

Child Find

The Nova Academy has special services available to eligible infants, children, and young adults identified with a disability. Federal and state law requires that public school districts search for, identify, and evaluate all children under age 21 who may need special education and related services. If eligible, these children will be provided with an appropriate public education and a full range of free services and support. These services include ear, eye, speech, motor skills, language and general development screenings. Referrals to the programs staff are confidential, and the parent, legal guardian, or surrogate parent has the right to refuse services.

For more information, contact Nova Academy Administration at 972-808-7470.

§504 Child Find Notice

Pursuant to Section 504 of the Rehabilitation Act of 1973, the District has a duty to identify, refer, evaluate and if eligible, provide a free, appropriate public education to disabled students. For additional information about the rights of parents of eligible children, or for answers to any questions you might have about identification, evaluation and placement into Section 504 programs, please contact Mrs. Peters or Mrs. Fordham at (972) 808- 7470.
