Section 1: Information

This employee handbook is an abbreviated ready reference manual for employees of Loudon County Schools. This edition supersedes all previous editions. For more in-depth information, the complete Board of Education Policy Manual is available online at www.loudoncounty.org. Each employee should understand that it is his/her responsibility to read this handbook. Employment is subject to the provisions in this handbook. The book is only to be used as a guideline and is not to be considered a contract; this handbook is subject to change without notice. This handbook does not guarantee benefits coverage. Eligibility requirements must be met for coverage to be in force.

Equal Opportunity Employment

Opportunity for employment as well as continuation and advancement in employment shall be afforded equally to members of all races, creeds, sexes, religions, ages, national origins, or disability with regard only for qualifications for the position involved.

Nondiscrimination Policy

It is the policy of the Loudon County School System not to discriminate on the basis of sex, race, national origin, creed, age, marital status or disability in its educational programs, activities or employment policies as required by Title VI and VII of the 1964 Civil Rights Act, Title IX of the 1972 Educational Amendments Act and Section 504 of the Federal Rehabilitation Act of 1973.

It is also the policy of this district that the curriculum materials utilized reflect the cultural and racial diversity present in the United States and the variety of careers, roles and lifestyles open to women as well as men in our society. One of the objectives of the total curriculum and teaching strategies is to reduce stereotyping and to eliminate bias on the basis of sex, race, ethnicity, religion, and disability. The curriculum should foster respect and appreciation for the cultural diversity found in our country and an awareness of the rights, duties and responsibilities of each individual as a member of a pluralistic society.

Inquiries regarding compliance with Title VI, Title IX, and Title VII and other civil rights or discrimination issues should be directed to the Assistant Director. Inquiries about the American with Disabilities Act and Section 504 may be directed to Alison May, Loudon County School System, 100 River Road, Loudon, Tennessee 37774, and telephone 865-458-5411.

System Goals for 2018-2019

The Loudon County School System follows the state of Tennessee's guidelines for continuous improvement which require each system and each school to develop a document addressing strengths, challenges, and detailed plans for improvement. Each school develops and annually revises and updates individual school improvement plans (SIP); while the system must complete the Tennessee Comprehensive System Planning Process document to guide improvement.

Through the assistance of many individuals and groups, Loudon County's strategic plan has three major areas of focus. These goals are as follows:

- Decrease the growth difference among the high, middle and low achievement subgroups by making positive gains in all groups and closing the achievement gap within subgroups.
- Improve the school system's ACT scores and graduation rate.
- Increase the percentage of students who are proficient or advanced in Math/Reading/Language Arts in grades K-12 for students within the economically disadvantaged, Hispanic, Students with Disabilities, and English language learner subgroups by state testing.

Accident/Incident Reports

All accidents/incidents occurring on district property, school buses or during the course of school-sponsored activities, including field trips and other away events, are to be reported to the building principal immediately. Reports should cover property damage as well as personal injury. A completed accident report form must be submitted to the building principal and Kala Malone (Central Office) within 24 hours or the next scheduled district workday, as appropriate. In the event of a work related accident or injury, please see the Workers Compensation section of handbook.

Advanced Degrees, Teachers

Teachers receiving an advanced degree will be paid accordingly after the new teaching certificate has been filed at Central Office. Degrees earned by **August 31** must have all information submitted to the state by **December 1** in order to receive the salary adjustment for the entire school year. The change in salary becomes effective upon receipt of the new license at Central Office indicating the advanced degree.

Please be advised there is a new Tennessee law that provides for salary adjustments during mid-year for degree changes. The guidelines under the law are:

1. **Written** notice of intent to complete additional academic training;
2. Notice directed to director of schools **and** chair of the local board of education;
3. Notice must be given **prior** to the submission of the budget to the legislative body.

These requirements apply to any licensed individual who completes an advanced degree between the dates of September 1 - December 31 and reports that degree to the Tennessee Department of Education by February 1. The change in salary becomes effective upon receipt of the new license at Central Office indicating the advanced degree and will be paid from January 1 thru the end of the school year.

Bereavement Days

Full-time employees receive 3 Bereavement Days per death to be taken no later than seven (7) days after the death. Bereavement days are to be used for **immediate** family members only as defined below.

public schools within the County, and shall exercise such other powers and perform such other duties with respect thereto as may be imposed upon them by law or by ordinance of the County Commission. Workshop Meetings are held the first Thursday of each month, unless otherwise stated, in the County Building Conference Room. Certificate Renewal, Additional Coursework and Degrees

Teachers are responsible for obtaining their own certificate for renewals, documenting professional development points and for any changes. Those who earn an additional degree must apply for a new teaching certificate through the certification office of the college/institution where they completed their degree.

All course work for additional degrees or hours must be completed prior to the beginning of the school year for which pay is requested. .

Pay increases for additional degrees (MS, MS +30, Ed. S. or Ed. D.) will only be granted after a state certificate showing that degree is submitted to the Payroll Specialist. The Superintendent's copy of the new teaching certificate must be given to the Payroll Specialist by December 1 for the M.S., M.S. +30, Ed.S. and Ed.D. levels. The pay raise for those levels are not given until the certificate is received. If necessary, the pay will be retroactive to the first payday.

Please refer to web address <http://www.tennessee.gov/education/lic/renw.shtml> for license renewal.

Child Abuse Reporting

Any staff member who knows or has reasonable belief that any child under 18 years of age has suffered abuse or neglect, or that any adult with whom he/she is in contact has

abused a child, shall immediately orally report or cause an oral report to be made to the Department of Children's Services at 1-877-237-0004. The building principal and Alison May (865-458-5411) are also to be informed immediately. For the purpose of this section, abuse includes: physical, neglect, mental injury, threat of harm and sexual abuse and sexual exploitation.

Failure to report suspected child abuse or to comply with the confidentiality of records requirements is a violation punishable by law and district disciplinary action up to and including dismissal. Tennessee law provides that a staff member, who, based on reasonable grounds, participates in the good faith making of a child abuse report shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed as provided by law. Parents shall be notified within 24 hours of a reported child abuse or child sexual abuse if the abuse occurred on school grounds or while under school supervision; unless the parents are the suspected abusers.

Community Activities

Employees are encouraged to participate in community activities in which they hold interest. Employees have a right to express their views on any public issue, even when the view is in opposition to a view expressed in board policy or board action. However, employees have the duty in each case to make clear in their statements that the view expressed is not the official view of the School Board or school system.

Complaints/Grievances

If the complaint is not resolved informally, formal complaint procedures may be initiated by staff in accordance with Board policy.

Compensation

Salaries, including compensation for extracurricular assignments over and above the duties associated with a staff member's regularly assigned duties, will be determined in accordance with salary schedules and salary placement guidelines established by the Board of Education and/or policies adopted by the Board. It is the Principal's responsibility to provide all information necessary for placement on the salary schedule to the payroll office in accordance with timelines established by the district. Any and all additional compensation received by employees is to be handled through the Payroll Specialist.

Contracts, Certified Teachers

Contracts for certified teachers shall be issued after approval and adoption of the

budget by the Loudon County Board of Education and Loudon County Commission. Contracts are to be signed and returned to Central Office within five (5) days of issue. The contract shall provide for 200 days of responsibility as follows: a minimum of 180 teaching days, ten additional working days (a) one for parent conferences (b) five for in service (c) four for other assigned duties and up to ten (10) vacation days if earned. Dress Code

All employees are expected to be neat, clean and to wear appropriate dress for work that is in good taste and suitable for the job at hand. Professional dress is expected of all employees. Certain departments may have specific requirements for staff as communicated by supervisors.

Drug Screen for Employment

Loudon County Board of Education requires a mandatory drug screen before employment can begin. The drug screen will be conducted at Lakeway Urgent Care in Lenoir City at the employee's expense and Lakeway Urgent Care will forward the results to the Payroll Department at Loudon County Board of Education. Employment is contingent upon the drug screen results.

Drugs, Weapons, and Alcohol Policy

Employees of the school system shall not possess, use, or distribute any illicit drug, alcoholic beverage or weapons as defined in Tennessee Code Annotated while on school premises or while responsible for chaperoning students on school-sponsored trips. Any employee who possesses, uses, distributes, has knowledge of and fails to report any illicit drug or alcoholic beverage on school premises or while responsible for chaperoning students on a school-sponsored trip will be terminated. All school employees shall cooperate with law enforcement agencies in all investigations concerning any violation of this policy. The Director of Schools will provide information about drug and alcohol counseling and rehabilitation to any employee who requests it.

E-Mail

All teachers and other Loudon County School System employees have an E-mail address on the system network. The network administrator assigns login addresses. The network also provides Internet access. **Contact the Technology Department for an e-mail address at 865-986-4970.** Use of the system must not interfere with instructional time or disclose confidential information about students.

Correspondence of an employee in the form of electronic mail may be a public record under the public records law and may be subject to public inspection and/or monitoring. Should circumstances arise which, in the judgment of the Director of Schools, indicate a need to monitor e-mail, such monitoring is authorized by the Director on a case by case basis.

Every staff member and student should have a signed Technology, Internet and Network Guidelines Acceptable Use Policy on file. Staff member's forms must be on file at Central Office.

Employee Conduct

Employees of Loudon County Schools are expected to conduct themselves in an appropriate manner at all times. Conduct should conform to Board policy. All licensed

employees are expected to adhere to the Tennessee Educator's Association Code of Ethics of the Education Program.

Staff members shall use good judgment in their relationships with students beyond their work responsibilities and/or outside the school setting and shall avoid excessive informal and social involvement with individual students. Any appearance of impropriety shall be avoided. Sexual relationships between employees and students shall be prohibited.

Experience Verification, New Certified Teachers

New certified teachers are responsible for obtaining all information related to out of state and past teaching experience. All out-of-state experience will need to be submitted to the Office of Teacher Licensing and Central Office Payroll Specialist. All information must be submitted to Central Office no later than **November 15** in order to receive possible credit from the state for the current school year. If this information is not received at Central Office by the **November 15** deadline new teachers will not be paid during the current school year for experience received at Central Office after this date. Upon verification from the Tennessee Department of Education on past teaching experience and out of state experience the employee will be notified and a new contract will be issued. Salary adjustments will be made as needed. Salaries for certified personnel will be based on degree and experience as verified by the State Department of Education.

Family and Medical Leave Act

The Family and Medical Leave Act (FMLA) provides for up to 12 work weeks of unpaid leave during a 12 month period (July 1 - June 30) for eligible employees for certain family and medical reasons and 16 weeks for maternity leave. Reasonable leave can be taken for the following:

- Birth/Adoption/Foster Care
- Serious health condition of spouse, son, daughter or parent
- Serious health condition of self

Employees are eligible if they have worked for at least 12 months for the School System or have at least 1,250 hours of service over the previous 12 months for the Loudon County Board of Education. Questions regarding FMLA leave should be directed to the Payroll Specialist.

Employees must request and be granted FMLA by their Principal/Supervisor and the Director of Schools. If an employee requests and is granted Family Medical Leave and they have single coverage insurance, the county will continue to pay the single portion of the health, dental or life for the 12 weeks or 16 weeks for maternity leave that is granted under the FMLA Act. The employee will still be responsible for the family portion of his/her premium and this will need to be paid directly to the Board of Education by the 1st of each month. For Cafeteria Staff the county will pay the portion that it currently covers while an employee is actively employed. If the employee uses the 12 weeks and is not able to return to work, a request for a "Leave of Absence" will then be needed and the employee will be responsible for the entire portion of single coverage and family portion of the health insurance cost. FMLA will run concurrent with any sick time taken.

Employees will be deducted 1 sick day for every 20 days they are off the payroll.

For additional information see the Loudon County Board of Education Policy Manual Descriptor Code 5.305.

Field Trips and Other Student Travel

Field trips will be used only to extend instruction. The following will be considered before any field trip will be approved: (a) the value of the field trip to mastery of the learning objectives of the class; (b) the suitability of the activity and travel time for the students; (c) the availability of transportation; and (d) the cost.

Field trips must be approved in advance. Any teacher seeking approval for a field trip will submit a field trip request form to the principal. If the principal approves, the principal will forward the request to the Director of Schools for final approval.

Detailed information about the field trip process and other student travel is available in Policy Manual is **4.302** in the Policy Manual of the Loudon County Board of Education, and the Administrative Procedures Manual. All persons applying for any position shall be required to (at the employee's expense):

- Supply a fingerprint sample and submit to criminal history records checks to be conducted by the Tennessee Bureau of Investigation and the Federal Bureau of Investigation.
- Employment will be offered pending the return and disposition of such checks. All offers of employment are contingent upon the results of such checks.

Flu Shot Program

A flu shot program will be made available at cost to all employees during the fall of each school year. Scheduling will be handled between Central Office and each individual school.

Food Service

Fund Raising

All fund raising activities that involve students or that occur on school property must be approved in advance by the principal and the Director of Schools. This includes any activity that involves the collection of field trip expenses. The Director of Schools provides a form for this purpose.

Gifts to Employees

the companies through public relations programs. Teachers should accept only gifts with token value from students.

Harassment

Harassment of employees will not be tolerated. Harassment includes, but is not limited to, harassment on the basis of race, color, religion, national origin, age, disability and gender. Any complaints should be reported to the employee's immediate supervisor. If that person is involved, then it should be reported to the next level of supervision.

Any staff member who is subject to, or knows of, such harassment is directed to notify the building principal or the Assistant Director of Schools immediately. If the complaint is not satisfactorily settled, the employee may file a complaint directly with the Tennessee Department of Labor, Civil Rights Division or with the U.S. Department of Labor, Equal Employment Opportunity Commission. Such complaints may also be filed with the appropriate enforcement agency, in lieu of the district's complaint process, at any time, as provided by law.

Retirement

Full-time employees normally attain full retirement benefits at age 60 or with 30 years of service. Temporary and part-time employees are not eligible for retirement benefits. Loudon County Schools participates in the Tennessee Consolidated Retirement System (TCRS). It is mandatory that all full-time employees participate. Each pay check full time employees contribute 5% of their salary through a pre-tax deduction. TCRS is a defined benefit retirement plan, which means that your benefit is determined by using a formula established by TCRS. Several factors are incorporated into the formula. A brochure is available in the payroll department.

As a retirement incentive for certified personnel the school system may contribute \$150.00 to their health insurance premium through the state until the age of 65 for individuals who have met the following eligibility requirements for retirement.

- Hire date was prior to May 27, 2005
- Have at least 30 years of service from the TCRS
- Been continuously employed by the Loudon County Board of Education as a licensed teacher or administrator for the last twenty (20) years of service, prior to retirement

If you have questions regarding your eligibility or other retirement questions, please contact the Payroll Specialist, TCRS directly at 1 (800) 770-8277 or visit www.treasury.state.tn.us/tcrs.

Continuing Coverage at Retirement

Members hired prior to July 1, 2015, who meet the eligibility rules may continue health insurance at retirement for themselves and covered dependents until eligible for Medicare. For service retirement, a minimum of ten years employment is required. To continue coverage as a retiree, you must submit an application within one full calendar month of the date active coverage ends. A member cannot have retiree coverage and keep active coverage as an employee in the same plan. Information on eligibility requirements can be found in the guide to continuing insurance at retirement available on the Benefits Administration website. Employees whose first employment with local education commenced on or after July 1, 2015, will not be eligible to continue insurance coverage at retirement.

Retirement - Hybrid

Any certified employees hired 07/01/14 or after, or who was previously employed and participated in TCRS and have taken a refund of their retirement funds from TCRS will be enrolled in the new Hybrid Retirement Plan through the State of TN. The new plan consist of two parts, in which the employee contributes 5% to the defined benefit portion(TCRS) of the retirement and is also enrolled in the Hybrid side of the plan which is administered by Empower and is considered a 401K. When you are enrolled you are automatically set up to contribute 2% to the Hybrid side of the plan. Employees have the option to opt out of the 2% or you can change that amount to reflect what amount you would like to have deducted to the 401K. The county still contributes the same amount to the new plan as we do for the TCRS Legacy plan but it is split to the two plans. Any employee that is currently enrolled in the TCRS Legacy plan can also contribute money to the 401K portion of the retirement plan but the county does not contribute anything to the 401K because we contribute the maximum amount on the defined benefit side of the plan.

Safety Programs

Loudon County Schools recognizes that safe work practices shall be incorporated into all aspects of the instructional program and makes every effort to identify workplace

hazards and the personal protective equipment necessary (above and beyond engineering and administrative controls) to protect employees from these recognized hazards. Safety training will be required of all employees.

All employees are required to know the safety and emergency procedures for their work site as outlined in Loudon County Schools Plan for Emergency Management. Employees must know the **location** of that document on the campus/the building. The Loudon County Schools Plan for Emergency Management and the Exposure Control Plan are located in the main office of your building. That document must be easily accessible to faculty and staff at all times when students are present on the campus, including before-school and after-school programs, sports and activities practices, and other events that involve students.

School Assigned Sub Days

School Assigned days will not be counted against the employee. The school is responsible for reimbursing the county for the cost of the substitute.

School Day

Principals or their designees are expected to be in the building at least 30 minutes before school begins and to stay at least 30 minutes after school ends. Teachers are expected to be in the building at least 15 minutes before school begins and to stay at least 15 minutes after school is dismissed. Faculty meetings and other extended day duties are assigned by the building level principal. In the case of an emergency or other unusual situations, the principal or designee may grant permission for school employees to leave school. Each principal will establish check-out procedures that will include permission from the principal, reason for leaving, check out date and time, destination phone number where the employee can be reached (if appropriate), and check in date and time.

Sick Leave

Sick leave shall mean leave of absence because of illness of an employee from natural causes or accident, quarantine, or illness or death of a member of the immediate family of an employee, including the employee's wife or husband, parents, grandparents, children, grandchildren, brothers, sisters, mother-in-law, father-in-law, daughter-in-law, son-in-law, brother-in-law and sister-in-law. The paid time off allowed for sick leave for all full-time employees is one day for each full month of service. One day equals the number of hours worked per day. Sick leave shall be cumulative for all earned days not used. An employee claiming sick leave may be required by their Principal/Supervisor or the Director of Schools to file a certificate from a physician stating the nature of the illness and the length of time the employee was unable to work. Sick leave is accumulated at 10, 11 or 12 days per year, depending on an employee's contract and carries forward indefinitely within the school system. All days absent must be reported on an "Employee Leave Form" regardless if a substitute teacher was available. One day equals the number of hours worked per day. Non-Certified employees do not earn sick leave while working a part-time contract.

For additional information see the Loudon County Board of Education Policy Manual Descriptor Code 5.302.

Sick Leave Bank

A Sick Leave Bank Policy was approved by the Loudon County Board of Education and was implemented in the 2009-2010 school year. The purpose of the Sick Leave Bank is to provide sick leave to contributors to the bank in the event of an illness, injury, disability, or quarantine of the member or immediate family as defined in the school system's **Sick Leave Policy** and provided their available sick leave and any other applicable leave (vacation days and personal days) has been exhausted. Eligible employees may join the Sick Leave Bank by donating two (2) nonrefundable sick leave days to the bank. Employees will return your original enrollment form to your principal or the payroll office before the deadline of October 31st at 4:00 p.m. No Emails or faxes will be accepted.

3. Employees are responsible for filling out and submitting substitute forms upon returning to work.

Certified persons offered employment by Loudon County Schools must present their current and valid teacher license to payroll. **It is the responsibility of each certified employee to keep his/her license and all endorsements current.** All teachers must have a valid license on file at Central Office. Teachers are cautioned that failure to maintain license and endorsements will invalidate their contract with the school system. Licensing status can be verified on the state website at <https://www.k-12.state.tn.us/tcertinf/>.

Teaching about Religion

Religious education is the responsibility of the home and religious institutions. Public schools are obligated to maintain neutrality in all such matters. However, as religion influences many areas of education such as literature and history, its role in civilization may be taught when consistent with curriculum and teaching assignment. In such instances, teachers may provide information and opportunity for students to study the forms of various religions. Though teachers may be permitted to expose students to information concerning religious beliefs, teachers may not advocate, openly or covertly or by subtlety, a particular religion or religious belief.

Technology Resources

The district's computer systems and networks are any configuration of hardware and software located in any school building. The systems and networks include all of the computer hardware, operating system software, stored text and data files. This includes electronic mail, local databases, externally accessed databases (such as the Internet), CD-ROM, optical media, clip art, digital images, digitized information, communications technologies and new technologies as they become available. The district reserves the right to monitor all technology resource activities.

The district's technology resources will be used for learning, teaching and administrative purposes consistent with the district's mission and its goals. Commercial use of the district's system is strictly prohibited.

Time and Attendance

All non-certified staff will be required to clock in and out at a designated computer in your school. Time sheets will no longer be required. We are implementing this practice to be in compliance with the rules and regulations that have been put in place by the Affordable Care Act. You must clock in and out each day and at the end of the week the principal will review the hours and make sure that all entries have been made before the information is sent to central office. The Siesta system will still be used to enter absences and sub days.

Substitute teachers will also be required to clock in and out at the school on days they are required to work and the timesheet will be matched to days paid in the Siesta System.

After School and Launch employees (certified and non-certified) will need to use the system to clock in and out to be paid for their hours worked.

Tobacco-Free Environment

In order to protect the health of students, staff and the general public, provide a healthy working environment and promote good health for students, tobacco use is prohibited on all district property. Appendix A

Acceptable Use of Internet Policy

Internet and video conferencing accesses are now available to students and all employees in the Loudon County School System. This access to an electronic highway connects thousands of computers all over the world and millions of individual subscribers. We are pleased to bring this access to the Loudon County School System and believe this technology offers vast, diverse, and unique resources to both students and teachers. Our goal in providing this service to students and teachers is to promote educational excellence in schools by facilitating resources sharing, innovation, and communication.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of a school setting. The Loudon County School Board must take precautions to restrict access to controversial material. However, on a global network it is impossible to control all material and industrious users may discover controversial material. The Board firmly believes that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the school system.

Internet access is coordinated through a complex association of government agencies, and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users that must adhere to strict guidelines. If a Loudon County School System user violated any of the provisions of this policy, his/her account will be terminated and future access could be denied.

1. **Acceptable use** - The purpose of NSFNET, which is the backbone of the Internet, is to support research and education in and among academic institutions in the USA by providing access to unique resources and the opportunity for collaborative work. The use of the account must be in support of education and research and be consistent with the educational objectives of the Loudon County School System. Use of any other organization's network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any USA or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material or material protected by trade secret. Use for product advertisement or political lobbying is also prohibited. All users will also abide by the Policy and Procedures stated in the Loudon County Board Policy Manual.
2. **Privileges** - The use of the Internet is a privilege, not a right, and inappropriate use may result in a cancellation of those privileges. Each employee who receives access will participate in discussion with a Loudon County School System teacher/administrator pertaining to the proper use of the network. The system administrators will deem what is inappropriate use and that decision is final. The system administrators may close an account at any time required. The administration and staff of the Loudon County School System may request the system administrator to deny, revoke, or suspend specific user accounts.
3. **Network Etiquette** - Users are expected to abide by the generally accepted rules of network etiquette as defined by system administrators.
4. **Warranties** - The Board makes no warranties of any kind, whether expressed or implied, for the service provided. The Board will not be responsible for any damages suffered. This includes loss of data resulting from nondeliveries, misdeliveries, or other service interruptions caused by its own negligence or users' errors or omissions. Use of any information obtained via the Internet is at the user's risk. The Board specifically denies any responsibility for the accuracy or quality of information obtained through this service.
5. **Security** - Security on any computer system is a high priority, especially when the system involves many users. Security problems on the Internet must be reported to a system administrator or the Technology Director. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet.
6. **Vandalism** will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data of another user, Internet, or any of the above listed agencies or other networks that are connected to the NSFNET Internet backbone. This includes, but is not limited to, the uploading or creation of computer viruses.
7. **Pornography** - Access of pornographic and/or sexually explicit material on the network is prohibited. Any attempt to access this type of material will result in cancellation of network privileges, appropriate disciplinary action, and/or appropriate legal action. The definition of pornographic content is determined by system administrators.
8. All Loudon County Employees are subject to Loudon County Board Policy Manual.
