

**Albany Unified School District
Sustainability / Integrated Design Committee**

1. Overarching Goals/Values:
 - a. Safety & Accessibility
 - i. Supervision
 - ii. Visual transparency
 - iii. Traffic and parking consideration
 - iv. Cars and people
 - v. Bicycles
 - vi. Universal access
 - vii. Healthy building
 1. Ventilation
 2. Material choice (off gassing, VOC, lead, etc.)
 - b. High Quality of educational learning spaces:
 - i. Expanding/meeting future flexibility needs
 - ii. Buildings as learning tools
 - iii. Lighting
 - iv. Acoustics
 - v. Visual comfort
 - vi. Thermal comfort
 - vii. Physical configuration of classroom for learning
 - viii. Environment adaptability to meet the needs of flexible learning
 - ix. Technology
 - x. Connection to nature
 - c. Multi-use by school and community
 - i. Multipurpose room
 - ii. Library
 - iii. Bathroom placement
 - iv. Emergency situations
 - d. Resource Use:
 - i. Energy consumption – commit to Net Zero
 - ii. Water efficiency
 - iii. Resource efficiency
 - iv. Energy efficiency
 - v. Material efficiency
 - e. Quality architecture (function, scale)
 - i. Interesting & appropriate
 - ii. Warm material choice
 - iii. Connection to nature
 - iv. Building resiliency for emergencies
 1. Civic Center Act
 2. AUSD/City of Albany Agreement – Joint Use Agreement
 - v. Daily Operations:
 1. Gathering, breakout, circulation areas of the school
 2. Meeting space
 - f. Budget – There will be some limits/fiscal constraints. We need to do the best with the resources we have
