

Pamlico County Schools Virtual Academy

If your son or daughter enjoys a non-traditional learning environment, wants a flexible schedule, is ahead or behind in their studies, learns at a different pace than their peers, or wants a more individualized approach to learning, Pamlico County Schools Virtual Academy may be the answer. Pamlico County Schools now partners with EdOptions Academy who works with school districts to provide engaging online content that can be accessed from any computer with internet access.

What is it?

EdOptions Academy offers a wide array of high-quality, semester-long courses aligned to North Carolina's academic standards. The Academy provides curriculum, assessments, collaboration opportunities, student data and reports to create a 21st century learning environment that helps prepare students for future success.

What can I expect?

These courses allow students to work at their own pace. Once they log into their account, there is a pacing guide that will help keep them on track! Their state certified teacher will be available to help answer questions and keep them motivated. Parent and District access to student progress and communications is facilitated by an easy to navigate student information system.

Courses You Need and Want

To view a list of available courses that include core, performance arts, career and technical education, Advanced Placement, global languages and more, visit this web address: <http://www.edmentum.com/course-catalog>
