We are off and running in the new year and the excitement that redesign has brought to our building is enormous.. We are confident that this work will make your children's educational experience the best it possibly can be. Jag Time has been a successful addition to our school day, because it gives students and staff the opportunity to come together as a community, first thing in the morning. The classroom morning meetings portion of Jag Time has been powerful for students to have the chance to begin their day with a positive, among many other benefits.. In January and February, our staff will be focusing on project-based learning, PM academy, and personalized learning. We will be having more redesign informational meetings later in the semester, but if you have any questions or comments please do not hesitate to bring those to our office and put those in our feedback box.

### 2<sup>nd</sup> grade Swimming Unit

The McPherson YMCA will be teaching swimming lessons to our second graders. Each second grade class will go to the "Y" on Tuesday afternoons for six weeks starting on January 9. This program is a wonderful opportunity for 2<sup>nd</sup> graders to enjoy the water and learn about water safety.
