

Communications Release Form
(Internet and Image release)

*Note to parents: You only need to sign this form if you **DO NOT** wish to allow your student to access the internet or **DO NOT** wish to have your child's image or work released.*

These permissions relate to District use ONLY; we cannot monitor private use of your child's image. Parents are asked to use discretion when posting photos and names of children other than your own on the Internet.

I understand that the Internet is an important resource for students and it will be used as an integrated part of the school curriculum.

I DO NOT give permission for my child to use the Internet in a supervised setting.

I understand that schools videotape large group activities such as assemblies, sports activities and awards ceremonies, and public events such as School Board meetings. Permission is not required or requested for cablecasting or webcasting these activities.

Individual students may have additional opportunities to appear on the Internet on cable TV (Channel 58 – Comcast; Channel 15 -- WOW), or in newspapers.

I DO NOT give permission for my child's school-related picture or work to appear on the school district cable channel/s and/or the Internet, or in newspaper photos. (This means your child will be asked to STEP OUT of the picture for photos/video used on cable or the website, or in newspapers.)
