

9230 - Parental Responsibilities

The Board of Education believes that children benefit when parents or legal guardians recognize and discharge a responsibility to encourage and support the learning process.

Parents or legal guardians can help children learn by:

1. Requiring that children obey all school rules and by accepting responsibility for a child's improper conduct;
2. Sending children to school with proper attention to health, personal cleanliness, and dress;
3. Maintaining an active interest in each child's daily work and making it possible for the child to complete assigned homework by providing a quiet place and suitable conditions for study;
4. Reading communications from the school and signing and returning them promptly when so requested;
5. Attending conferences arranged for the exchange of information on the child's progress in school;
6. Scheduling family matters to minimize interference with school; and
7. Informing the school of any factors or situations which might affect their child's ability to learn.
8. All parents must review and maintain current emergency contact information for safety and security purposes, and must notify the district whenever a change in such information takes place.
