

7511 – Pay Rate – Stage Director and Stage Crew

In connection with the rental of the Millburn Senior High School and the Millburn Middle School auditoria in accordance with Board Policy, the use of the auditorium lighting and audio systems shall be supervised only by a school employee, generally known as the Stage Director, or school-approved operator.

The Stage Director is responsible for recommending to the Principal the number of school-approved student operators and the amount of time to be worked by each student operator needed to service a rental based on information furnished in the rental application and, if necessary, discussions with the renting organization.

After preliminary approval by the Principal and final approval by the Assistant Superintendent for Business, the renting organization will be charged at the rates currently in existence for the service provided by the Stage Director and school-approved student operators, as per the administrative procedures for rental of facilities. Such charges shall be in addition to the rental rates and will be billed directly by the Office of Assistant Superintendent for Business.

The fee for school-approved student operators shall be the regular student help rate which is determined annually by the Assistant Superintendent for Business and/or designee. The fee for the Stage Director shall be recommended by the Superintendent and approved by the Board of Education.
