Chapter 5 PARCC Research Simulation Task Response

Ancient Sumer is believed, by historians, to be one of the first civilizations. Based on what we learned in Chapter 5, describe how Ancient Sumer was a civilization.

Objective: Write a 3-5 paragraph PARCC Research Simulation Task response, using 3 of the 7 characteristics of a civilization we discussed to explain how Ancient Sumer was a civilization.

Use quotes from the textbook, The Sumerian Times Reading, and History of a Civilization video provided to you in order to cite evidence to support. Two quotes are mandatory in your response.

The 7 Characteristics include:
   1) Stable Food Supply
   2) Social Structure
   3) System of Government
   4) Religious System
   5) Highly Developed Culture
   6) Advances in Technology
   7) High Developed Written Language

For example, explain the food supply, social structure, and the religious system in Sumer in your response.
1st paragraph: Introduction
2nd Paragraph: 3 characteristics of Ancient Sumer you chose to show Sumer is a civilization,
3rd Paragraph: Conclusion

Rubric is located on the back.
