

UNIT 1

Physical Science and You

Chapter 1 *Studying Physics and Chemistry*

Chapter 2 *Experiments and Variables*

Chapter 3 *Key Concepts in Physical Science*

TRY **THIS** AT HOME

Do your own metric scavenger hunt! Find a ruler that is marked off in centimeters. If you don't have a ruler you can print a paper ruler from the Internet. Find ten different objects. The first should have a length, width, or thickness of one centimeter. The second

should have a length, width, or thickness of two centimeters, and so on until you find an object that is ten centimeters long, wide, or thick. List and describe your ten objects.
