# **Executive Summary**

## **Introduction**

Every school has its own story to tell. The context in which teaching and learning takes place influences the processes and procedures by which the school makes decisions around curriculum, instruction, and assessment. The context also impacts the way a school stays faithful to its vision. Many factors contribute to the overall narrative such as an identification of stakeholders, a description of stakeholder engagement, the trends and issues affecting the school, and the kinds of programs and services that a school implements to support student learning.

The purpose of the Executive Summary (ES) is to provide a school with an opportunity to describe in narrative form the strengths and challenges it encounters. By doing so, the public and members of the school community will have a more complete picture of how the school perceives itself and the process of self-reflection for continuous improvement. This summary is structured for the school to reflect on how it provides teaching and learning on a day to day basis.

## Description of the School

**Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?**

Brent Elementary School (BES) is located in Bibb County in Central Alabama within the city of Brent. It contains 4 year old Pre-K through fourth grades and houses 642 students (54% boys/46% girls). Daily student attendance averages 94%. In addition, Brent Elementary School employees 62 faculty and staff members. The Brent Elementary faculty reflects a high level of education and training. All BES teachers are highly qualified. BES has a large percentage of faculty with higher degrees (23 teachers have Masters Degree, 5 teachers have an Ed.S, the principal has an Ed.D, and 2 teachers are currently pursuing a higher degree).

Bibb County is located within a 75 mile radius of several metropolitan areas including Tuscaloosa, Birmingham and Montgomery. Bibb County includes natural resources such as, the Cahaba River, Talladega National Forest and the Oakmulgee and Cahaba Wildlife management areas.

The school stands within the city of Brent. According to the 2012 census, the city of Brent has a total population of 4,947. This includes the population of the Bibb County Correctional Facility. The racial make-up of Brent was 45.1% White, 53.5% African American and 2.1% Hispanic. The unemployment rate of the city was 14.9%. The Average Median Worker income was \$21,410.

The student demographic information reflects several notable facts. Seventy-eight percent (78%) of the students are receiving free or reduced lunches. The student breakdown includes: 17 Pre-K students, 121 kindergarten students, 113 first graders, 115 second graders, 136 third graders, 139 fourth graders, and 1 5th grade student. Of the students above, 40% are African American, 58% white, and 2% other. The poverty rate of the area and lack of industry is a local concern. The lack of local tax revenue is also a concern for the county school system.

## School's Purpose

**Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs. Describe how the school embodies its purpose through its program offerings and expectations for students.**

### Mission Statement

The mission of Brent Elementary School is to present students with varied experiences that will promote learning and facilitate growth in all curriculum areas. The faculty and staff of Brent Elementary School strive to meet the individual needs of the students by providing each child with the tools necessary so optimal learning will occur. Our ultimate goal is to ensure that all students, through meaningful opportunities, will reach their potential.

### Statement of Beliefs

Each student is a valued individual with unique social, emotional, physical, and intellectual needs.

A safe environment promotes learning.

A positive relationship between students and staff will enhance a student's self-esteem.

All students can learn and should have meaningful opportunities and a variety of instructional approaches to accommodate all learning styles.

Communication and support between the school and home is essential and all parents and guardians should actively participate in their child's education.

All students must be provided with challenging, "hands on" experiences to prepare them for today's world.

The faculty and staff should model the socially acceptable behaviors and habits we expect students to exhibit.

Respect and loyalty for community, state and country should be instilled in all students.

Cultural diversity promotes understanding and respect for people of different cultures and ways of life.

The school strives to nurture the whole child through offering a variety of programs including: physical education, music, counseling, art appreciation, Talented and Gifted Education (TAG) and special education. Learning for all students is emphasized at Brent Elementary. A challenging hands-on curriculum is providing following the Alabama Mathematics, Science and Technology Initiatives, (AMSTI) as well as, the Alabama Reading Initiative (ARI) creating a variety of instructional approaches to accommodate all learning styles.

Communication between school and home is considered an essential aspect of Brent Elementary. Respect and Loyalty for community, state and country are instilled through counseling sessions, music class and special programs such as Veterans Day.

## **Notable Achievements and Areas of Improvement**

**Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.**

During the last few years Brent Elementary, has undergone notable improvements in the areas of reading and mathematics. Selected teachers worked with Regional ARI Coach as well as the local Instructional Coach to develop model classrooms emphasizing the use of Making Meaning and Comprehension Toolkit. All teachers will continue to implement either Comprehension Toolkit or Making Meaning in the classroom during the 2016-2017 school year. The Saxon Phonics program will be implemented in grades K-2. Teachers will also focus on teaching academic vocabulary. A new emphasis will be directed towards small group reading instruction, as well as phonics.

In the area of mathematics, the teachers of Brent Elementary have taken part in extensive training through the Alabama Mathematics, Science and Technology Initiative. During the first summer, teachers spent two full weeks learning the Math Investigations and Science programs. During the second year, teachers participated in job embedded professional development in mathematics to be able to teach in all math units. During the 2013-2014 school year, the teachers participated in Number Talks workshops to strengthen mathematical dialogue. During the 2015-2016 school year, teachers focused on number fluency. In 2016-17, teachers will be piloting Engage New York math program. Teachers will continue to incorporate counting collections into their mathematics classrooms.

## **Additional Information**

**Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.**

Brent Elementary School is a rural community school. The faculty and staff of the school believe in the nurturing of the whole child. In addition to academics, the teachers are concerned with each child's social/emotional well being and make an effort to meet specific individual needs as they arise. One unique characteristic of the BES faculty is the degree to which they care about the students and families they serve. The generosity of our staff has provided for the essential needs of families, including clothing, food or aid with utilities. It is a privilege to work at such a caring school where teachers demonstrate what it means to build a caring community.

# **Improvement Plan Stakeholder Involvement**

## **Introduction**

The responses should be brief, descriptive, and appropriate for the specific section. It is recommended that the responses are written offline and then transferred into the sections below.

## Improvement Planning Process

### Improvement Planning Process

**Describe the process used to engage a variety of stakeholders in the development of the institution's improvement plan. Include information on how stakeholders were selected and informed of their roles, and how meetings were scheduled to accommodate them.**

Each year the principal at BES invites all parents to take part in the development of our Continuous Improvement Plan. Parents that were interested were added to the stakeholder roster. Also, the principal sends out invitations inviting parents to participate in our continuous improvement meetings. Parents that respond are also added to the stakeholder roster. Many stakeholders hold leadership positions on other committees and/or volunteer in our school. The local bank president and mayor also serve as stakeholders. Teachers that hold leadership positions are also part of the team. Several meetings are held during the year during and after school to meet the needs of all stakeholders.

**Describe the representations from stakeholder groups that participated in the development of the improvement plan and their responsibilities in this process.**

The following are all equal active members of the school leadership team:

Mechelle Hollifield- Principal, Jason Leach- AP, Connie Johnson -Counselor, Melissa Rinehart- TI chair, Marla Suttle -Fed Prog, Angela Harbin- IC, Amy Freeman & Bethany Coady- RTI, Candi Adams & Martha Gray-Kindergarten, Monica Watkins-1st, Courtney Gray-2nd, Angela Findlay- 3, Summer Wirnsgerber- 4, Hannah McGee-Sp Ed, Lyndsay Blohm & Leanna Stephens-ELL, Janet Jackson-intervention aide, Misti Burkes, Ashley Cash, Latisha Murphy, Willie Dunn -Business and Dennis Stripling- Mayor.

**Explain how the final improvement plan was communicated to all stakeholders, and the method and frequency in which stakeholders receive information on its progress.**

At the beginning of each year, the school improvement plan is submitted to the parents at an Annual Title I Parent Meeting. Throughout the school year, Brent Elementary conducts several Continuous Improvement meetings at various times during the day. Some meetings are held after school while others are held during the day. Parents are given the opportunity to reply in writing with questions, concerns and comments at any meeting or any time during the school year. Also, parents are invited to participate in plan writing and revisions several times a year. An update of the plan's progress is also given at PTO meetings. Parents are given the opportunity to study the plan and submit questions and concerns/comments at any point during the year and at meetings. In addition, the school also sends out parent surveys once a year. The results of the surveys are compiled and used to rewrite and strengthen the plan for the next year.

# Student Performance Diagnostic

## **Introduction**

The Student Performance Diagnostic provides an institution with a process to report summative student assessments. This diagnostic is significant to the accreditation and continuous improvement process as it serves as a resource for schools to view content area assessment results required by the state, district, or other entities, determine the quality and reliability of the given assessments, and show the alignment of the assessments to the school's curriculum. The performance level computed at the completion of the diagnostic is used by the external review team as a comprehensive report to understand fully the institution's assessment program; the diagnostic should be used in the same manner by the institution as it engages in improvement planning.

### Student Performance Data

Label	Assurance	Response	Comment	Attachment
1.	Did you complete the Student Performance Data document offline and upload below?	Yes	ACT Aspire Results Attached	ACT Aspire Scores 2016-2017

## Evaluative Criteria and Rubrics

Overall Rating: 2.75

	Statement or Question	Response	Rating
1.	Assessment Quality	The array of assessment devices used by the institution to determine students' performances is sufficiently aligned so that valid inferences can be reached regarding students' status with respect to the majority of those curricular aims regarded as high-priority instructional targets. The documentation provided in support of this alignment is relatively persuasive. Most of the assessments used are accompanied by evidence demonstrating that they satisfy accepted technical requirements.	Level 3

	Statement or Question	Response	Rating
2.	Test Administration	Most of the assessments used by the institution to determine students' performances have been administered with reasonable fidelity to the administrative procedures appropriate for each assessment. In most instances, the students to whom these assessments were administered are essentially representative of the students served by the institution. Appropriate accommodations have been provided for most assessments so that valid inferences can be made about most students' status with respect to most of the institution's targeted curricular outcomes.	Level 3

	Statement or Question	Response	Rating
3.	Quality of Learning	Evidence of student learning promoted by the institution is acceptably analyzed and presented with reasonable clarity. In comparison to institutions functioning in a similar educational context, students' status, improvement, and/or growth evidence indicates that the level of student learning is at or above what would otherwise be expected.	Level 3

	Statement or Question	Response	Rating
4.	Equity of Learning	Evidence of student learning indicates achievement gaps exist among subpopulations of students, and these achievement gaps demonstrate a modest decline.	Level 2

## Areas of Notable Achievement

### Which area(s) are above the expected levels of performance?

The highest area of performance is fourth grade math according to the Spring 2016 administration of the ACT Aspire. The fourth grade ranked at the 36th percentile nationally in the area of reading.

### Describe the area(s) that show a positive trend in performance.

Fourth grade mathematics data depicts a consistent performance level over the past 3 years. According to 2014 ACT Aspire data, 45% of the students were in the ready range according to subject proficiency. In 2015, there was a small decrease reflecting 38% of the students in the ready range. 2016 data is consistent with 2015 showing 38% of the students in the ready range.

### Which area(s) indicate the overall highest performance?

The highest area of performance is fourth grade math according to the Spring 2016 administration of the ACT Aspire. The fourth grade ranked at the 36th percentile nationally in the area of reading.

### Which subgroup(s) show a trend toward increasing performance?

ACT Aspire data indicates a slight increase in the subgroup of fourth grade African American students in the area of subject proficiency reading. In 2014 14% of African American 4th graders were in the Ready range according to Subject Proficiency in Reading. By 2015, 16% were ready and in 2016, 19% of the fourth grade African American students reported ready.

### Between which subgroups is the achievement gap closing?

2016 ACT Aspire data reflects an achievement gap reduction in the area of 4th grade reading according to subject proficiency. During the 2014 administration, there was a 28 percentage point difference between African American students and their Caucasian classmates. In 2015, the gap reduced to 16 percentage points and by the 2016 administration it had further reduced to a 10 percentage point difference.

### Which of the above reported findings are consistent with findings from other data sources?

The above report findings are consistent with other data sources. 2016 Scantron Performance Series Assessment reported 47 % of the 4th grade math students scoring in the average or above average range.

## Areas in Need of Improvement

### Which area(s) are below the expected levels of performance?

The percent of students ready in 3rd grade reading according to subject proficiency scores was below the level of expectation. Only 14% of the students in the 3rd grade scored in the ready range in reading according to the Subject Proficiency report.

### Describe the area(s) that show a negative trend in performance.

A negative trend in data is reflected in the 3rd grade reading subject proficiency scores. In 2013 19% of the students were classified as ready. In 2014, 21% of the students classified as ready. In 2016, only 14% classified as ready.

### Which area(s) indicate the overall lowest performance?

The overall lowest performance was 3rd grade reading according to subject proficiency scores. According to the 2016 administration of the ACT Aspire, only 14% of the students in the 3rd grade scored in the ready range.

### Which subgroup(s) show a trend toward decreasing performance?

ACT Aspire data indicates a decrease in the subgroup of fourth grade Caucasian students in the area of reading according to the subject proficiency report. In 2014, 42% of Caucasian 3rd grade students were in the Ready range according to the subject Proficiency Report in Reading. By 2015, 32% were ready and in 2016, only 29% of fourth grade Caucasian students reported ready.

### Between which subgroups is the achievement gap becoming greater?

2016 ACT Aspire data does not reflect an increase in achievement gap in any area according reported in the demographic report.

### Which of the above reported findings are consistent with findings from other data sources?

During the 2015-2016 school year, STAR data reflected a large number of students below grade level. Scantron Performance Series Assessment scores also reflected a large number of students scoring below grade level in reading. Scantron Performance Series Assessment reported 82% of the 3rd grade reading students scoring in the low average or below average range.

# **ACIP Goals 2016-17**

## **Overview**

### **Plan Name**

ACIP Goals 2016-17

### **Plan Description**

## Goals Summary

The following is a summary of the goals encompassed in this plan. The details for each goal are available in the next section.

#	Goal Name	Goal Details	Goal Type	Total Funding
1	All students at Brent Elementary School will become more proficient in mathematics.	Objectives: 1 Strategies: 3 Activities: 7	Academic	\$14075
2	All students at Brent Elementary School will become more proficient readers.	Objectives: 1 Strategies: 3 Activities: 17	Academic	\$14840974
3	ALL ELL students will become proficient in reading.	Objectives: 1 Strategies: 2 Activities: 5	Academic	\$0

## Goal 1: All students at Brent Elementary School will become more proficient in mathematics.

### Measurable Objective 1:

80% of Third and Fourth grade students will demonstrate a proficiency by increasing 20 percentage points in Mathematics by 05/05/2017 as measured by ACT Aspire Interim.

### Strategy 1:

Evaluation and Alignment of Mathematics Curriculum - 1) Teachers will administer the ACT Aspire Interim at the Beginning, Middle, and End of the Year.

2) Teachers will participate in workshops and grade level meetings to analyze data, discuss progress and plan intervention strategies.

3) Third Grade Teachers will meet at district level to gain a better understanding of Plan 2020 and the State Course of Study/Common Core in relation to mathematics and discuss grade level data, concerns and strategies.

Category: Develop/Implement Research Based Best Practices for Continuous Improvement

Activity - ACT Aspire Interim -Beginning/Middle/End of the year	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will administer the ACT Aspire Interim at the Beginning/Middle/End of the Year, analyze data received from assessment, and plan interventions to meet the needs of students.	Direct Instruction	08/10/2016	05/05/2017	\$1875	District Funding	All Faculty members teaching mathematics content
Activity - Grade Level Meetings & Workshops	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will participate in workshops and grade level meetings geared toward analyzing ACT Aspire Interim data, discussing progress and planning intervention strategies.	Academic Support Program	08/10/2016	05/05/2017	\$0	No Funding Required	BES Administration and Teachers
Activity - Math Teacher Leader Program	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Third grade level teachers will attend district level training three time during the school year. This training will be facilitated by AMSTI Math specialists. During these meetings, teachers will examine data, discuss strategies and develop lesson plans bases upon the College and Career Ready Math standards.	Professional Learning	08/10/2016	05/05/2017	\$1000	District Funding	Teachers

### Strategy 2:

Implementing a Constructivist Approach - Teachers will implement the EngageNY mathematics program in alignment with the mathematics pacing guide/calendar throughout the year.

Category: Develop/Implement Research Based Best Practices for Continuous Improvement

**ACIP**

Brent Elementary School

Activity - AMSTI Philosophy, Activities and Manipulatives	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will utilize math manipulatives, EngageNY, and Alabama Mathematics, Science, and Technology Initiative ( AMSTI) methods, counting collections, number fluency and skip counting to enhance student engagement every day during the school year.	Direct Instruction	08/10/2016	05/05/2017	\$6200	District Funding, Title I Part A	Classroom Teachers
Activity - Math Support Through Technology Integration	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will utilize Compass Learning as an individual instruction tool during the school year.	Technology	08/10/2016	05/05/2017	\$0	No Funding Required	Teachers and BES Administration
Activity - Number Talks	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Number Talks will be utilized in all classrooms during specific Number Talks lessons and during problem solving discussions.	Direct Instruction	08/10/2016	05/05/2017	\$0	No Funding Required	BES Administration . Teachers

**Strategy 3:**

Brain Friendly Strategies - Teachers will use advances in neuroscience to enhance classroom engagement.

Category: Develop/Implement Research Based Best Practices for Continuous Improvement

Activity - Implementation and Sharing of Brain Friendly Startegies	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will include brain friendly strategies through music, art appreciation, and movement to enhance mathematical reasoning and number fluency from September 2016 through May 2017. Teachers will share Brain Friendly strategies and activities during faculty meetings.	Direct Instruction	08/10/2016	05/05/2017	\$5000	General Fund	Teachers BES Administration

**Goal 2: All students at Brent Elementary School will become more proficient readers.****Measurable Objective 1:**

80% of All Students will demonstrate a proficiency by increasing 20 percentage points in Reading by 05/05/2017 as measured by ACT Aspire Interim.

**Strategy 1:**

Utilize State/Local Assessments - Teachers will utilize state/local assessments in order to monitor progress toward goals and to plan instruction.

# Stakeholder Feedback Diagnostic

## **Introduction**

The Stakeholder Feedback Diagnostic is designed to analyze the institution's survey results in terms of areas of achievement and areas that need improvement. Further, the diagnostic is essential to the accreditation and continuous improvement processes in that it provides the institution with a comprehensive view of the aggregate scores of the surveys administered, and the actual total of respondents for each survey type to derive a single score for this diagnostic. The performance level score computed at the completion of the diagnostic is used to broaden and enhance the external review team's understanding of the stakeholder's perceptions of the institution; the diagnostic should be used in the same manner by the institution as it engages in improvement planning.

### Stakeholder Feedback Data

Label	Assurance	Response	Comment	Attachment
1.	Did you complete the Stakeholder Feedback Data document offline and upload below?	Yes		

## Evaluative Criteria and Rubrics

Overall Rating: 3.0

	Statement or Question	Response	Rating
1.	Questionnaire Administration	Most required AdvancED questionnaires were used by the institution to receive stakeholder feedback. The minimum response rate for each population was met (parent questionnaire: equal to or greater than 20%, student questionnaire(s): equal to or greater than 40%, staff questionnaire: equal to or greater than 60%). Questionnaires were administered with reasonable fidelity to the administrative procedures appropriate for each assessment. In most instances, the stakeholders to whom these questionnaires were administered mostly represented the populations served by the institution. Appropriate accommodations were provided for most participants.	Level 3

	Statement or Question	Response	Rating
2.	Stakeholder Feedback Results and Analysis	All questionnaires had an average item value of 3.20 or above (on a 5.0 scale). Results of stakeholder feedback collected by the institution were acceptably analyzed and presented with reasonable clarity.	Level 3

## Areas of Notable Achievement

### Which area(s) indicate the overall highest level of satisfaction or approval?

There were several areas of strength according to Spring 2016 parent surveys. The following denotes strengths in each major area:

#### Academics and Learning

1. Parents are happy with their child's learning opportunities.
2. Parents feel like their children get help from the teacher when needed.
3. Parents believe the homework their child's teacher assigns is realistic.
4. The homework my child's teacher assigns is relevant to his/her learning.
5. Parents feel as they understand academic goals, report cards and test scores.

#### School Culture and Climate

1. Parents state that they feel welcome at their child's school.
2. Parents feel like their child's has a trusting relationship with staff at school.
3. Parents feel like learning is the primary focus at my child's school.
4. Parents/ Guardians are invited to be involved with the education of their children here.
5. Parents feel like they would feel comfortable working in their child's classroom.
6. Parents feel that the teachers are interested in their child's progress.

#### School to Home Communications

1. Parents are very satisfied with the information sent home on Tuesday folders.
2. Parents were strongly satisfied with the communication from their child's teacher.
3. Parents also felt that the conference schedule was realistic with their work schedule.
4. Parents Reflect that they are able to get in contact with their child's teacher.

#### Additional Service

1. Parents were overall satisfied with the facilities provided for learning.

#### Student Surveys Reflect:

1. Students feel safe at school.
2. Students state that they feel respect from their teachers.
3. Students say they feel like they are being treated fairly at their school.

#### Teacher Surveys Reflect:

1. Teachers state that BES maintains a caring learning environment.
2. Teachers state that decisions are based on data and adjusted as needed.
3. Teachers state that BES uses data to meet the individual needs of students.

**Which area(s) show a trend toward increasing stakeholder satisfaction or approval?**

Stakeholder reflected a positive climate focus on student learning. Parents were satisfied with the communication from their child's teacher. Parents were happy with child's learning opportunities. Parents felt like the learning was the focus at their child's school.

Teachers are most satisfied with 2 areas (1) that BES has created a climate in which decisions are based on data, monitored by leadership and adjusted as needed and (2) that BES focuses improvement efforts on the use of benchmark data and implementation of non-mastery plans to meet individual student needs.

Students are most satisfied with 4 areas (1) my teacher treats me with respect, (2) I have lots of friends, (3) my parents believe I can do well, and (4) my family wants me to do well.

**Which of the above reported findings are consistent with findings from other stakeholder feedback sources?**

Parent, teacher and student surveys all reflect a general climate of respect.

Student open ended surveys reflect a feeling of belonging, being treated fairly and being cared about by teachers, administrators and other school personnel. This opinion is share by teachers and parents as well.

Student open ended surveys reflect a like for math and science. I feel like this is reflective of the teachers using data to meet individual needs while implementing the Alabama Science, Technology and Mathematics Initiative.

## Areas in Need of Improvement

### Which area(s) indicate the overall lowest level of satisfaction or approval?

There were several areas of need according to Spring 2016 parent surveys. The following denotes an area of concern in one of the major areas and was reflected by a lower response score:

1. Do you know about volunteer work you can do at school?
2. Do you know how you can be involved in school planning/review committees?

Teacher surveys reflect several areas of concern.

1. Teachers reflect more dissatisfaction and neutrality with the statement, "My school has created an environment in which parents participate in activities that enhance student learning and foster positive school climate."

Students main area of concern include is that 23% of the students say they have been bullied all the time or often.

### Which area(s) show a trend toward decreasing stakeholder satisfaction or approval?

Parents reflected an increased dissatisfaction of not knowing how/when to volunteer at their child's school.

Teachers also reflect that parents are not involved in the school and their child's education as much as they would like.

### What are the implications for these stakeholder perceptions?

The school does not have a specific volunteer program for recruiting parents to volunteer. Parents are invited to attend PTO where parent involvement is discussed and encouraged for specific projects/activities. Future steps BES could take would to develop a parent involvement program, encourage parents to volunteer and appoint a parent committee to get others on board and involved.

### Which of the above reported findings are consistent with findings from other stakeholder feedback sources?

In general, both parents and teachers were concerned with the lack of parent involvement.

## Report Summary

### Scores By Section

# **Title I Schoolwide Diagnostic**

## Introduction

This diagnostic tool is aligned to requirements for Title I Schoolwide schools. As described in sections 1111(b)(1), 1114 (b)(1)(A)] and 1309(2) of the Elementary and Secondary Education Act (ESEA), the comprehensive needs assessment (CNA) requirement is met by completing a School Process Profile and Summary Report. The comprehensive needs assessment must be completed prior to creating a new plan or annually updating an existing school improvement plan. Use the results of the comprehensive needs assessment to develop Goals/Objectives/Strategies and Activities. Ensure that the Gap Statements and Causes for Gaps included in the Goals information address all four measures of data: student achievement data, school programs/process data, perceptions data (must include teachers and parents; student data is encouraged), and demographic data. The Comprehensive Needs Assessment must also take into account the needs of migratory children as defined in Title I, Part C, Section 1309(2).

## Component 1: Comprehensive Needs Assessment

### 1. How was the comprehensive needs assessment conducted?

The Continuous Improvement Instructional Leadership Team in collaboration with faculty, parents, and stakeholders met on several occasions to examine data from 2015-2016 and planned for 2016-2017. These meetings included discussions of state academic assessment data, including DIBELS, Global Scholars and survey data. Additionally, discussions of student data and improvement goals among faculty and staff occurred during grade level and faculty meetings. The CIP Instructional Leadership Team members met during the planning process to review and discuss the strengths and weaknesses of the instructional program. Data from the 2015-2016 school year was reviewed in order to determine goals and identify any gaps in the instructional

### 2. What were the results of the comprehensive needs assessment?

Mathematics: BES did not meet the goal of 60% of second, third and fourth grade students demonstrating proficiency in Mathematics as measured by the spring 2016 Performance Series Assessment.

- 53% of second grade students demonstrated proficiency (scoring in the above average and average ranges) in Mathematics as measured by the spring 2016 administration of the Performance Series Assessment.

- 60% of third grade students demonstrated proficiency (scoring in the above average and average ranges) in Mathematics as measured by the spring 2016 administration of the Performance Series Assessment.

- 47% of fourth grade students demonstrated proficiency (scoring in the above average and average ranges) in Mathematics as measured by the spring 2016 administration of the Performance Series Assessment.

Reading:

BES did not meet the goal of 60% of second, third and fourth grade students demonstrating proficiency in Reading as measured by the spring 2016 administration of the Performance Series Assessment.

- 49% of second grade students demonstrated proficiency (scoring in the above average and average ranges) in Reading as measured by the spring 2016 administration of the Performance Series Assessment.

- 39% of third grade students demonstrated proficiency (scoring in the above average and average ranges) in Reading as measured by the spring 2016 administration of the Performance Series Assessment.

- 50% of fourth grade students demonstrated proficiency (scoring in the above average and average ranges) in Reading as measured by the spring 2016 administration of the Performance Series Assessment.

First grade did not increase DIBELS NEXT Oral Reading Fluency in first grade to 80% benchmark, while decreasing students scoring intensive to 5% by the spring DIBELS NEXT Assessment. Percentage of students benchmarking Oral Reading Fluency was 35% and percent of students scoring intensive was 26%. In kindergarten, the goal to increase students scoring in Nonsense Word Fluency to 80% was not met. 49% of the students benchmarked in Nonsense Word Fluency.

Subject Proficiency scores.

ACT Aspire Reading scores for 2015 - 2016 reflected third grade scoring 14% and fourth grade scoring 24% Ready according to Subject Proficiency scores.

There were several areas of strengths according to Spring 2016 parent surveys.

The following denotes strengths in each major area: Academics and Learning

1. Parents are happy with their child's learning opportunities.

2. Parents feel like their children get help from the teacher when needed.

3. Parents believe the homework their child's teacher assigns is realistic.

4. The homework my child's teacher assigns is relevant to his/her learning.

School Culture and Climate

1. Parents feel like their child's has a trusting relationship with staff at school.

2. Parents feel like learning is the primary focus at my child's school.

3. Parents/ Guardians are invited to be involved with the education of their children here.

4. Parents feel like they would feel comfortable working in their child's classroom.

School to Home Communications

1. Parents are very satisfied with the information sent home on Tuesday folders. (second highest ranking)

2. Parents were strongly satisfied with the communication from their child's teacher. (highest ranking)
3. Parents also felt that the conference schedule was realistic with their work schedule. Additional Service

1. Parents were overall satisfied with the facilities provided for learning.
3. What conclusions were drawn from the results.

### **3. What conclusions were drawn from the results?**

Brent Elementary School needs to continue to make improvements in the areas of mathematics and reading.

Rigorous reading goals need to be continued until all grade levels meet the current program goals. BES will continue to implement a 90 minute reading block. First, Second and Third grade classes will implement a form of Walk to Read. Grouping those students for an hour that need more intensive reading instruction. Teachers will use Lexia and Compass programs as a means of additional instruction.

Teachers will attend Professional Development presented by Instructional Coaches to gain knowledge in the area of comprehension and vocabulary development. The Reading Coach will provide professional development in the area of small group instruction to strengthen Tier 1 program.

The reading coach will be assigned to work intensively with second and third grade teachers to strengthen Tier I instruction and provide intervention.

Reading has been noted as an area of weakness and several plans have been made to address this area. A Reading teacher will be assigned to deliver intensive lessons to the students in first and second grade targeting the phonetic principles. In addition, Saxon Phonics curriculum will be purchased for Kindergarten through second grade to serve as our phonics progression and guide instruction. A reading tutor will be hired to work with third and fourth grade students in the area of comprehension.

Teachers will continue attended job embedded Alabama Math, Science and Technology Initiative (AMSTI) Number Talks training to learn more effective methods of instruction. During the 2016-2017 school year teachers will attend professional development in the area of mathematics. Math specialist will work closely with lead 3rd grade teachers at each to analyze data, examine research based strategies and prepare for instruction.

Teachers will implement Everyday Counts Calendar Math to target weak areas detected in curriculum as reflected in the spring of Performance Series Assessment.

Teachers will continue training in the area of neuroscience and learning. The brain-based training will target the implementation of transferable life skills and processes.

**4. What information was concluded as a result of analyzing perception, student achievement, school programs/process, and demographic data?**

Parent, teacher and student surveys were analyzed to conclude perception. Overall, BES was found to be a caring friendly school where academics was the focus.

**5. How are the school goals connected to priority needs and the needs assessment?**

School goals include improvement in the area of reading and mathematics which are both areas in which BES did not meet established goals.

**6. How do the goals portray a clear and detailed analysis of multiple types of data?**

Measuring and analysis of multiple data sources reflect a need in both areas of mathematics and reading.

**7. How do the goals address the needs of the whole school population and special recognition to children who are disadvantaged?**

Our goals reflect a desire for all students to improve in the areas of reading and mathematics, thus, addressing the whole school population.

## Component 2: Schoolwide Reform Strategies

**1. Identify the strategies in the schoolwide plan that focus on helping all students reach the State's standards.**

**Goal 1:**

All students at Brent Elementary School will become more proficient in mathematics.

**Measurable Objective 1:**

80% of Third and Fourth grade students will demonstrate a proficiency by increasing 20 percentage points in Mathematics by 05/05/2017 as measured by ACT Aspire Interim.

**Strategy1:**

Implementing a Constructivist Approach - Teachers will implement the EngageNY mathematics program in alignment with the mathematics pacing guide/calendar throughout the year.

### Component 3: Instruction by Qualified Staff

Label	Assurance	Response	Comment	Attachment
	1. Do all of the instructional paraprofessionals meet the state requirements? If no, what is the number that has not met state requirements and what is being done to address this?	Yes		

Label	Assurance	Response	Comment	Attachment
	2. Do all of the teachers meet the state requirements? If no, what is the number that has not met state requirements and what is being done to address this?	Yes		

**3. Describe how staffing decision ensure that qualified, well trained teachers provide instruction and how their assignments most effectively address identified academic needs.**

The BES interview process is a team approach. Since BES takes a large number of practicum students from a variety of local universities and colleges, many students gain an interview seat by displaying exceptional qualities during undergraduate experiences. As interviews take place, those with experiences closely related to the area of need and notable resumes are selected. Teachers are highly trained as they join the BES faculty and are continuously trained through our mentor program, coaching cycles and workshop experiences. Teachers are assigned according to need and number. We strive to keep lower number of students in the younger classes. We also place teachers in high area of need. For instance, since third grade spring 2016 data displayed deficient and a need for individualized instruction in the areas of mathematics and reading, Title I money was used to hire and additional faculty member.

## Component 4: Strategies to Attract Qualified Teachers

**1. What is the school's teacher turnover rate for this school year?**

13% for 2015-2016

**2. What is the experience level of key teaching and learning personnel?**

The average years of service is 13 years

**3. If there is a high turnover rate, what initiatives has the school implemented to attempt to lower the turnover rate?**

This is not high. Due retirements and promotions are the cause of teachers leaving BES.

## Component 5: High Quality and Ongoing Professional Development

### 1. Identify the professional development activities included in the schoolwide plan that are high quality, effective, and research-based?

ARI Coaching Cycles  
AMSTI Grade Level Support  
Interpreting Data

### 2. Identify the professional development opportunities for teachers, principals, paraprofessionals, other staff, and parents that are included in the schoolwide plan?

Opportunities are available in technology, reading and mathematics.

### 3. Identify the teacher mentoring activities included in the schoolwide plan. For example, new or inexperienced teachers are given support from an assigned master teacher.

The teachers are assigned a mentor on the same grade level to help provide support during the school year. These teachers are invited to district meeting prior to school starting. This meeting provides information concerning the school district and suggestions for a good start of the school year. During this meeting, new teachers are introduced to mentors and provided time to discuss questions and concerns. During the school year, mentors meet with novice teachers to grasp a better understanding of curriculum and technical issues.

### 4. Describe how this professional development is "sustained and ongoing."

Professional development opportunities are sustained and continued through the support of the district and state level initiatives.

## Component 6: Transition Strategies

**1. Identify the strategies in the schoolwide plan that support and assist students in transitioning from one grade level to the next. For example, preschool preparation for Kindergarten and/or eighth grade transition to high school.**

Transitional meetings take place between schools as students progress from one school to the next. Fourth grade teachers also send comprehensive data to the middle school.

## Component 7: Teacher Participation in Making Assessment Decisions

### 1. What measures are in place to include teachers in decisions regarding the use of results of statewide academic assessments?

Teachers meet in grade level to examine, analyze and discuss results of statewide testing.

## **Component 8: Timely and Additional Assistance to Students Having Difficulty Mastering the Standards**

### **1. What is the process to identify students who experience difficulty mastering the State's academic achievement assessment standards at an advanced or proficient level?**

Students not making proficient levels are identified. Teachers develop a plan of intervention for the students that do not make proficient levels.

### **2. How is timely, effective, additional assistance provided to students who are experiencing difficulty mastering the State's academic achievement assessment standards at an advanced or proficient level?**

Teachers provide intervention in the classroom for students not proficient at grade level. All teachers meet with small groups during reading and math instruction to help meet the needs of students. The school also provides assistance through our Lexia Lab, reading tutors and Walk-to -Read Program.

### **3. How are students' individual needs being addressed through differentiated instruction in the classroom?**

Teachers meet with students in small group targeting their own needs and instructional level during reading and mathematics instruction. Center activities for those not meeting with the teacher are level so that the students can work independently.

### **4. Describe how the school provides opportunities for the most academically needy students to receive support and reinforcement of academic skills BEYOND THE REGULAR SCHOOL DAY.**

The school has an after school program. Late bus students are given more time to work on week skills in computer labs .

### **5. Describe procedures used to address challenges for EACH group of Migrant, English Language Learners, Economically Disadvantaged, Special Education, Neglected and/or Delinquent, and Homeless Students.**

All students including Migrant, English Language Learners, Economically, Disadvantaged, Special Education, Neglect and/or Delinquent and Homeless Students are assessed and needs are addressed. Some of these students may require assistance outside the regular education classroom while other needs are met within the classroom.

### **6. Special Populations as listed in the Carl D. Perkins Career and Technical Education Act of 2006 - Describe procedures used to address challenges for EACH group of individuals with disabilities, individuals from economically disadvantaged families (including foster children), individuals preparing for non-traditional fields, single parents (including single pregnant women),**

**displaced homemakers, and individuals with limited English proficiency.**

n/a

## **Component 9: Coordination and Integration of Federal, State and Local Programs and Resources**

**1. In what ways are the programs coordinated and integrated toward the achievement of the schoolwide goals?**

All financial resources and programs are targeted at improving the achievement of schoolwide goals.

**2. List the State, Federal and local programs that are consolidated/coordinated in the schoolwide program and describe how all programs and resources are coordinated and integrated toward the achievement of the schoolwide goals.**

Title I resources, state allocations, and local money are all focused at achieving our overall goals.

**3. How does the school coordinate and integrate the following Federal, State and local services in a manner applicable to the grade level to support achievement of the schoolwide goals: violence prevention programs, nutrition programs, housing programs, Head Start, adult education, vocational and technical education, and job training.**

The school's child nutrition program is aimed at developing healthy students and follows all state guidelines.

## Component 10: Evaluation

### 1. How does the school evaluate the implementation of the schoolwide program?

The school administrators and teachers use a locally developed walk-through document to assess the level of program implementation. The school uses assessment data and surveys to evaluate the effectiveness of the school wide program.

### 2. How does the school evaluate the results achieved by the schoolwide program using data from the State's annual assessments and other indicators of academic achievement?

The school uses assessment data identified in the goals to evaluate the results achieved by the schoolwide program.

### 3. How does the school determine whether the schoolwide program has been effective in increasing the achievement of students who are furthest from achieving the standards?

Teachers and building administrators look at the students as a whole and individually.

### 4. What process is followed by the school to revise the plan as necessary, based on the evaluation, to ensure continuous improvement of students in the schoolwide program?

Teachers and administration have the opportunity to make suggestions as a result of the analyzed data.

### 5. Are there any goals you are keeping from the previous year? If so, describe the progress in meeting these goals.

We have keep both Math and Reading goals. Students have not made progress in these areas.

### 6. What goals did you change from your previous year's CIP? Why did you delete or change these goals?

N/A

# Coordination of Resources - Comprehensive Budget

# Strategies to Increase Parental Involvement

## **Introduction**

All Title I Schoolwide and Targeted Assistance Schools must complete the following diagnostics: the Stakeholder Feedback Diagnostic, the Parent Involvement Diagnostic, the Coordination of Resource/Comprehensive Budget Diagnostic, and EITHER the Title I Targeted Assistance Diagnostic OR the Title I Schoolwide Diagnostic. Parent Survey must be done annually, but it can be done electronically or by paper.

## Strategies to Increase Parental Involvement

**1. Describe how the school will convene an annual meeting to inform parents of the school's participation in Title I and explain Title I requirements, including the 1% set-aside, and the right of parents involved.**

The school had an annual title one meeting for parents. It is advertised in several ways- notes home, call out and marquee. The school's participation in Title I, Title I requirements, 1% set-aside and the right of parents involved is discussed during the meeting. Parents also receive a handout.

**2. Describe: 1) How there will be a flexible number and format of parent meetings offered; 2) How parents will be involved in the planning, review and improvement of the Title I Program (Note: State the school's process for how all Title I parents have the opportunity for involvement in decision-making.); and 3) How funds allocated for parent involvement are being used in the school.**

During the year several working meetings are held. During these meetings the current improvement plan is examined. These include two during the day on Parent Day visitation days and one after school. Parent Involvement money is used to purchase materials for parent notifications. It is also used to purchase materials and awards given out on Parent Involvement and assigned days. In addition to parent meetings, parents are encouraged to fill out a parent input form any time they have concerns or suggestions concerning school programs.

**3. Describe how the school provides parents of participating children timely information in a uniform format and, to the extent practicable in a language they can understand, about programs under Title I, a description and explanation of the curriculum in use, forms of academic assessments, and achievement expectations used, and, if requested by parents, opportunities for regular meetings to formulate suggestions and participate as appropriate in decisions related to the education of their children.**

Parents are made aware of assessments through a variety of ways including PTO and fliers home. Assessment meetings are also available during parent visitation days where the parents can learning more about assessments. These meetings are also advertised in advance by parent letters. Assessment results are sent home to the parents in the fall.

**4. Describe how parents, the school staff, and students share responsibility for improved student academic achievement for participating students (How the School-Parent Compact is jointly developed with Title I parents; how it is used, reviewed, and updated).**

Parents and teachers have input to the revisions of the school compact during the spring each year. Input is requested during a parent meeting and faculty meeting. After annual revisions are made, copies of the compact are distributed to each home at the beginning of the school year. The principal, teacher, parent and student read and sign the compact. During the school year, the compacts are used during conferences to remind all participants of the agreement made.

**5. Describe procedures to allow parents to submit comments of dissatisfaction with the Continuous Improvement Plan.**

The office has copies of a parent input form. Parents are encouraged to complete this form during meeting or any time during the year. These forms allow the parents to make suggestions for improvement or just state dissatisfaction with a policy or plan.

**6a. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)**

**To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:**

**Shall provide training for parents of participating children in understanding such topics as the State's academic content standards and State student academic achievement standards, State and local academic assessments, the requirements of Title I, and how to monitor their child's progress and work with teachers to improve the achievement of their children. (Describe)**

Brent Elementary holds parent visitation days. On these days parent have a variety of meetings they may choose to attend. Workshops sessions such as understanding the Investigations math curriculum. BES also holds a math night for parents that have questions but cannot attend during the day.

**6b. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)**

**To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:**

**Shall provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental involvement. (Describe)**

Teachers use PTO, parent conferences and Parent Visitation meetings as an avenue to encourage the parents to come to the teacher with questions. BES teachers encourage parents to come in and let the teachers support the parent one-on-one with questions and materials. Teachers are eager to explain the curriculum and provide materials the parents can use with their students at home.

**6c. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)**

**To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:**

**Shall educate teachers, office personnel, and other school staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school. (Describe)**

Teachers use PTO, parent conferences and Parent Visitation meetings as an avenue to encourage the parents to come to the teacher with

questions. BES teachers encourage parents to come in and let the teachers support the parent one-on-one with questions and materials. Teachers are eager to explain the curriculum and provide materials the parents can use with their students at home. PTO encourages and offers voluntary services during the year. They encourage parents to get involved and teachers also invite parents into the classroom. Brent Elementary has an open door policy and parents can visit and observe classes being taught at any time.

**6d. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)**

**To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:**

**Shall to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other federal programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.(Describe)**

Parents are invited to Parent Visitations days during the fall and winter. Parent are encourage to attend workshops, visit the classroom and eat with their child.

**6e. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)**

**To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:**

**Shall ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand. (Describe)**

Parent programs and meetings are advertised to parents by notices home, the school marquee and the one call now system.

**6f. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)**

**To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:**

**Shall provide such other reasonable support for parental involvement activities as parents may request. (Describe)**

The school encourages feedback during parent involvement days. Parents and teachers are asked to complete surveys and provide suggestions for improvement.

**7. Describe how the school will ensure the provision for participation of parents with limited English proficiency, parents with disabilities, and parents of migratory students; including providing information and school reports in a format and, to the extent practicable, in a language that parents can understand.**

Parent letters are sent out in the primary home language whenever available.
