

FRENCH 5 HONORS SUMMER ASSIGNMENT

The following material is reviewed in the packet extras of which are in my mailbox if you lose yours. Here are the reference locations as well as other suggestions. A reminder email will go out in August.

Consider referring to the previous year's review suggestions as well if last year was difficult. Again, pick 8 - 10 verbs per day and practice them in several different tenses (careful- there are more now)

Present	Passé Composé	Imperfect
Plusqueparfait	Conditional	Past Conditional

Write them across, grid style, so you can differentiate and absorb those differences.

The grammar packet review is as follows:

- 7 Past infinitives: MP1 & MP2
- 7 Additional PPI: MP1
- 7 Imperfect: MP 2
- 7 Description review: MP2
- 7 Indirect Discourse 2: MP2
- 7 Comparison of Nouns: MP1
- 7 Final Comparison: MP4
- 7 Plusque parfait & Past Conditional: MP3
- 7 Indirect Discourse 3: MP3
- 7 Intro to object pronouns Y & EN: MP4

Take out your old tests and essays and find your errors, I probably circled them. See what went wrong. Practice writing short narrations of your day, a vacation period, a weekend, a movie you saw or a book or chapter you read. Use multiple tenses and structures. Reread it the next day and look for errors. Simple first, more complex as you continue. You will get better doing it, other students have been successful.

Please review our content units:

- o French Geography
- o City and Country
- o Health
- o Cuisine

Again, as always, practice reading passages out loud, read slow then progressively faster. This will embed sound sequences and rhythm and will improve your speaking ability. Below are some helpful sites for practice.
