### **School Description**

Vista West is a continuation high school campus within the Kern High School District and is located three miles from central Bakersfield on State Highway 58 in a suburban area called Rosedale. The school was built in 1935 as a W.P.A. project and was originally intended to provide a school for the children of families migrating to the San Joaquin Valley from Texas and Oklahoma. The school is considered a historical site. In 1990 the KHSB bought the school site, and in 1993, a state-financed remodel was completed. Classrooms were carpeted and airconditioned; new chalkboards, tack boards, Smart Boards, and white boards were added. Ceilings were dropped and new wiring and lighting added. The result was a small school with a new feel. Yet, where possible, the 1935 architecture has been preserved to keep the traditional "flavor" of the school.

The school has a total of thirty indoor instructional areas, an auditorium which can seat up to 300, a library, an administration building with the principal's office, a dean's office, two counselor offices, student support and intervention facilities, and clerical support areas. These areas were remodeled to put all personal counseling, intervention, and 9th-, 10th- and 11th- grade counseling in one area. There is another program called AIM (Alternative Instructional Method) which shares a campus with VWHS. This program is designed for special education students. Although it is on the same campus, AIM is a completely separate program and is not associated with Vista West High School.

### **School Mission and Vision**

The Mission of Vista West High School is to provide students the education, skills and behaviors needed to graduate from high school prepared to succeed in the workplace or at the post-secondary level, and to become productive, responsible citizens.

The Vision of Vista West High School is that students will be prepared to become lifelong learners who will contribute to the community. Students will become responsible learners through challenging "standards-based" course work who can communicate effectively, think critically, and solve problems. The collaboration of school, home, and community will prepare every graduate for the challenges of the future.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)**

Every student in the Kern High School District Continuation Schools (Central Valley, Nueva, Summit, Vista and Vista West High Schools) has access to a core subject textbook and instructional materials. Students can always checkout and take textbooks home in order to complete class work, homework, or simply to study the information. Due to a fluctuation in enrollment, textbooks purchases are made yearly to make sure every student has textbook access.

All textbooks purchased are standards aligned and approved by the district and Board of Trustees.

Other instructional materials and technology are purchased for the purpose of meeting or exceeding the academic performance standards. Recommendations to obtain materials are made by staff through the schools leadership team or subject area department chairs. The recommendations are based on students' need and the school's goals for student success for all students. Final decisions to purchase materials and technology are approved by the Principal and/or site administrator.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Kern High School District (KHSD) facilities are maintained in a manner that assures safety, cleanliness, and functionality. KHSD Safety Inspectors and the Maintenance and Operations Department conduct annual inspections as determined pursuant to a Facility Inspection Tool (FIT) developed and approved by the State of California, Office of Public School Construction (OPSC). The FIT evaluates a school facilities' good repair status with ratings of "good", "fair", or "poor." The instrument does not require capital enhancements beyond the standards to which the facility was designed and constructed. Improvements come from the District Maintenance and Operations budget and the school's Principal's budget. The District participates in the State School Deferred Maintenance Program for major repair and replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems, interior and/or exterior painting and floor systems.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)

Socioeconomically Disadvantaged	12	10	83.3	10.0

\* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

-Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

-Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2017-18)

Incoming students and their parents/ guardians meet with site administration and a counselor in an initial intake conference. Students also attend an Orientation with administration and the school's Community Outreach Specialist. Throughout the school year, parent conferences at parent, teacher or staff request are arranged and mediated by the counseling department. Written and verbal correspondence is ongoing between the staff and parents of Vista West High School regarding concerns of academic performance, behavioral performance and/or attendance issues. Parents/ guardians are encouraged and assisted with monitoring their respective student's progress with "Parent VUE," and students have access to their individual performance in each class using "Student VUE." "Back to School Night" invites parents to visit the classrooms and talk with teachers about the classes offered. Newsletters and guides for parent educational support are sent home in both English and Spanish. Deficiency notices are sent home mid term for those students who are in danger of not earning a passing grade in any class and grade cards are mailed home at the end of each grading period.

The School Site Council functions with the EL parent Advisory and the Title 1 parent advisory, with the proper composition for each advisory group.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

Vista West provides a safe, secure and comfortable climate. Kern High School District discipline policies are followed. Students must maintain regular daily attendance in all classes. Parents and students receive a detailed explanation of the Vista West Student Expectations upon enrollment and students participate in a one day Orientation Program. The Orientation Program assists new students in developing good habits, understanding the ways to be successful at school, and ways to avoid problems in class and on campus. After completing the program, Vista West students understand what is expected of them and how to be successful.

The site administrator, assistant dean of students, and the counselors supervise disciplinary and attendance programs on campus. Three campus supervisors patrol the grounds and work with students, the counselors, and the Dean to resolve conflicts that arise. An officer of the Kern High School District Police department is on campus as needed for citations or investigations. After school work is used as an alternative to suspension for minor discipline problems. Parents are contacted when students have discipline problems. Vista West has a zero tolerance policy for drugs, weapons and fighting; violations result in removal from the Vista West program. The Comprehensive School Safety Plan is available at the school for parent reference.

### Types of Services Funded

Vista West High School is funded for a variety of special programs and services. Resource classes are provided for qualified students.

An EL program is provided for English Learners. A Title I program benefits all qualified students. A KHSD Police Officer on campus provides security. Three full time campus supervisors assists in campus supervision. Two counselors are available at all times for personal/social as well as academic counseling. Qualified Vista West students receive free or reduced breakfast and lunch. A library is available to all students during the school day and before and after school. A weight-training area is periodically open at noon for student use. Computer labs and computers in the library are available for students to access the internet and other learning resources. Students can enroll concurrently for the Regional Occupation Program and the local community college. Bus transportation is available for all students. WIA, a federally funded program, provides after school academic enrichment and employment opportunities for qualified students.

### Career Technical Education Programs

The Kern High School District's (KHSD) 18 comprehensive high schools, 6 continuation schools, career centers, Bakersfield Adult School, and Regional Occupation Center (ROC) offer 33 different career pathways as outlined by the California career technical education (CTE) model curriculum standards in 15 industry sectors, groupings of interrelated occupations and broad industries. The average number of career pathways offered per school site is 5.75

The collaboration between KHSD's Career Technical Education (CTE) programs and the local community college provide a coherent sequence of courses directly related to the academic and career technical preparation of all students for employment in current and emerging occupations. KHSD has long been a leader in CTE programs which have been recognized locally and nationally.

The ROC offers 17 capstone classes to the local high school students and supports introduction, concentration, and capstone program offerings at the comprehensive sites. The Health Careers Academy offers a sample of the CTE programs that demonstrate the collaboration between the various educational institutions. Students may take introductory and concentrator classes at their regular high school campus, attend the Nursing Assistant ROC program during their senior year and obtain state certification, sequence to the Bakersfield Adult School's Licensed Vocational Nursing program, and finish at a local college as a Registered Nurse.

A strong relationship with the Kern Community College District Collaborative has strengthened the CTE programs at the secondary and post-secondary levels. Thirteen Partnership Academies through the California Department of Education (CDE) flourish at eight comprehensive sites, providing graduates with real world CTE pathway experiences, state and/or career certification, and work opportunities immediately upon graduation.

Follow up studies track the Carl Perkins CTE program completers with over 90% graduation rate for student participants. The KHSD CTE Advisory Committee, representing a reflection of local business and industry partners, meets annually to make recommendations for program improvement, as well as to discuss industry trends, training needs, and local industry demands for future employment.

CTE courses at KHSD comprehensive sites are increasing rapidly with 28 different pathways being offered at the various schools. In addition, the District continues to add resources to further improve and expand CTE offerings.

Project-Lead-The-Way, a CTE program supported by Chevron and in partnership with the KHSD, specifically supports advanced Science and Engineering programs. The KHSD also supports Virtual Enterprise programs at six of the comprehensive schools. The district receives Carl D. Perkins funds which help many of the CTE programs at the school sites.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
