

BEAUMONT UNIFIED SCHOOL DISTRICT

Dear Parent or Guardian,

The Healthy Schools Act of 2000 was signed into law in September 2000 and requires that all schools provide parents or guardians of students with annual written notification of possible pesticide use on school sites. The notification will identify the active ingredient or ingredients in each pesticide product and will include the Internet address(<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives. In compliance with the Healthy Schools Act, starting July 2001, we send out annual notifications.

Parents or guardians may request prior notification of individual pesticide applications at the school site. Beginning July 1, 2001, people listed on this registry (renewed annually) will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please notify us in writing at: Beaumont Unified School District, Director of Maintenance & Operations, P.O. Box 187, Beaumont, CA 92223.

If you have any questions, please contact the Director of Maintenance & Operations at (951) 797-5398.
