

## Wellness Committee Meeting Minutes

10-26-16

**Attendees:** Matt McKinley, Sarah Bentley-Garfinkel, Betty Robert, Michelle Trimboli, Jeff Stenlake, Duane Richards, Mike Matejcik, Jane Bain, Pete Bertrand, Paul Haggett

Meeting Start Time: 5:05 p.m.

Matt McKinley was the minute taker.

Introductions to new members, Jeff Stenlake, as our parent member, and Mike Matejcik, Madison elementary school P.E. teacher.

Matt McKinley said he was working with Kara Warren's PR class to take/submit pictures to him. These pictures will also be put on our website. Mike Matejcik gave the names of two students to be in contact with who have taken pictures of kids at Nightengale using the new equipment. Matt said he would be in contact with them.

Sarah Bentley-Garfinkel thanked everyone for completing the School Building Assessments. There were just 2 concerns pertaining to question 5 and 8. A discussion took place and Pete Bertrand was able to help us answer them. Assessments are now complete.

Sarah addressed SLCHI goals, etc. Last year money was spent to fill gaps in PE budget. We should start thinking about this year and where we want to put the money towards.

Jeff Stenlake asked if there was already a Wellness Policy in place at MCS. Sarah said that we did have one, but it is the Erie County version with just a few tweaks that we had incorporated more than 10 years ago. Erie One BOCES is updating the wellness policy template. We will be waiting until we receive a copy of the new updates before addressing ours. We further discussed whether to use subcommittees or do whole group discussion when working on the wellness policy. I was agreed that we would work as a group.

Meeting was adjourned @ 5:05 p.m.
