School: _____

Grade Level/Department: _____

It is expected that Davidson County School employees will use computers, the Internet and the system-wide network for instructional purposes. Employees should maintain the highest ethical behavior in personal use of the Internet and should promote that behavior among students. It is the responsibility of all employees to:

- Adhere to the Acceptable Computer and Internet Use Policy for Davidson County Schools.

Additionally, certified staff members shall:

- Ensure that each student user has on file a signed Internet Use form before he or she is allowed to access the Internet.
- Supervise students using the Internet, pointing them toward worthwhile sites and restricting their access to questionable materials as much as is practical.
- Ensure that student users are reminded annually of the guidelines in the Acceptable Computer and Internet Use Policy for Davidson County Schools.
- Follow the same criteria for instructional use of Internet resources as are applicable to all instructional materials.
