

Welcome to the Columbus Independent School District website. My name is Dr. Brian Morris and I serve Columbus I.S.D. as the Superintendent of Schools. I am entering my second year as the Superintendent for C.I.S.D., and I could not be more excited about what is happening in our schools.

On a personal note, I am married to Meredith, my wife of 21 years. Meredith is a Math Interventionist at Columbus Junior High. We have two wonderful children, Morgan, a senior and Jake, a seventh grader. Both of our children attend Columbus Schools.

I am currently in my 25th year in education. I received my Doctor of Education Degree from Stephen F. Austin State University in 2004. I also received my Master of Education and Bachelor of Science Degree from SFASU as well. I have served the students of Texas Public Schools as a Science Teacher, Special Education Teacher, Coach, Assistant Principal, Principal, Executive Director of Operations, Assistant Superintendent and Superintendent. I am honored to live and work in beautiful Columbus, Texas.

We welcome your input, questions and concerns. We also appreciate your support of our schools and our students. In return, we are working very hard to ensure that your child receives the highest quality education possible.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Morris", with a long horizontal flourish extending to the right.

Brian Morris, Ed.D.
Superintendent
Columbus ISD
