

Swartz Creek Community Schools – Transportation Department Request for a Bus Stop Modification

The location of each stop was based on the safety of the location, the number of students serviced and the financial resources available to our district. If you believe that the nearest assigned stop is at a distance that exceeds Swartz Creek Community Schools Policy, more than one half mile for elementary students or more than one mile for middle / high school students or that there is a safety consideration with the location of the assigned stop, please submit a “Request for Bus Stop Modification” form. Forms may be obtained and submitted at the Transportation Office between the hours of 6:00am to 5:00pm. When school is not in session our hours will change to 7:30am to 4:00pm.

8336 Cappy Lane
Swartz Creek, MI 48473
