. When the need for leave is unforeseeable, employees should notify their supervisors as soon as possible. Employees must also provide notice of the need for qualifying exigency leave as soon as practicable.
- 5.11.9 Certification for Medical or Military Caregiver Leave – Every request for FMLA leave based upon the serious health condition of the employee or employee’s spouse, children, or parents, or leave as a military caregiver must be supported by medical certification issued by the appropriate health care provider on forms provided by the Board.
- For leave based on a serious health condition of the employee or employee’s spouse, child, or parent, the Board reserves the right to obtain a second opinion from an independent health-care provider designated by the Board. If the opinion received by the employee and the second opinion conflict, the Board and the employee must agree on a third provider to issue a binding opinion. Both the second and third opinions (if necessary) will be at the expense of the Board.
- 5.11.10 Certification for Qualifying Exigency Leave – Certification will be required by the Board for requests for qualifying exigency leave. Certification must be timely submitted on forms available from the Board. For the first such request, certification may include a copy of the military service member’s duty orders or other military documentation.
- 5.11.11 Return to Work – The Board may require an employee who has taken leave due to the employee’s own serious medical condition to provide the Board with a healthcare provider’s certification in order to return to work. Any employee who

takes leave under these provisions will be entitled to be restored to the original position held when the leave commenced or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.

5.11.12 Maintenance of Benefits – Benefits accrued by the employee before leave is taken are not lost when approved FMLA leave is taken. Employees who are on approved FMLA leave will remain eligible to participate in benefit programs in which the employee was enrolled at the time of the leave, provided that the employee will continue to be responsible for payment of employee’s portion of any cost, premium, or like payment that is required to maintain eligibility for the coverage or benefit. An employee that does not return to work after FMLA leave, will be required to reimburse the Board for the cost of benefits coverage extended to the employee during the leave, unless the reason for the employee’s failure to return to work is (i) a continuing serious health condition suffered by either the employee or a family member, or (ii) other circumstances beyond the employee’s control.

5.11.13 Instructional Employees – Medical leave taken by eligible instructional employees is subject to further limitations and provisions established by the FMLA. The Superintendent or his or her designee is authorized to develop additional information and guidelines concerning Instructional Employees.

5.12 Sick Leave Bank

A “Sick Leave Bank” plan for full-time certified and classified employees is hereby established in accordance with applicable provisions of state law. A Sick Leave Bank Committee will be established to oversee the operations of the Sick Leave Bank in accordance with state law and the following provisions:

- a. *Sick Leave Bank Committee* – The Sick Leave Bank Committee will be composed of one member representing the Board and four members representing participating members of the sick leave bank.

Board Representative – The Member representing the Board will be appointed by the Superintendent, subject to Board approval.

Participant Representatives – The participant representatives will be selected by the sick leave bank members.

- b. *Procedures for Selecting Employee Representatives on Committee*

1. *Nomination* – Before each election of participant representatives, the Board will hold an open nomination period. Any employee who is eligible to participate in the sick leave bank may be nominated for one of the participant representative positions. Nominations must be written and must be received in the Human

Resources Supervisor by the deadline specified in a notice to be provided by the Superintendent or his or her designee through Board publications and other means of communication that are generally used for such purposes.

2. *Voting* – Each eligible nominee will be placed on the Sick Leave Bank Committee ballot. Voting will take place by ballot at Board facilities at the time specified or as may otherwise be provided by the Board. Supervision of voting will be by local facility personnel. Voting members will be required to verify their ballot by signing the Board’s voter record. Votes will be forwarded to the Human Resources Supervisor for final tabulation. The four candidates receiving the highest number of votes will serve as participant representatives on the Sick Leave Bank Committee.
- c. *Term of Committee Members* – Sick Leave Bank Committee members will serve for a term of one year and may not serve for more than five years.
- d. *Chairman of the Sick Leave Bank Committee* – The Sick Leave Bank Committee will elect a chairman from among its representatives at its first annual meeting. The chairman will be responsible for recording organizational minutes, for conducting meetings, and for organizing meetings as necessary.
- e. *Meetings* – The Sick Leave Bank Committee will meet at least annually following each enrollment period. The Committee will also meet as necessary in its discretion.
- f. *Sick Leave Bank Committee Duties* – The Sick Leave Bank Committee will develop proposed rules and regulations for the Sick Leave Bank, to be submitted to participating members for approval. At a minimum, said rules and regulations must include those terms and provisions that are required by statute. The Committee has the authority to review both participation in the Bank and requests for leave to ensure compliance with state law, Board policy, and such rules and regulations as may be adopted by the Sick Leave Bank Committee.
- g. *Employee Participation* – Participation in the Sick Leave Bank is voluntary and open to all full-time employees of the Board. However, employee participation is subject to such rules and regulations regarding enrollment procedures, deposits, withdrawals, and participation as may be developed by the Committee.

5.13 Administrative Leave

The Superintendent is authorized to place an employee on administrative leave upon

a determination that the best interests of the school system would be served by such action. Administrative leave relieves the employee of regular work responsibilities pending resolution of the matters or circumstances that gave rise to the leave. Administrative leave is not disciplinary in nature or purpose and does not affect the employee's compensation, benefits, tenure, or nonprobationary status. Administrative leave may be accompanied by such additional restrictions or conditions as may reasonably be imposed by the Superintendent under the circumstances (e.g., limitation on access to school property). The status of employees who are on administrative leave will be reviewed and reported to the Board periodically or as otherwise may be directed by the Board.

5.14 *Equal Employment Opportunity*

5.14.1 Unlawful Discrimination Prohibited – The Board is an equal opportunity employer. Personnel actions and decisions will be made without regard to factors or considerations prohibited by federal or state law (as such laws may from time to time be amended), including but not limited to race, color, religion, sex, national origin, age, disability, and genetics.

5.14.2 Implementing Regulations Authorized – The Superintendent is authorized and directed to implement such rules, regulations, procedures, and directives as necessary and appropriate to implement and enforce this policy and any law prohibiting discrimination in the workplace, including the designation of one or more complaint/grievance investigators, officials, or coordinators, the development of complaint or grievance procedures for responding to allegations of unlawful discrimination, the provision of training or dissemination of instructional materials and advisories to appropriate staff members, and the administration of corrective or remedial action in response to violations of the law and of this policy.

5.15 *Sexual Harassment*

The Board strictly prohibits unlawful discrimination in all of its programs, offices, departments and facilities. Sexual harassment, as defined by law, is a form of unlawful discrimination and will not be tolerated from employees or other persons associated with the Board.

- 5.15.1 Definition of Sexual Harassment – Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature when:
- a. Submission to such conduct or communication is made a term or condition, either explicitly or implicitly, of employment or other employment benefits provided by the Board;
 - b. Submission to or rejection of such conduct by an individual is used as the basis for decisions affecting the individual's employment, or other benefits provided by the Board; or

- c. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

5.15.2 Examples of Prohibited Conduct – The following are examples of conduct that may constitute sexual harassment, depending on individual circumstances:

- a. Verbal harassment or abuse of a sexual nature, including graphic or derogatory comments, the display of sexually suggestive objects or pictures, and sexual propositions;
- b. Repeated unwelcome solicitation of sexual activity or sexual contact;
- c. Unwelcome, inappropriate sexual touching;
- d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to an individual's employment status.

5.15.3 Employee Complaint Resolution Procedure

- a. *Reporting* – Any employee with reason to believe that he or she has been or is being subjected to any form of sexual harassment should report the matter immediately. Under no circumstances will an employee be required to present the complaint to the person who is the subject of the complaint.
- b. *Informal Complaint* – An employee may choose to submit a sexual harassment complaint to a supervisor for investigation and resolution at the departmental or local level without resorting to formal complaint procedures. If the supervisor is the subject of the complaint, the complaint may be submitted to the Superintendent for resolution. If the complaint is not resolved informally to the satisfaction of the complaining employee, the employee must contact the Superintendent to initiate formal complaint procedures.

5.15.4 Formal Complaint Procedure

- a. *Persons Responsible For Receiving and Investigating Formal Complaints* – The Superintendent is responsible for receiving and investigating formal complaints regarding sexual harassment. The Special Services Supervisor and the Human Resources Supervisor are additional officials to which formal complaints can be reported. If the Superintendent is unavailable or is the subject of the complaint, one of the alternates should be contacted regarding the formal complaint.
- b. *Complaint form, contents* – Formal complaints should be made in writing, signed by the complainant, and fully describe the

circumstances surrounding the alleged harassment. Harassment complaints that cannot be made in writing should be memorialized by the Superintendent or designated alternate official.

- c. *Investigation* – The Superintendent will promptly investigate the complaint, review the results of any investigation with legal counsel or other appropriate officials, make any findings that are supported by the investigation, and recommend appropriate action based on these findings. The complainant will be informed of any action that is taken as a result of the investigation.
- d. *Review by the Superintendent and the Board* – A complaining party who is not satisfied with the investigation or resolution of the complaint may request that the Superintendent take additional or different action or present the complaint to the Board for its review and action. In such case, the Board will render a final decision as soon as practicable.

5.15.5 Confidentiality – To the extent possible, reports of sexual harassment will be kept confidential; however, complete confidentiality cannot be guaranteed.

5.15.6 Retaliation Prohibited – No retaliation or adverse action may be imposed as a result of a good faith complaint or report of sexual harassment. False accusations that are made in bad faith or for improper reasons may result in disciplinary action.

5.15.7 Penalties for Violation – Any employee who violates the terms of this policy or who impedes or unreasonably refuses to cooperate with a Board investigation regarding allegations of sexual harassment will be subject to appropriate disciplinary action, up to and including termination.

5.16 Reduction-In-Force

5.16.1 Definition and Scope –

- a. This policy applies to reductions-in-force that are implemented by “layoffs” as contemplated by Ala. Code §16-1-33 (1975).
- b. A reduction-in-force may be declared by the Board of Education and layoffs approved thereunder if the Board determines that decreased student enrollment or a shortage of revenues requires a reduction in the work force (beyond normal attrition) in order to maintain effective provision of educational services or to meet the Board’s financial, legal, or operational obligations.
- c. A “layoff” within the meaning of this policy is a separation from employment with the Board of Education. However, employees who are laid off under authority of this policy are eligible for recall to employment as conditionally provided in this policy. The term “layoff” does not include or apply to the expiration of temporary, occasional, or “at-will”

appointments or to decisions not to renew or extend employment beyond the expiration of annual or other specified terms of appointment.

5.16.2 Criteria for Implementing Layoffs –

- a. The order, priority, rank, or selection of individual employees who are to be laid off under authority of this policy shall be determined on the basis of objective criteria. However, nothing herein shall be deemed or construed to limit or abridge the Board’s legislative discretion to identify areas, departments, groupings, or classifications for reductions (layoffs). (For example, the Board is not required to justify by objective criteria or otherwise a decision to implement layoffs in noninstructional categories or employees before doing so with instructional staff).
- b. The criterion or criteria on which the layoffs are to be based shall be announced or otherwise made known by the Board to employees affected by the layoff no later than the date notice of the layoff is provided to the employees.
- c. “Objective criteria” within the meaning of this policy may include any lawful selection standard (or combination of standards) that is verifiable, calculable, measurable, or otherwise determinable by means or methods other than the personal or subjective judgments or opinions of the person(s) applying the criteria, and that would be expected to produce the same result if applied to the same employees or group of employees by different persons. For purposes of this policy, objective criteria may include, but are not limited to:
 - Seniority, longevity, or time in service that will be more specifically described in the notice of layoff that is provided to affected employees
 - Years of experience
 - Degrees, certification, or licensure
 - Job classification
 - Written or otherwise documented performance evaluations that can be fairly, accurately, and objectively compared to other similarly situated employees for the purpose of ordering or ranking, provided that such evaluations predate the RIF announcement or declaration by not less than thirty days

5.16.3 Recall – Employees who have been laid off under the terms of this policy will be given priority in filling positions as enrollment or financial circumstances warrant, provided that:

- a. The nature of the position and qualifications therefore have not materially changed;
- b. The laid-off employee remains properly qualified, licensed, or certified; and
- c. The laid-off employee confirms in writing his or her availability for and interest in re-employment to the Board's Director of Human Resources in accordance with any directives that may be contained in or transmitted in conjunction with the notice of layoff.

Circumstances permitting, and to the extent practicable, the selection of employees for recall will be based on the criteria that were applied to the layoffs themselves if there are more employees eligible for recall than positions available to fill. When layoffs occur over a period of time, the Board will take relative length of separation from service into consideration in assigning recall priority, other factors being equal. In no case will any right to be recalled to employment extend beyond one year from the effective date of the employee's layoff. Recalled employees will retain credit for the tenure, years of service, and the pay and benefit status they held on the effective date of their layoff. No pay, benefits, status, or additional rights will accrue or be credited to the recalled employee for the time he or she has been laid off.

5.16.4 Notice – Notification of layoff and recall shall be by United States certified or registered mail, hand delivery, or such other means as are reasonable under the circumstances. Upon receipt of notification of recall, a laid-off employee shall respond affirmatively to the notice of recall in accordance with such specific directions or instructions as may be contained therein. Any laid-off employee who does not so respond or who otherwise declines an offer of reemployment by the Board will be deemed to have waived any right to be recalled under the terms of this policy.

5.17 *Unauthorized Payments*

5.17.1 Notification to the Employee – Upon discovery of any unauthorized or erroneous payment or disbursement of funds to an employee, the Board will attempt in good faith to notify the employee of such unauthorized payment and to reach agreement with the employee, if possible, regarding the amount and terms of repayment. Notification to the employee will consist of a letter mailed or delivered to the employee's last known address. The notice will specify the amount owed, the method by which the amount was calculated, a proposed schedule of repayment, an opportunity for the employee to review or examine any documents or other evidence supporting the claimed overpayment, and an opportunity for the employee to object in person or in writing to the amount or manner of the proposed withholding to provide an alternative plan of repayment. Unless the Board's ability to recover funds in question could be jeopardized by doing so, the Board will arrange a

reasonable schedule of repayment so as to avoid undue hardship to the employee.

- 5.17.2 Retention and Recovery Authorized – If no objection to the proposed withholding is received within a reasonable time (to be specified in the notification letter), monies may be retained in the manner and to the extent described in the notification. If the employee objects to the proposed withholding, the Superintendent or his or her designee may, upon consideration of the objection and information and argument (if any) submitted in connection therewith, take such action as may be warranted under the circumstances and inform the employee in writing of the decision. If the employee is dissatisfied, he may contest the decision through the Board’s complaint procedure. Monies may be withheld by the Board pending completion of the grievance process, provided that, should the Board later pay over to the employee monies that have been retained under authority of this policy, such payment(s) will reflect all appropriate deductions and will include accrued interest from the date of withholding at the rate specified by the then-effective rate applicable to interest on unpaid judgments under Alabama law. If, after exhausting reasonable efforts to do so, the Board is unable to contact the employee in the first instance, the Board may retain or withhold from compensation or other payments due the employee an amount sufficient to satisfy the indebtedness; provided that any such retention or withholding will be subject to review and reconsideration at the request of the employee.
- 5.17.3 Repayment Required as a Condition of Reemployment – The Board reserves the right to require repayment of any outstanding indebtedness as a condition to reemployment of any former employee.
- 5.17.4 Procedures Not Exclusive – The provisions, procedures, and method of review specified herein are in addition to those that are otherwise available to the parties under law for the retention or recovery of funds, and for administrative or judicial review thereof.

5.18 Drug Free Workplace –

- 5.18.1 General – National policy, as reflected by adoption of the Drug-Free Workplace Act of 1988 (Pub. L.100-690; 41 U.S.C.S. §§701 et seq.) and state policy, as reflected by state law, promote the goal of eradicating alcohol and drug abuse by employees. The Board places great importance on promoting this goal and hereby adopts as policy and requires the Superintendent to publish a statement and require employees to acknowledge receipt of such and give the assurances required by 41 U.S.C. §702.

The Board hereby declares that the unlawful manufacture, distribution, dispensation, sale, use, and possession of controlled substances, alcohol, or illegal drugs are prohibited in the workplace for all employees of the Board.

5.18.2 Definitions – For purposes of this policy, the following terms are defined, to-wit:

- a. "Controlled substance" means any drug, substance or immediate precursor included in the definition of the term "controlled substance" in §§13A-12- 215 and 216; 20-2-2, and 20-2-22 through 20- 2-31, Code of Alabama, 1975; and in schedules as revised and republished annually by the State Board of Health pursuant to §20-2-32, Code of Alabama, 1975. 2.
- b. "Alcohol" means ethyl alcohol, hydrated oxide of ethyl, or spirits of wine, from whatever source or by whatever process produced, and shall include alcoholic beverages as defined in §28-2-1, et seq., Code of Alabama, 1975.
- c. "Public employee" means any person employed on a full-time, part time, temporary, or intermittent basis by the Board.
- d. "Convicted" or "conviction" means a final conviction in a court of competent jurisdiction or the acceptance of a plea of guilty or nolo contendere.
- e. "Workplace" means a geographic location at which an employee performs his or her work pursuant to employment with the Board, including all Board property and Board owned vehicles, and shall include travel while in travel status related to the employee's employment, including entities contracting with the Board, including all Board property and Board vehicles.

5.18.3 Standards of Conduct and Employee Rights – Prior to employment, all applicants given a conditional job offer shall be tested for drug use. The Superintendent or his or her designee shall determine where and when such drug testing will be conducted, and the expense of said drug testing shall be borne by the Board.

The Board reserves the right to require that sobriety or drug tests or screenings be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that any employee has used alcohol, illegal drugs, or other substances in violation of the Board's substance abuse policies. All such testing or screening will be performed in accordance with local, state, and federal laws and the Board's drug testing protocols.

Any employee who drives, operates, works on or maintains a vehicle owned or used by the Board, or operates or works on safety-sensitive equipment, shall be subject to random drug testing in accordance with the same procedures as apply to school bus drivers. The expense of said random drug testing shall be borne by the Board. The Superintendent or his or her designee shall maintain and revise from time to time as needed a list of safety-sensitive equipment.

Any employee who is convicted under the laws of this state, the United States, or any other state, of any criminal offense involving the manufacture, distribution, dispensation, sale, use or possession of alcohol, a controlled substance or illegal drug shall be disciplined in appropriate fashion, up to and including termination. Any such employee shall be required as a condition of completion of suspension to complete a drug abuse treatment and education program approved by the Board.

If, prior to an arrest for an offense involving alcohol, a controlled substance, or an illegal drug, an employee notifies the Board that the employee illegally uses a controlled substance or an illegal drug or has a problem with alcohol and is receiving or agrees to receive treatment under a drug and alcohol treatment and education program appropriately licensed, the employee shall be entitled to maintain his or her employment with the Board for up to one year as long as the employee continuously follows the treatment plan and abstains from the use of any such drug, controlled substance, or alcohol. Under this portion of this policy, notification to the Board shall mean notification to the employee's immediate supervisor. During the one year period, the employee shall not be separated from his or her employment with the Board solely on the basis of the employee's drug and/or alcohol dependence, but the employee's work activities may be restructured if practicable to protect persons and/or property. The Board shall not be prevented from taking any and all personnel action against the employee for any other reason for which disciplinary action is authorized under Alabama law. The rights granted to an employee under this provision of this policy shall be available to said employee only once during a five year period.

Any treatment of any employee under a drug and/or alcohol abuse and education program shall be at the expense of the employee.

5.18.4 Program Procedures – The Superintendent shall establish procedures to carry out the components of this policy, and shall develop a drug-free awareness program to inform employees of the following, to-wit:

- a. The dangers of drug abuse in the workplace;
- b. The Board policy regarding a drug-free workplace and any accompanying administrative procedures concerning the maintenance of a drug-free workplace;
- c. Any available drug counseling or rehabilitation program;
- d. Penalties to be imposed upon employees for drug abuse violations occurring in the workplace.

5.19 *Drug and Alcohol Testing of Safety Sensitive Employees*

5.19.1 Scope – The Board will conduct employee drug and alcohol testing for

employees in safety sensitive positions as required by and in accordance with federal law. Testing will be required for all employees holding a commercial drivers' license (CDL) or who occupy a safety sensitive position as designated by the Superintendent ("covered employees").

5.19.2 Prohibited Alcohol and Controlled Substance-Related Conduct – In addition to activities identified in other policies, rules, and procedures, Board employees are prohibited from the following:

- a. Reporting for duty or remaining on duty to perform safety-sensitive functions while having an alcohol concentration in excess of the standard set by the Federal Highway Administration (FHWA);
- b. Being on duty or operating a vehicle while possessing alcohol
- c. Consuming alcohol while performing safety-sensitive functions;
- d. Consuming alcohol within eight (8) hours following an accident for which a post-accident alcohol test is required, or prior to undergoing a post-accident alcohol test, whichever comes first;
- e. Refusing to submit to alcohol or controlled substance test required by pre-employment, post-accident, random, reasonable suspicion, or follow-up testing requirements;
- f. Consuming alcohol or being under the influence of alcohol within four (4) hours of going on duty, operating, or having physical control of a vehicle;
- g. Report for duty or remain on duty requiring the performance of safety-sensitive functions when the employee uses any controlled substance, except when the use is pursuant to the instructions of a physician who has advised the driver that the substance does not adversely affect the driver's ability to perform any safety-sensitive duty; or
- h. Reporting for duty, remaining on duty, or performing safety sensitive functions if the driver tests positive for controlled substances.

No supervisor who has actual knowledge of the violation by a covered employee of any of the foregoing prohibitions shall permit the employee to perform or continue to perform any safety-sensitive functions.

In the event of a violation of this policy, the employee shall be removed immediately from safety-sensitive duties and shall be subject to such further actions, including disciplinary action up to and including termination, as deemed appropriate by the Superintendent and the Board.

5.19.3 Testing Program Authorized – The Superintendent is directed to establish a testing program whereby all covered employees will be tested for the presence of alcohol and controlled substances. The following tests may be conducted:

- a. *Pre-employment Testing* – Prior to the first time a covered employee performs a safety-sensitive function for the Board, the employee must undergo testing for alcohol and controlled substances.
- b. *Post-accident Testing* – Each surviving driver who is involved in an accident involving a school bus shall submit to testing as soon as practicable following such accident if such driver:
 1. Was performing a safety-sensitive function with respect to such vehicle and the accident involved the loss of human life, or
 2. Such driver receives a citation within eight (8) hours of the occurrence under state or local law for a moving traffic violation arising from the accident and the accident involved either:
 - (i) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident, or
 - (ii) One or more motor vehicles incurs disabling damage requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

Each such driver shall remain readily available for such testing and if he does not remain so readily available, may be deemed to have refused to submit to testing. Transportation supervisors shall provide drivers with necessary post-accident information, procedures and instructions, prior to the driver operating the school bus, so that drivers will be able to comply with the requirements of this policy.

The tests required by this subsection shall be administered as soon as practicable following the accident. If the alcohol test is not administered within two hours following the accident, the supervisor will prepare and maintain a record stating the reasons. If the alcohol test is not administered within eight hours, and the controlled substances test within 32 hours, the same record shall be made and further efforts to administer such tests shall cease.

- c. *Random Testing* – The Board will conduct unannounced random alcohol and controlled substance testing of its covered employees.
- d. *Reasonable Suspicion Testing* – Whenever an authorized supervisor has reasonable suspicion to believe that a covered employee has violated the provisions of Section 5.19.2 of this policy such supervisor shall require the

covered employee to submit to an alcohol test, or a controlled substances test, as the case may be. The authorized supervisor's reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the covered employee. These observations may include indications of the chronic and withdrawal effects of controlled substances. Only an authorized supervisor may require such testing, but such person shall not conduct an alcohol test of said employee. Alcohol testing pursuant to this paragraph is authorized only if the observations required are made during, just preceding, or just after the period of the work day when such driver is required to be in compliance with this policy. The requirements for records and reports with respect to reasonable suspicion tests are the same as those prescribed for post-accident testing.

Notwithstanding the absence of a reasonable suspicion alcohol test, no covered employee shall report for duty or remain on duty requiring the performance of safety-sensitive functions while the employee is under the influence of or impaired by alcohol, as shown by the behavioral, speech, and performance indicators of alcohol misuse. Nor shall any supervisor permit the covered employee to perform or continue to perform safety-sensitive functions until:

1. An alcohol test is administered and the driver's alcohol concentration measures less than 0.02; or
2. Twenty-four (24) hours have elapsed following the determination under the preceding provisions of this section that there is reasonable suspicion to believe that the employee has violated the prohibitions of this policy concerning the use of alcohol.

Except as provided above, no adverse action shall be taken against a covered employee solely on the employee's behavior and appearance, in the absence of an alcohol test, unless such action is otherwise authorized or required by law independent of this policy.

A written record shall be made of the observations leading to a controlled substances reasonable suspicion test and such shall be signed by the authorized supervisor who made the observations within twenty-four (24) hours of observing the behavior or before the results of the controlled substances test are released, whichever is earlier.

- e. *Return-to-Duty Testing* – A covered employee must submit to return-to-work alcohol and/or controlled substance testing before being permitted to return to work following a positive alcohol or controlled substance test or other violation of this policy or federal regulations.
- f. *Follow-up Testing* – Any employee who continues performing safety-sensitive functions for the Board, following a determination that the

employee requires assistance in resolving problems associated with alcohol misuse or the use of controlled substances, shall be subject to unannounced follow-up alcohol or controlled substance testing as directed by the Board's substance abuse professional (SAP).

- 5.19.4 Training of Supervisors – Each supervisor who is designated to determine whether a reasonable suspicion exists to require an alcohol or controlled substances test shall receive at least 60 minutes of training on alcohol misuse and an additional 60 minutes of training on controlled substances use, which training shall cover the physical, behavioral, speech and performance indicators of probable alcohol misuse and use of controlled substances. The Superintendent shall insure that such training is received.
- 5.19.5 Administration of Program – This policy shall be administered by the Superintendent or his or her designee and/or by the Supervisor or Director of Transportation. The Director of Transportation shall be available to answer any questions concerning this policy or other materials delivered to covered employees. A copy of this policy and additional materials and information concerning the effects of alcohol and controlled substances' use on an individual's health, work, and personal life; signals and symptoms of an alcohol or controlled substance problem (the employee's or a co-worker's) and available methods of intervening when an alcohol or controlled substances problem is suspected shall be delivered to all covered employees. All covered employees shall be requested to receipt for a copy of this policy and such additional materials.

5.20 Searches (Personnel)

- a. *Board Property* – All school system property, facilities, and grounds may be entered, inspected, and searched for any lawful purpose by Board officials or their designees at any time, without prior notice and to the fullest extent permitted by law. The right to enter, inspect, and search includes and extends to (but is not limited to) Board owned or controlled offices, desks, file cabinets, lockers, storage areas, computers, files, documents, data, and devices however and wherever kept, stored, or maintained.
- b. *Employee Property* – The Board reserves the right to inspect employees' vehicles, purses, files, phones, computers, PDAs and other personal property if a supervisor forms a reasonable individualized suspicion that the property contains evidence of a violation of Board policy or contains any material, object, or substance that otherwise creates or presents a risk of harm or injury to the school, the workplace, or persons therein.
- c. *Use of Recovered Items* – Property, material, substances, information, or records that are obtained, discovered, or recovered as a result of a search may be retained and used for any lawful purpose.

6.1 *Admissions and Attendance*

- 6.1.1 Compulsory Attendance and Entrance Age – All persons between the age of six (6) and seventeen (17) years of age are required by state law to attend school for the minimum number of scholastic days prescribed by the State Board of Education unless the person holds a certificate of exemption issued by the Superintendent or is otherwise exempt under state law.

6.1.2 Eligibility for Admission to Decatur City Schools – revisions made 8/9/17

- a. *Eligibility in General* - The Board is charged with the responsibility of establishing and maintaining a system of public schools for the benefit of children who are bona fide residents of and who live within the corporate limits of Decatur. Only those children who are bona fide residents and who live within the corporate limits of Decatur, and who are otherwise eligible for admission, shall be admitted to the Decatur public schools, subject to the exceptions provided for in Section c. of this Policy.
- b. *Definition of a Bona – Fide Resident* – A child's status as a bona fide resident of Decatur shall be determined on a case by case basis. As a general rule, a child shall be considered a bona fide resident of the place where the parent or legal guardian having the legal primary/physical custody or control of such child permanently resides. Where it appears that a child is living at an address in Decatur for the sole or primary purpose of establishing residency for school zone or admission purposes, such child shall not generally be considered a bona fide resident. Where the family of a child has heretofore resided in a permanent home outside Decatur and the child and one or more, but less than all, members of the family obtain a dwelling within Decatur, but the remainder of the family remains in the same permanent house outside Decatur, such child generally shall not be considered a bona fide resident of Decatur except in those cases where there has been a divorce or legal separation and the child is in the legal primary/physical custody of a parent who has established residency in Decatur incident to the divorce or legal separation. It is the intent of this policy to deny resident status to those who are living in Decatur solely or primarily for purposes of establishing residency for school purposes.

In order for a child to establish a bona fide residence in Decatur, or in a particular school zone in Decatur, separate and apart from the residence of the child's parent or other person having lawful custody or control of such child under a court order, such child must establish to the reasonable satisfaction of the Superintendent or his designee that (a) the child

presently intends to remain in Decatur or such school zone permanently, or for an indefinite period of time or for a definite period of time ending on a date after, and ascertainable without reference to, the current school year; and (b) the child's presence in Decatur or such school zone is not primarily or solely for the purpose of attending the Decatur public schools or the school facility serving students residing in such school zone.

The bona fide resident child of a Board employee shall attend either (1.) the school for which the student is zoned based upon the residence address; (OR) (2.) the school at which the Board employee works, or such applicable school zone as if the student lived at the school facility. If a Board employee's resident child was accepted for attendance during the previous school year at a school other than as defined herein, then that student shall be "grandfathered" and shall be allowed to continue at such school until the end of the grade levels at such school. At that time, the student must return to the correct zone system provided herein.

All children who do not qualify as bona fide residents of Decatur under the above definitions and standards shall be considered "nonresidents."

c. *No Admission of Non- Residents – Exceptions –*

Nonresidents shall not be admitted to the Decatur public schools, unless such nonresident qualifies for admission under one or more of the following exceptions:

- i. Such nonresident, or a sibling of such nonresident, attended a Decatur public school during the 1999-2000 school year when such child or sibling was a nonresident of Decatur and during each subsequent school year when such nonresident or sibling was enrolled in a public school.
- ii. Such nonresident is the child of a Board employee who has primary/physical custody of the child. In such event, the Board employee may request that the employee's child be allowed to attend the Decatur public schools. This request shall be made to the Superintendent. The physical address of the educational or school facility to which the requesting Board employee is assigned, or in which the Board employee works, shall be considered the residence of the student for school zoning purposes. The student shall attend those schools whose zones encompass the physical address of the educational or school facility to which the employee is assigned, or in which the Board employee works as of the date of the request, as if the student lived at such school facility. If the employee is assigned to multiple facilities, the Superintendent shall select one facility for determining those schools which the child may

attend. The Superintendent shall determine if there are personnel and facilities available and whether the child's admission can be accomplished without materially affecting the quality of educational opportunities afforded to children who are bona fide residents of the City of Decatur.

- iii. Such nonresident resides in the jurisdiction of another local board of education which has a contract with the Board to provide educational services to such nonresident.
- iv. (1) Such nonresident is a "homeless" child who is required to be admitted to the Decatur public schools by reason of the McKinney-Vento Act, or is a student in foster care as defined by the Every Student Succeeds Act (ESSA) and implementing rules, regulations and plans, if any, of the Alabama State Board of Education.

(2) All migrant, immigrant and/or English language learners will have equal access to the same free appropriate public education, including public preschool education, provided to other children and youth and will be provided the opportunity to meet the same challenging state content and state student performance standards to which all students are held without being stigmatized or isolated.
(Revised 8/9/17)
- v. Such nonresident child resides in the jurisdiction of another local board of education and is accepted into the Decatur public schools' International Baccalaureate program. The terms and conditions of acceptance and the assignment of such child to a Decatur public school offering the International Baccalaureate program shall be made by the Superintendent.
- vi. Such nonresident child resides in the jurisdiction of another local board of education and meets criteria established by the Board and the Superintendent for admission as a "tuition paying nonresident" to attend Decatur's virtual school program. Such student shall be required to apply for readmission on a year to year basis for each school year. The decision whether to accept such request shall be made by the Superintendent, whose decision shall be final.
- vii. Such nonresident child resides in the jurisdiction of another local board of education and meets criteria established by the Decatur City Board of Education and the Superintendent for admission as a "tuition paying nonresident". Such "tuition paying nonresident" must comply with the following: (i) meet

*Decatur City Board of Education
Policy Manual*

all criteria for admission established by the Board and the Superintendent; (ii) meet the tuition payment requirements; (i) comply with the Decatur City Board of Education Code of Conduct and maintain a disciplinary record during the period of admission containing no major infractions nor suspensions during the period of attendance; and (iv) the “tuition paying nonresident” must reply for admission for each year of attendance. If the Board determines to cease accepting “tuition paying nonresidents”, those students accepted prior to such action shall be deemed to be “grandfathered” for acceptance, and shall be required to apply for admission on a year to year basis for each school year. The decision whether to accept such request shall be made by the Superintendent, whose decision shall be final.

As to all “tuition paying nonresident” students, the Board will not provide any transportation services, nor will the “tuition paying nonresident” student be provided with any homebound services.

Upon selection for admission, the Superintendent shall select the school facility to which the “tuition paying nonresident” will be assigned and the Superintendent shall be responsible for determining those schools to which the child may attend. The superintendent shall determine if there are personnel and facilities available and whether the child’s admission can be accomplished without materially affecting the quality of the educational opportunities afforded to children who are bona fide residents of the City of Decatur. The decision of the Superintendent as to placement of all “tuition paying nonresident” students shall be made upon review of the circumstances in each individual case and such decision shall be final.

Notwithstanding the foregoing, no nonresident, except as otherwise required by law, shall be admitted to the Decatur public schools if such nonresident has been expelled or suspended, or has withdrawn, from schools in other school systems on account of disciplinary, truancy or academic problems; or resides within the jurisdiction of another board of education from which the Board is prohibited by court order from accepting transfer students. Nonresidents who are admitted pursuant to this Section shall be assigned to those schools which the Superintendent designates for nonresidents or to the school designated in the nonresident's individualized education plan, if any. Nonresidents who are admitted pursuant to sections 6.1.2(c)(i.), (v.) and (vi.) shall pay such tuition as may be established by the Board from time to time on or before the first day of the new school year.

- d. *Transfers and Withdrawals* – The Superintendent and staff shall develop procedures necessary for the transfer and withdrawal of students from one school to another within the system and from this system to another school

system. The procedure must be in compliance with State law, State Board of Education policy, and with the policies of the Decatur City Board of Education.

Students whose parents change their legal residence but remain within the city limits of Decatur shall have the option of continuing in the same school until the end of the school year in which the change of residence occurred. If the student has completed the eleventh grade, the parents have the option to request that their child complete graduation in the present school.

Students who are victims or offenders of serious violations of the Code of Student Conduct may be assigned to a school outside the attendance zone if the Superintendent considers such to be appropriate under the circumstances.

- e. *Contracts with Other Systems* – To the extent that there are personnel and facilities available, and to the extent that the Superintendent determines that such can be accomplished without materially affecting the quality of educational opportunities afforded to children who are bona fide residents of Decatur, the Superintendent is authorized to contract with other boards of education for the provision of educational services to children who are residents of the jurisdiction served by other local boards of education.

The Decatur City Board of Education does not accept students for enrollment from other school systems pursuant to the provisions of Alabama Act No. 2013-265 including, but not limited to, the student transfer program provided in such Act.

- f. *Homeless, Migratory, Immigrant and Limited English Proficient Students* –

- (i) *Enrollment.* Such students will be permitted to enroll without regard to residency status and will not be denied services offered to other students in the school system. Such students may also be entitled to other accommodations under federal law.

Homeless students will continue in the school they attended before becoming homeless for the duration of their homelessness, or for the remainder of the academic year if the student becomes permanently housed during an academic year. Otherwise, a homeless student may be enrolled in any school in the system that non-homeless students who live in the attendance area in which the student is living are eligible to attend.

- (ii) *Dispute Resolution.* When a dispute arises regarding school placement, the system will immediately enroll the homeless student in the school in which enrollment is sought by the parent, guardian, or unaccompanied youth, pending resolution of the

*Decatur City Board of Education
Policy Manual*

dispute. The school will provide the parent, guardian, or unaccompanied youth with a written explanation of the decision, a statement of the right to appeal, and the procedure for appealing the placement decision. The principal of the school will notify the Superintendent or his or her designee of the dispute.

(iii) The Superintendent or his or her designee will expeditiously carry out the system's dispute resolution procedures as detailed in the Board's homeless student plan.

(iv) The enrollment of homeless, migrant, and immigrant students, children in foster care, and limited English proficient children and youth shall not be denied or delayed due to any barriers that are specifically prohibited by applicable law, which may include the following:

- Lack of birth certificate
- Lack of school records or transcripts
- Lack of immunization or health records
- Lack of proof of residency
- Lack of transportation
- Guardianship or custody requirements
- Lack of social security card

6.1.3 Attendance Zone and Class Assignment

- a. *Attendance Zone Assignment* – Students will be assigned to the school serving the attendance zone in which his or her parent(s) or legal guardian who has physical custody reside(s). A student whose parent or legal guardian moves from one attendance zone to another during the school year will be transferred to the school attendance zone in which the new residence is located. The student may be permitted to remain in the school attendance zone that serves the former residence until the end of the school year with the approval of the Superintendent. A parent or legal guardian who has documented plans to move to a new attendance area during the first or second grading period of the school year may have his or her child enrolled in the school serving the new residence upon approval by the Superintendent or his or her designee.
- b. *Class Assignment* – Principals will assign students to classes in keeping with school accreditation standards and any procedures or criteria that may be established at the system or school level.

6.1.4 Absences and Excuses – Students are not permitted to be absent from school without a valid excuse. Absences will be designated as excused or unexcused. Excused absences will be permitted for the following reasons:

- Illness (for Pre K-8 a doctor's note may be required after the 10th absence; for grades 9-12 a doctor's note may be required after the student's 7th absence in any course, subject or any semester)
- Death in immediate family
- Inclement weather which would be dangerous to the life and health of the child as determined by the principal or other appropriate administrator
- Legal quarantine
- Emergency conditions as determined by the principal or his/her designee

Documentation supporting an excused absence must be submitted in a timely manner or the absence will be deemed to be unexcused. Excessive unexcused absences may result in a loss of academic credit or referral of the matter to juvenile or other appropriate legal authorities for investigation as set forth in the Code of Student Conduct.

6.1.5 Truancy – Parents or guardians are required to ensure that students under their care, custody or control attend school regularly. Habitual or excessive absence

from school may require Board officials to refer the matter to juvenile authorities or to initiate truancy proceedings.

6.2 *Student Fees, Fines, and Charges*

Reasonable fees, fines, and charges not prohibited by law may be established by the Superintendent. All such fees, fines, and charges will be collected and accounted for in accordance with the procedures, rules, and regulations to be developed by the Chief School Financial Officer or as provided in the Board finance or local school finance manual(s).

6.3 *Extracurricular Activities*

6.3.1 General – Students may be offered an opportunity to participate in extracurricular activities and organizations. Extracurricular activities must meet the following criteria:

- a. The organization or activity must be approved by the school principal and must have an assigned faculty supervisor or sponsor;
- b. The organization or activity must promote or serve the intellectual, cultural, personal, or physical development of the student in a manner that is consistent with the purposes of public education, the Board’s legal mandate, mission statement, policies, and regulations, and with applicable requirements of state and federal law;
- c. The organization or activity must operate under and subject to general supervision of school officials; and
- d. The nature of the organization and its activities are not inconsistent with and do not interfere with instructional activities or requirements.

Student participation or membership in such organization activities may be governed by the specific policies of the organization and is subject to review and approval by the principal.

6.3.2 Athletics – Participation in Board sanctioned athletic programs will be on such terms and conditions as may be approved by the Board and any athletic association of which the Board or the applicable school is a member. Schools may establish terms and conditions for participation in such programs as long as school eligibility criteria are not inconsistent with system-wide eligibility or participation criteria, rules, regulations, or standards established by any athletic association or organization of which the Board or the applicable local school is a member, or any rule, principle, or provision of applicable law.

6.3.3 Eligibility Requirements — Participation in Board sanctioned athletic programs will be on such terms and conditions as may be approved by the Board, provided in applicable law or established by any athletic association of which the Board is a member.

[Reference: Ala. Admin. Code 290-3-1-.02(18)]

6.4 Off-Campus Events

Student participation in and travel to off-campus events, concerts, functions, and activities, and the use of school buses or other transportation for such purposes may be authorized under and subject to the following terms and conditions:

- a. The destination is an activity, event, or function that services a *bona fide* educational or related extracurricular purpose, or is an athletic event or function sponsored or sanctioned by the school or the school system and the state athletic association;
- b. If transportation is provided by the school system, adequate information regarding the trip (e.g., destination, duration, purpose, educational purpose, mode of transportation, nature and extent of student participation) has been provided to the principal, program director, and Superintendent.
- c. Adequate arrangements are made for supervision and other risk management considerations (e.g., parental permission, medical treatment authorization, special insurance requirements);
- d. Properly certified and qualified drivers have been selected and arrangements for the costs of the trip (e.g., salary, fuels, maintenance, lodging) have been made; and
- e. Approval of the trip is obtained from the Superintendent or his or her designee.

The Superintendent is authorized to develop additional specific requirements for participation in and travel to and from official events and activities that are consistent with the terms of this policy.

6.5 Student Publications

The Superintendent is authorized to develop rules and regulations regarding student publications. Student publications are subject to and will be expected to meet standards associated with responsible journalism. The principal and student publication sponsor are responsible for the content of such publications.

6.6 Equal Educational Opportunities

No student will be unlawfully excluded from participation in, be denied the benefits of, or subjected to discrimination in any program or activity offered or sponsored by the Board

on the basis of race, ethnicity, color, disability, creed, national origin, sex, immigrant or migrant status, non-English speaking ability, or homeless status.

6.7 Title IX

6.7.1 Prohibition – In accordance with Title IX (20 U.S.C. §1681, *et seq.*), the Board strictly prohibits discrimination on the basis of sex or gender in its programs or activities, including sexual harassment, as defined by law and Board policy. Sexual harassment complaints should be filed and reviewed under the Board’s student sexual harassment policy. All other complaints under Title IX will be filed and reviewed according to the Board’s general complaint and grievance procedures.

6.7.2 Title IX Coordinator – The Superintendent is authorized and directed to designate a Title IX Coordinator, whose duties will include but not be limited to receiving and responding to Title IX inquiries and complaints.

Name and/or Title: Dr. Yvette Evans and/or Mr. Dwight N. Satterfield
Address: 302 Fourth Avenue NE, Decatur, AL 35601-1972
Telephone No.: 256-552-3000

6.8 Voluntary Religious Expression

The Board does not discriminate against students or their parents or guardians on the basis of their religious viewpoints or their expression of such viewpoints. Such views and expressions are treated in the same manner as nonreligious viewpoints, activities, or expressions.

Students may express their religious beliefs in all phases of their schoolwork without penalty or reward based upon the religious nature or content of such expression. Schoolwork is evaluated according to the academic standards and pedagogical objectives that otherwise apply to the work or activity in question. These standards and objectives include but are not limited to acquisition and/or mastery of factual information; development of analytical, problem solving, learning, critical thinking, communication, organizational, and social skills; college preparatory and career readiness training; proficiency in and appreciation of the performing arts; and the development of personal skills that are designed to facilitate attainment of the foregoing objectives, future academic success, and employability. The scholastic work of the system’s students will be evaluated in light of the foregoing standards and objectives, academic and curricular guidelines and criteria established or approved by the State or Decatur City Board of Education, and determined by evaluation, achievement, assessment, and testing materials, instruments, methods, and measures that have been generally recognized as appropriate for such purposes within the educational community and applied successfully in public school settings.

Students may organize and participate in religious activities before, during, and after school and have access to school facilities to the same extent students are permitted to organize and participate in other noncurricular activities to the extent that such access to

or use of Board facilities does not constitute a constitutionally impermissible

endorsement or sponsorship of the organization or violate any right established by or imposed by either the Alabama or United States Constitutions.

6.9 Student Sexual Harassment

6.9.1 Sexual Harassment Prohibited – Sexual harassment in any form that is directed toward students is prohibited. Persons who violate the policy will be subject to the full range of disciplinary consequences up to and including termination (for employees) and expulsion (for students) as dictated by the nature and severity of the violation and other relevant considerations. If appropriate, the circumstances constituting the violation may be reported to law enforcement agencies or child welfare agencies for further investigation and action.

6.9.2 Definition – For purposes of this policy, sexual harassment means unwelcome sexual advances, requests for sexual favors, other physical or verbal conduct or communications of a sexual nature, and any other gender-based harassment, whether initiated by students, school employees, or third parties, when:

- a. Submission to the conduct is made explicitly or implicitly a term or condition of the student's education, including any aspect of the student's participation in school-sponsored activities, or any other aspect of the student's education;
- b. Submission to or rejection of the conduct is used as the basis for decisions affecting the student's academic performance, participation in school-sponsored activities, or any other aspect of the student's education;
- c. The conduct has the purpose and effect of unreasonably interfering with a student's academic performance or participation in school-sponsored activities or creating an intimidating, hostile, or offensive education environment.

The following are examples of conduct that may constitute sexual harassment, depending on the circumstances:

- a. Verbal harassment or abuse of a sexual nature, including graphic comments, the display of sexually suggestive objects or pictures, and sexual propositions;
- b. Repeated unwelcome solicitations of sexual activity or sexual contact;
- c. Unwelcome, inappropriate sexual touchings;
- d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to the student's educational status.

- 6.9.3 Sexual Harassment Complaint Procedures Authorized – The Superintendent is authorized and directed to establish, implement and revise more detailed sexual harassment complaint procedures that are designed to provide students who believe that they are victims of unlawful sexual harassment with a thorough, discreet, and prompt internal procedure for investigating and resolving sexual harassment complaints. The procedures will be drafted so as to facilitate the gathering of relevant facts and evidence, permit timely assessment of the merits of the complaint, provide an opportunity for informal resolution of complaint where appropriate, eliminate any harassment that is established by the investigation, and prevent any retaliation based upon the filing of the complaint. The procedures will reflect due regard for the legal rights and interests of all persons involved in the complaint, and will be drafted, explained, and implemented so as to be understandable and accessible to all student population groups and ages.
- 6.9.4 Initial Confrontation of Accused Harasser Not Required – A student who invokes the harassment complaint procedure will not be required to present the complaint to the accused or suspected harasser for resolution. Students will be permitted to report allegations of suspected harassment to any appropriate Board administrator, teacher, counselor, or employee, and such persons have a duty to promptly refer such allegations to the Superintendent or to take such action as may be required by the procedures established under “Sexual Harassment Complaint Procedures Authorized” (6.11.3) above. In no case will any employee who is the subject of a complaint be permitted to conduct, review, or otherwise exercise decisionmaking responsibility in connection with the processing of the complaint.
- 6.9.5 Notice of Policy to be Promulgated – The Superintendent will promulgate and disseminate this policy and the complaint procedures to the schools and will take such other steps and measures as may be reasonably available and expedient for informing the school community of the conduct prohibited by this policy and the recourse available to students who believe that they have been subjected to sexual harassment.

6.10 *Protection of Pupil Rights Amendment*

- 6.10.1 Consent – The Board will obtain parental consent before students are required to participate in a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):
- a. Political affiliations or beliefs of the student or student's parent(s);
 - b. Mental or psychological problems of the student or student's family;
 - c. Sexual behavior or attitudes;
 - d. Illegal, anti-social, self-incriminating, or demeaning behavior;

- e. Critical appraisals of others with whom respondents have close family relationships;
- f. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;

6.10.2 Notice and Option to Opt Out – Parents will be provided notice and an opportunity to opt a student out of any of the following:

- a. Any survey that is designated to obtain protected information from a student, regardless of the source of funding;
- b. Any non-emergency, invasive physical exam or screening that is required as a condition of attendance, that is administered by the school or its agent, and that is not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law; and
- c. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or for the purpose of selling or otherwise distributing the information to others.

6.10.3 Inspection – Parents will be allowed to inspect, upon request and before administration or use, the following:

- a. Protected information surveys of students;
- b. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
- c. Instructional material used as part of the educational curriculum.

6.10.4 Special Provisions for Certain Students – Students who are at least 18 years old and emancipated minors under state law will be allowed to take the above actions in lieu of their parents or guardians.

6.10.5 Additional Policies and Procedures Authorized – In consultation with parents, the Superintendent is authorized to develop additional policies, and arrangements to protect student privacy in the administration of protected information surveys and in the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The Board will directly notify parents of these policies and procedures at the beginning of each school year and after any substantive changes are approved.

6.11 *Student Records*

Educational records as defined by law or Board policy will be available for examination and review by authorized persons in the manner prescribed and to the extent required by law. Except where the context requires otherwise, the term “educational records” has the meaning given in 20 U.S.C. §1232g(a)(4). Copies of such records may likewise be provided to the extent required and under circumstances specified by applicable law or regulation. The Superintendent is authorized to establish administrative standards and for the reproduction thereof. 6.12 *Student Health Services*

The Board may offer limited student health services that are designed to address minor medical issues that may arise during the school day or to assist with special or chronic health problems. In cases of acute or contagious illnesses, parents or guardians may be notified and required to pick up the student. If a parent or guardian is not available, the principal or school nurse may contact the Department of Public Health. School officials are authorized to take reasonable and appropriate steps to provide or arrange for the provision of emergency medical services to students who require immediate medical attention. In case of illness or accidental injury not requiring immediate medical attention, standard first aid procedures may be followed. The Superintendent is authorized to develop and promulgate procedures, rules, and regulations concerning the taking, administration, and handling of medication, and the treatment of anaphylaxis at school consistent with state law and appropriate health standards.

6.13 *Student Conduct*

The Superintendent or his or her designee will prepare and present to the Board for adoption and periodic revision a Code of Student Conduct (“CSC”), with input from teachers, school personnel, students, parents and guardians, and other members of the education community and, as appropriate, the community at large. The CSC will comprehensively describe the rules and standards of conduct and discipline that will be maintained and enforced within Decatur City Schools. The CSC will set forth the specific grounds for disciplinary action, the penalties, sanctions, or consequences that may be imposed for a violation of the CSC, the methods and procedures by which violations of the CSC will be determined, and any appeal or review procedures that are available to students. The CSC will incorporate applicable statutory and regulatory requirements, and the hearing and appeal procedures specified in the CSC will conform to applicable statutory and constitutional standards and requirements. The CSC may be incorporated in a student handbook and will be made available to all teachers, school personnel, students, parents and guardians at the beginning of each school year. The

CSC will be deemed an extension of Board policy and will have the force and effect thereof.

6.14 Searches (Students)

- a. *Board Property* – All school system property, facilities, and grounds may be entered, inspected, and searched for any lawful purpose by Board officials or their designees at any time, without prior notice and to the fullest extent permitted by law. The right to enter, inspect, and search includes and extends to (but is not limited to) Board owned or controlled offices, desks, file cabinets, lockers, computers, files, documents, data, and devices however and wherever kept, stored, or maintained.
- b. *Personal Property* – Personal property, including but not limited to vehicles, purses, wallets, gym bags, book bags, cell phones, computers, and “personal digital assistant” (PDA) devices may be searched by authorized school officials, including school principals or their designees, when reasonable suspicion exists that the property contains prohibited materials, illegal substances, weapons, or other items that are reasonably deemed to present a risk or threat to the safety or welfare of the school community or that the property contains evidence of an actual or suspected violation of the law, of Board policy, of the code of student conduct, or of other school rules, provided that the nature and extent of such search is reasonably related and limited to the suspected violation.
- c. *Personal Searches* – Students may be searched whenever reasonable suspicion exists that the student possesses prohibited materials, illegal substances, weapons, or other items that are reasonably deemed to present a risk or threat to the safety and welfare of the school community, provided that the nature and extent of such search is reasonably related and limited to the suspected violation. Student searches must be conducted by a school administrator in the presence of another certified school employee and may include a private pat down of the student, a search of personal items and clothing, or a more thorough search upon specific approval of the Superintendent or his or her designee. Personal searches will be conducted with due regard for the age and gender of the student. Searches that require physical contact between the school official and the student or examination of the student in a way that would implicate privacy concerns must be conducted and witnessed by officials of the same gender as the student and in a way that preserves the dignity of the student to the extent practicable under the circumstances. Refusal to submit to a search or to cooperate in a search as provided in this policy may be grounds for disciplinary action.
- d. *Use of Recovered Items* – Property, material, substances, information, or records that are obtained, discovered, or recovered as a result of a search may be retained and used for any lawful purpose.

- e. *Construction* – This policy shall not be construed to prevent:
- (1) School Resource Officers or other law enforcement officials from taking independent, lawful action regarding activities that occur on campus; or
 - (2) The Board or its employees from seeking the assistance of School Resource Officers or other law enforcement officials to assist in a search.

6.15 *Corporal Punishment*

The Board permits the use of reasonable corporal punishment only after a teacher or administrator has already attempted to correct the behavior in question. These methods must include, at least, a conference with a student about his or her behavior and a conference with the student's parent or guardian. In the conference with the parent or guardian, the teacher or administrator must notify the parent or guardian that continued misbehavior by the student may result in the use of corporal punishment. Should corporal punishment be needed, it must be administered according to the following:

1. The student has been notified of the offense for which he is to receive corporal punishment and the student has been given an opportunity to explain his or her actions.
2. The punishment is administered by the school principal or his or her designee with the knowledge and consent of the principal and witnessed by a certified school employee.
3. The punishment is administered out of view of any other students.
4. A record of the corporal punishment will be made in accordance with the school system's disciplinary recordkeeping requirements.

The Superintendent is authorized to develop and implement procedures for administering and documenting corporal punishment, consistent with the terms of this policy.

6.16 *Seclusion and Physical Restraint*

The Superintendent is authorized to develop written procedures governing the use of seclusion and physical restraint as required by state law. The procedures will be published in accordance with the requirements of state law.

6.17 *Student Suspension (including Students with Disabilities)*

In order to maintain order, minimize the risk of potential personal injury, property damage or disruption, or to permit an orderly investigation and evaluation of a suspected violation of school or school system rules, standards, or policies, principals may temporarily suspend a student pending a conference with the parent or guardian of the

student and a final disciplinary decision. Suspension may also be imposed as a disciplinary measure as provided in the Code of Student Conduct. Suspensions will be counted as excused absences. Make up work may be permitted for such absences unless permitting such work under the circumstances would be impractical or impossible, would serve no purpose, would place school personnel at risk of harm, or would be unreasonable in light of the grounds for the suspension. Suspension of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act (“IDEA”) and its implementing regulations.

6.18 *Student Expulsion (including Students with Disabilities)*

Upon recommendation of the Superintendent, students may be expelled from school for offenses serious enough to warrant such action as provided in Code of Student Conduct or other Board disciplinary policies. Students who are recommended for expulsion may be suspended until such time as the Board meets to consider the recommendation for expulsion. Reasonable notice of the proposed action, the reasons therefore, and an opportunity to be heard will be afforded to the student and the student’s parent or guardian prior to a final decision by the Board regarding expulsion. The Superintendent will notify the student or the student’s parent or guardian, in writing, of any action taken by the Board. The term of an expulsion may extend to the maximum permitted by law. The Board may impose such reasonable limitations on the student’s right to re-enroll in the school system following expiration of expulsion as may be permitted by law. A student who withdraws from school prior to the Board’s consideration of a proposed expulsion may not re-enroll in the school system until the Board holds a hearing or other appropriate proceedings regarding the recommended expulsion. Expulsion of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act (“IDEA”) and its implementing regulations.

6.19 *Electronic Communication Devices*

Allowing a student to bring electronic devices, including, but not limited to, cell phones, or other devices to school is a privilege afforded by Decatur City Schools. Use or visible possession of any such device during school hours is strictly prohibited unless such use is authorized by the Principal or the student is using a device issued to students by the school system for educational purposes. In addition, students may use personally-owned technology such as e-readers, tablets, notepads, laptops, or similar devices according to specifications within Decatur City Schools’ Bring Your Own Device guidelines. The Board assumes no responsibility for theft, loss, or damage to any electronic device.

The Board permits restricted and conditional access to, and use of, its technology resources, as well as personally-owned devices, for instructional purposes only and not for personal use. Students may use only accounts, files, software, and/or other technology resources that are assigned to, provided to, or approved for him/her.

The Board reserves the right to place conditions on, restrict, or prohibit the use of personally-owned technology resources, including all electronic devices and storage media on its property. School officials may read, examine, or inspect the contents of any such device upon reasonable suspicion that the device contains evidence of an actual or suspected violation of the law, of Board policy, of the code of student conduct, or of other school rules, provided that the nature and extent of such examination shall be reasonably related and limited to the suspected violation.

6.20 Drivers' License

6.20.1 Drivers' License – Unless exempted from the requirement by Board policy, a person under the age of 19 years may not under state law obtain a driver's license or a learner's permit without being enrolled in school or meeting alternative criteria established by law. Additionally, a driver's license may be suspended or revoked if a student withdraws or fails to attend school. Students may be exempted or excused from otherwise applicable statutory requirements if their withdrawal or nonattendance is caused by circumstances beyond the control of the student. Circumstances beyond the control of the student may be found with respect to:

- a. Students who are mentally or physically unable to attend school;
- b. Students who are regularly and legally employed in compliance with the provisions of the Child Labor Law; and
- c. Students who, because of the lack of public transportation, are compelled to walk more than two miles to attend a public school.

Students who are denied a driver's license by virtue of their nonenrollment may appeal a decision affecting the student's eligibility for a driver's license to the Superintendent or his or her designee or the principal. The appeal should be in writing and filed within 15 days of the decision from which the appeal is taken, and should set forth the reasons on which the appeal is based. The Superintendent or his or her designee shall be the sole judge of whether the withdrawal is due to circumstances beyond the control of the student.

6.20.2 Administrative Procedures Authorized – The Superintendent is authorized to develop procedures to implement the provisions of this policy and to comply fully with state law.

6.21 Tobacco, Alcohol, and Drug Policy for Student Drivers and Students Participating in Competitive Extracurricular Activities

6.21.1 Policy Statement – The Decatur City Board of Education (Board) values students and their participation in athletics and other extracurricular activities. These

students, as role models for other students, are keys to the Board’s goal of providing the best possible education program for all students. To achieve this goal and to maximize the skills and talents of all students, it is important that every student and employee of the school system understand the dangers of tobacco, alcohol, and drug abuse.

It is the objective of the Decatur City Board of Education to assure that all students who wish to take advantage of the privilege of driving or parking a motor vehicle on school property or any other site off campus during regular school hours at which a student is participating in or observing any school activity, be completely free of the effects of alcohol, and/or the presence of other illegal or controlled substances. In an effort to meet this objective, the Decatur City Board of Education reserves the right to require that any student desiring to drive or park a motor vehicle on school property be subject to and submit to random drug testing at any time while on school property, or attending school sponsored activities during regular school hours.

This policy statement clarifies the Board’s position on student tobacco, alcohol, and drug use as it pertains to athletic and competitive extracurricular participation and student drivers. For the purposes of this policy, students who participate or intend to participate in high school athletic teams, cheerleading squads, and extracurricular organizations of a competitive nature as listed in Section 6.22.8 are termed “competitive students.” For the purposes of this policy, “student drivers” includes any student currently enrolled in the Decatur City School System who drives or parks a motor vehicle on school property or at any other site off campus during regular school hours at which a student is participating in or observing a school activity. Participation in competitive activities and driving or parking a motor vehicle on school property or at any other site off campus during regular school hours at which a student is participating in or observing any school activity, are privileges which can be taken away for failure to comply with this policy. The Board may change the provisions of this policy at any time in accordance with law. Students covered by this policy will be informed of any changes.

6.21.2 Policy Objectives –

- a. To reduce the likelihood of incidents of accidental personal injury and/or damage to students or property.
- b. To encourage any student who uses, is dependent upon, or is addicted to tobacco, alcohol or other drugs to seek help in overcoming the problem.
- c. To create and maintain a safe, drug-free environment for all students.
- d. To minimize the likelihood that school property will be used for illicit drug activities.

- e. To protect the reputation of the school system and its students.

Substance abuse is a serious threat to the school system, its students, visitors, and employees. The Board believes that benefits derived from this policy outweigh the potential inconvenience to competitive students and student drivers. The Board earnestly solicits the understanding and cooperation of all school staff, students, and parents in implementing this policy.

6.21.3 Requirements of Competitive Students – After October 1, 2002, no competitive student shall be permitted to participate in athletics, cheerleading, or any of the competitive extracurricular activities described in Section 6.22.8 of this policy unless:

- a. Such student and their parent or legal guardian agree in writing, in such form and at such times as the Superintendent may require, to be randomly tested and automatically retested for tobacco, alcohol, and drug use pursuant to the provisions of this policy.
- b. Such student duly and timely submits to each request by a Board employee that the student undergoes a tobacco, alcohol, and drug test pursuant to the requirements of this policy and fully cooperates in providing the testing specimen and abstains from adulterating the same.
- c. Such student abstains from using tobacco, alcohol, and drugs at or away from school. For purposes of this paragraph of this policy, the term “drugs” means any substance which an individual may not sell, possess, use, distribute, or purchase under either federal or Alabama law, including, but not limited to, all scheduled drugs defined in the Alabama Uniform Control Substances Act, all prescription drugs obtained without authorization, and all prescribed and over the counter drugs being used for an abusive purpose, whether or not such are tested for under this policy. Admitted use of tobacco, alcohol, or drugs, for purposes of this policy, shall be equivalent to a Medical Review Officer (MRO) verified confirmed positive test for the presence of tobacco, alcohol, or drugs, as the case may be, and subject the student to the consequences prescribed in Section 6.22.6.

To avoid creating safety problems or violating this policy, competitive students must inform their coaches/assistant coaches/directors/sponsors when they are legitimately taking medication or have a medical condition which may affect their ability to practice or compete.

6.21.4 Requirements for Student Drivers – After August 1, 2008, no student driver shall be permitted to operate or park a motor vehicle on school property or any other site off campus during regular school hours at which a student is participating in or observing any school activity, unless:

- a. Such student and their parent or legal guardian agree in writing, in such form and at such times as the Superintendent may require, to be randomly tested and automatically retested for alcohol and drug use pursuant to the provisions of this policy.
- b. Such student duly and timely submits to each request by a Board employee that the student undergoes an alcohol and drug test pursuant to the requirements of this policy and fully cooperates in providing the testing specimen and abstains from adulterating the same.
- c. Such student abstains from using alcohol and drugs at or away from school. For purposes of this paragraph of this policy, the term “drugs” means any substance which an individual may not sell, possess, use, distribute, or purchase under either federal or Alabama law, including, but not limited to, all scheduled drugs defined in the Alabama Uniform Control Substances Act, all prescription drugs obtained without authorization, and all prescribed and over the counter drugs being used for an abusive purpose, whether or not such are tested for under this policy. Admitted use of alcohol or drugs, for purposes of this policy, shall be equivalent to an MRO verified confirmed positive test for the presence of alcohol or drugs, as the case may be, and subject the student to the consequences prescribed in Section 6.22.6.

6.21.5 Enforcement – The Board requires all competitive students and student drivers to submit to tobacco, alcohol, and drug tests to maintain safety and security. The Board has developed this student testing program to follow, as the Superintendent deems appropriate and practicable, the process of 49 CFR Part 40 and the Omnibus Transportation Employee Testing Act of 1991. The Board encourages, and may require, its employees to be trained in tobacco, alcohol, and drug usage recognition skills.

Pursuant to this policy and procedures to be developed by the Superintendent, competitive students and student drivers with appropriate parental consent may be tested on a random basis throughout the schoolyear.

A competitive student or student driver who has a confirmed positive test verified by the Board’s MRO will be subject to the consequences outlined in Section VI of this policy. Refusal to comply with the testing requirements of this policy (including refusal to test or to cooperate in testing or submit to testing in a timely manner and as directed by school personnel) will result in the same consequences as apply to the Third Occurrence of Positive Test Results (Other Than Tobacco).

6.21.6 Consequences – Consequences are outlined based upon the number of occurrences of a positive test. After one calendar year, if no other positive tests have occurred and all requirements of a positive test have been met, the student will be returned to the random sampling pool. All automatic split sample and private retests will be at parent’s or student’s expense.

Newly enrolled competitive students and student drivers will be placed into the random pool. These students will begin with a clean record, except that a student moving into the district who has not completed consequences for a positive test in his previous district must complete such consequences either in that district or in the Decatur City Schools according to this policy.

Consequences for a confirmed positive test (mandatory or random) and for admitted tobacco, alcohol, or drug use at or away from school are as follows:

a. *Positive Test Results – Tobacco Only*

The competitive student or student driver’s parents or legal guardians, school administration, and sponsor of competitive activity shall be notified of the positive test. Upon notification the student will return to the random pool.

b. *First Occurrence of Positive Test Results (Other than Tobacco)*

i. The competitive student or student driver, student’s parents or legal guardians, school administration, and any activity sponsor or coach shall be notified of the positive test.

ii. The competitive student or student driver will be suspended from all competitive activities or driving privileges for 21 calendar days from the notification of the First Occurrence of Positive Test Results (Other Than Tobacco) and thereafter until completion of the following:

A. The student shall be enrolled and attending Mandatory Substance Abuse Counseling as approved by the Superintendent or alternative substance abuse counseling program as approved by the Superintendent or Drug Testing Coordinator (DTC). The Board is not responsible for costs associated with such counseling.

B. The student shall automatically be retested on the next regularly scheduled drug testing date (scheduled no earlier than 21 calendar days after notification of testing results) and at every subsequent drug testing date for one calendar year from the date of notification of a First Occurrence of

Positive Test Result. However, for a student to be eligible for automatic testing, the student must have been enrolled and attending Mandatory Substance Abuse Counseling.

- c. *Second Occurrence of Positive Test Results (Other than Tobacco)*
 - i. The competitive student or student driver, student's parents or legal guardians, school administration, and any activity sponsor or coach shall be notified of the positive test.

Upon the second violation, the competitive student or student driver will be suspended from all competitive activities or driving privileges for a minimum of 9 school weeks following such date of notification of positive test results. If such suspension is not completed during the current year, it shall be completed in the ensuing school year. In addition to the foregoing:
 - A. The student must complete Mandatory Substance Abuse Counseling.
 - B. The student shall automatically be retested on the next regularly scheduled drug testing following the student's suspension and thereafter for one calendar year.
 - C. Upon completion of suspension, the competitive student must test negative before the student is allowed to participate in competitive extra-curricular activities. Upon completion of suspension, the student driver must test negative before the student is allowed to drive or park on campus or at any site off campus during regular school hours while the student is participating in or observing any school activity at such off campus site.
 - D. The student of the student's parent/guardian must pay in advance the cost of the student's first automatic retest.
- d. *Third Occurrence of Positive Test Results (Other than Tobacco)*
 - i. The competitive student or student driver, student's parents or legal guardians, school administration, and activity sponsor or coach shall be notified of the positive test.
 - ii. Upon the third violation, the competitive student or student driver will be suspended from all competitive activities or driving privileges for minimum of 18 school weeks from the date of notification of positive test results. If such suspension is not completed during the current year, it shall be completed in the ensuing school year. In addition to the foregoing:

- A. The student must complete Mandatory Substance Abuse Counseling.
- B. The student's parent or legal guardian must complete an approved parenting program or be actively involved in family counseling sessions.
- C. The student shall automatically be retested on the next regularly scheduled drug testing following the student's suspension and thereafter for one calendar year from the date of notification for the positive test results.
- D. Upon completion of suspension, the competitive student must test negative before the student is allowed to participate in competitive extra-curricular activities. Upon completion of suspension, the student driver must test negative before the student is allowed to drive or park on campus or at any site off campus during regular school hours while the student is participating in or observing any school activity at such off campus site.
- E. The student or the student's parent/guardian must pay in advance the cost of the student's automatic retest.

6.21.7 General Provisions –

The student or the student's parents or guardians may request a retest of a portion of the sample taken from the student within 72 hours of notification of test results.
