Arcata Elementary School

### Our Mission Statement:

Arcata Elementary School provides a rich and stimulating academic program, which encourages individuality, cultural diversity, and critical thinking. In our safe and secure environment, students build excellent character and maximize their potential. As educators we value the partnership between families, school, and community.

Arcata Elementary School is located in Arcata, a small university town in the heart of Redwood Country in Northern California, on Humboldt Bay. Arcata Elementary School is one of two schools in the Arcata School District, serving 310 children in transitional kindergarten through fifth grades. Arcata Elementary School, "AES", has a before school and extended school day program; as well as an on-site preschool program.

Our students are the focus at AES. Students receive a stimulating academic program that encourages individuality, cultural diversity, and critical thinking. The staff of AES integrates 21st century skills students need to develop in order to succeed in our information based economy. Students develop the ability to think deeply about issues, solve problems creatively, work in teams, and to communicate their ideas clearly using a variety of technology. Students are immersed high quality visual and performing arts program. Highly qualified certificated classroom teachers, a credentialed music teacher, and a dance specialist teach all students. The cultural diversity of our students and families is celebrated through all of these programs.

At AES, we are proud of a strong academic tradition. In addition, Arcata Elementary School staff members create a safe and supportive environment that allows students not only to thrive academically, but to grow emotionally and socially.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Arcata Elementary School is located on a quiet neighborhood street in Arcata, California. The front of the school is lined with flowering cherry trees, well-manicured lawns, green foliage and flowering plants. Arcata Elementary has two well-designed parking lots and off-street parking that provide ample space for staff and visitors. We have large grassy playing fields, a large blacktop for games and two areas with play and climbing structures. Parent volunteers and school staff installed a new \$30,000 play structure, which was purchased by the PTO and API funds. In September 2013, AES started a vermi-composting program which is now thriving. The school garden was improved and now includes a new garden area with raised beds, one for each class and the after school educational program. The school has worked with the City of Arcata to build a nature trail with native plants along the north end of campus above Sunset Creek.

The Arcata Elementary School site consists of 20 classrooms, which accommodate transitional kindergarten through fifth grade, a Resource Specialist Program, three Special Day Classes, a counseling center, a Family Resource Center, and the kindergarten/first grade after school education program. The Arcata Elementary site has a speech and language specialist room, an English Learner Language resource room, the school psychologist's office, a nurse's office, a multipurpose room, the front office, a staff room, a workroom, and several storage rooms. The bus garage and maintenance buildings are located at the Arcata Elementary School site. The Arcata Elementary site has a computer lab with 30 Mac desktop computers and 30 Chromebooks and a mobile cart for use in the classroom.

In addition, two portable buildings house the library and the Arcata Family Resource Center. A modular building, with over 2300 square feet, houses the after school education program and the new preschool program.

The multipurpose room is used as a cafeteria, as well as for physical education classes, assemblies, and daytime and evening student drama performances. Two custodial/maintenance workers maintain the facilities and grounds. As a result of the passage of our School Bond through Measure F, modernization of AES classrooms, multipurpose room, bathrooms, and resurfacing of all paved areas happened during the summer of 2014.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

<b>Socioeconomically Disadvantaged</b>	29	26	89.7	50.0
<b>Students with Disabilities</b>	12	11	91.7	63.6

\* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

	<b>4</b>	18	18	100.0	5.6
	<b>5</b>	12	11	91.7	18.2

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2016-17)

We welcome and appreciate the many ways that Arcata Elementary School parents and community members strengthen our school through their support from home and involvement in the classrooms. It is our belief that a sense of family and community is the fundamental force in the development of a child. We believe that parents are the most important and influential teachers of their children. Therefore, we encourage and maintain a strong parental and community partnership. Getting involved sends a critical message to children. Education is important!

There are a number of opportunities for parental involvement at Arcata Elementary School. Parents are invited and encouraged to help in the classroom, to take part in the Parent Teacher Organization (PTO), volunteer on a number of school improvement committees organized each year, serve on the School Site Council and serve on the school district's Board of Education. We are extremely fortunate that Arcata Elementary has the support of the entire community. We have had a number of fundraiser activities at Arcata Elementary to support our arts program and environmental studies activities. Many local businesses in our area make significant contributions year after year. Our Family Resource Center offers parent support classes. On behalf of the students, parents and staff, we truly appreciate the support to our children.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

The District Safety Committee has worked diligently to set the direction for the entire district. A district-wide safety plan exists for all disaster situations. The Arcata Elementary School Plan is revised each year to meet the needs of the school and change in personnel. The committee utilized the District Safety Committee to assist with this revision. Information gathered from parents, students and staff was used to determine area need.

Arcata Elementary School has a long history of low crime rate, with only a few incidences of vandalism in the past several years. Additionally, security cameras for the safety and well-being of students and staff were installed during the 2014 summer remodel.

There have been no crimes against students or staff. The school campus is secure during all school hours. Visitors sign in and out at the front office and check out a visitor's badge as a form of identification.

In order to reinforce consistency, a school-wide assembly is held each school year to introduce all staff members to the students, meet new students and to discuss rules and appropriate behaviors. Students and staff are encouraged to add positive comments or bring up issues that concern the school. Additional gatherings are held throughout the year to reinforce and remind students and staff of student expectations. To ensure a safe learning environment, the staff consistently enforces school, bus and classroom rules.

Arcata Elementary School uses the Second Step Program, which is an anti-violence and bullying prevention program. The program is part of our Safe School Plan. During the summer of 2008, a team of administrators and teachers were trained as trainers in this program. AES also utilizes Positive Behavior Interventions and Supports (PBIS). PBIS is a proactive approach to establishing the behavioral supports and social culture and needed for all students in a school to achieve social, emotional and academic success. Then on the first staff development day, they met with teachers, support staff, other school personnel, district board members, and site council members to train them in this anti-violence/ anti-bullying program. Parent involvement is a critical component of this implementation plan.

### Professional Development provided for Teachers

The Arcata School District schedules minimum days each Monday during the academic school year. This time is used for professional development, grade level collaboration, and planning. Twelve minimum days are set aside for fall and winter parent conferences. Teachers and paraprofessional staff are encouraged to attend professional development training throughout the school year. Substitutes and funds to pay for the trainings are provided, using school site funds and district professional development funds.

Because of the wealth of professional development opportunities offered through Humboldt County Office of Education (HCOE), staff in the Arcata School District are able to avail ourselves of many excellent workshops and classes that are aligned to the State Standards. Paraprofessionals and teachers have attended several workshops for training in the areas of reading, mathematics, working with students with Autism, and behavior management techniques. Teachers at Arcata Elementary School have attended workshops, such as Response to Intervention (RtI) Training, Google Apps for Education, STEAM, Step Up to Writing, Dynamic Indicators of Basic Early Literacy Skills (DIBELS) training, PALS (Peer-Assisted Literacy Strategies) and Teacher Assisted PALS and have been using these program and methodologies consistently in the classroom, as homework, and have already observed academic improvement in language skills.

Classroom assistants and yard supervisors attend monthly meetings covering a variety of topics pertinent to their jobs. In addition, we utilize our teachers and staff to share information and provide training from conferences, local experts and out-of-the-area specialists

### **Types of Services Funded**

The Arcata School District is a small elementary district, which funds a number of services and programs. These services include one elementary school and one middle school; maintenance, operations, and transportation; before and after school program; school libraries; special education; student support materials and staff; district office (business, personnel, and payroll); and food services. A management team composed of the superintendent, principals, and classified managers coordinates all of these services.

Each year the Arcata Elementary School Site Council, made up of representatives from the teachers, support staff, parents, community members and the principal, update the Single School Plan for Student Achievement, analyzing and reviewing information from standardized and district assessments; and student, parent, and staff surveys. The school plan is updated, stating goals to meet student needs. The following were approved by the Site Council using categorical funds: an Early Reading Intervention Teacher, classroom instructional aides, reading intervention support staff, recess monitors, drama and visual arts specialist, technology materials and supplies, books and materials to support the core programs, the purchase of instructional materials to support EL students and families, the purchase of the Second Step Character Education Program equipment, the SPARK K-5 physical education program, transportation costs for field trips, swim lessons for second graders, steel pans lessons for all 5th graders, Gate instructors, instructional materials and supplies, school assemblies, live performances, a part-time counselor, staff development, computers, and computer programs to support student learning.

We are proud of the partnership and collaboration of Site Council members, staff and educational staff; and their understanding of the ideas that lead to the implementation of innovative programs and activities for the benefit of our students and school family community.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
