## Technology Use Agreement

Throughout the school day, your student may be allowed to use technology owned by the Gateway Lab School. That technology includes, but is not limited to, desktop and laptop computers, tablets and digital projectors. This document will outline the expectations for use and care of the technology while it is being lent to the student.

All technology will be loaned to the student in good working condition. It is the student's responsibility to care for the equipment and ensure that it is retained in a safe environment during use. This equipment is, and at all times, remains the property of the Gateway Lab School, and is herewith loaned to the student for educational purposes only. The student may not deface or destroy this property in any way. Inappropriate use of technology may result in the student losing his/her right to its use. Repair or replacement costs due to the misuse of technology may be responsibility of the student or student's family.

Technology may be used by the student for non-commercial purposes only, in accordance with the school's policies and rules, Gateway's Acceptable Use Policy, as well as local, state, and federal statutes.

The Gateway Lab School network is provided for the academic use of all students and staff. The student agrees to take no action that would interfere with the efficient, academic use of the network. Gateway administration has the ability and reserves the right to track, monitor, and device wipe all technology devices, related technology, and communications to assure and maintain responsible use and maintain system integrity in accordance with its acceptable use policy.

The student acknowledges and agrees that the student's use of the school's property is a privilege and that by the student's agreement to the terms hereof, the student acknowledges the student's responsibility to protect and safeguard the school's property and to return the same in good condition and repair upon request by Gateway Lab School.

Your student will not be allowed to use school-owned technology unless this agreement and the Acceptable Use Policy is signed and returned to the school.

### Student Agreement:

I have read the Gateway Lab School Technology Loan Agreement above and understand the policies set forth by Gateway Lab School. In the event I engage in willful violation in any of the above-referenced policies, those privileges set forth within the reference policies will be revoked and other disciplinary measures will be implemented at the sole discretion of the Gateway Lab School.
