ST. MARY'S ACADEMY CHARTER

SCHOOL VISION STATEMENT

Students at St. Mary's Academy Charter School will achieve academic excellence, act as responsible citizens and have a strong moral foundation.

The long-range vision of St. Mary's Academy Charter School is to prepare students for the challenges they will meet living in the 21st century. In order to accomplish this the school will have rigorous academic standards, a code of student conduct, and parental support.

Dear Parents and Students,

On behalf of the Board of Directors, Superintendent, Principal, faculty, and other school staff, welcome to the 2017–2018 school year at St. Mary’s Academy Charter School. We want this year to be a productive experience for each member of our school community. This requires us to work together towards a common goal of making our school the best place to learn and enhancing our students’ academic potential through being engaged partners in education. This Parent/Student Handbook (“Handbook”) is designed to help us accomplish this goal.

This Handbook is an overview of our school’s goals, services, and rules. It is an essential reference book describing what we expect of our students and parents, what they can expect of us, and how we will achieve our educational mission. We have attempted to make the language in this Handbook as straightforward as possible. Please note that the term “parent” is used to refer to the parent, legal guardian, or other adult who has agreed to assume school-related responsibility for a student. Additionally, you will notice throughout this Handbook symbols that indicate whether a policy applies only to students at certain grade levels.

This Handbook is divided into multiple sections. The first section includes general information regarding school policy and procedures. The second section provides important health and safety information. The third section provides information about academics and grading. The fourth section is the Student Code of Conduct is required by state law and intended to promote school safety and an atmosphere for learning. In addition to its inclusion in this document, it is also posted on the school website. The fifth section is especially for parents, with information regarding parental rights, including the St. Mary’s Academy grievance policy. Finally, the sixth section contains important notices regarding student information, computer resources, and electronic communication devices.

This Handbook is written to be consistent with Board Policy. While this Handbook is updated yearly, Board policy revisions and adoptions may occur throughout the year. Changes in policy that affect Handbook provisions will be made available to students and parents through newsletters, the school website, and other communications. *Should there be a conflict between Board Policy and any provision of this Handbook, the provision that was most recently adopted by the Board of Directors will be followed.*

Please review this entire Handbook and keep it as reference during this school year. Parents or students with questions regarding this Handbook should contact the Principal or designee. Understanding the information in our Handbook will help us all to be better parents, students and staff of St. Mary’s Academy and lead to a successful year by working together.

Finally, you must complete and return the last page of the Handbook – “Acknowledgment of Student/Parent Handbook” – to the school office within five days of receiving the Handbook.

On behalf of the entire St. Mary’s Academy staff and community, best wishes for a great 2017–2018 school year!

Sincerely,

Hirma Elizondo

Principal

SECTION I — GENERAL POLICIES AND PROCEDURES

Notice of Non-Discrimination

St. Mary's Academy Charter School does not discriminate on the basis of race, religion, color, national origin, sex, or disability in providing educational services, activities, and programs, including vocational and career and technical education programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendment of 1972; Title II of the Americans with Disabilities Act of 1990, as amended, which incorporates and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended; and any other legally-protected classification or status protected by applicable law.

The following staff members have been designated to coordinate compliance with these requirements:

Section 504 Coordinator, for concerns regarding discrimination on the basis of disability:

Name: Cindy Miller
Position: Chair, Section 504 Committee
Address: 507 N Filmore, Beeville TX 78102
Phone: 361-358-1270

General Admissions and Enrollment Information

Admission and enrollment of students shall be open to persons who reside within the geographic boundaries stated in the School's charter and who are eligible for admission based on lawful criteria identified in the charter and in state law. The total number of students enrolled in the School shall not exceed the number of students approved in the charter or subsequent amendments. Total enrollment may further be limited by St. Mary's Academy based on occupancy limitations, code compliance and staffing requirements as deemed necessary.

In accordance with State law, St. Mary's Academy does not discriminate in its admissions policy on the basis of sex, national origin, ethnicity, religion, disability, academic, artistic or athletic ability, or the district a student would otherwise attend.

Exception to Admission

As authorized by the School's charter and Texas Education Code § 12.111(6), students with a documented history of a criminal offense, a juvenile court adjudication, or other school discipline problems under Texas Education Code Chapter 37, Subchapter A, will be excluded from admission and enrollment in St. Mary's Academy.

Submission of Applications and Admissions Lottery

The School requires applicants to submit a completed application form in order to be considered for admission. An admissions lottery will be conducted if the total number of applicants exceeds the number of open enrollment spots. Each applicant will be assigned a number, and all numbers will be placed in a container and randomly drawn one number at a time by the Principal or designee. Each applicant whose number is drawn will be offered admission. Notification will be made by telephone, e-mail or U.S. Postal Service. Failure of an applicant to respond within 48 hours of the date of the telephone call or e-mail, or within three business days of a post-marked letter, will result in the forfeiture of his or her position in the application process. Parents notified by mail should call the admitting campus immediately upon receipt of the notice in order to preserve their child's position in the lottery.

Once all enrollment spots have been filled by the lottery, the remaining numbers will be drawn and the applicants assigned to these numbers will be placed on a waiting list in the order in which they were drawn. If a vacancy arises before the commencement of the school year, the individual on the waiting list with the lowest number assignment will be offered admission and then removed from the waiting list.

If an application is received after the application period has passed, the applicant's name will be added to the waiting list behind the names of the applicants who timely applied.

Exceptions: Federal guidelines permit the School to exempt from the lottery students who are already attending the School; siblings of students already admitted to or attending the School; and children of the School's founders, teachers and staff, so long as the number of these students constitutes only a small percentage of the School's enrollment.

Student Information

Any student admitted to the School must have records such as report card and/or transcript from the previous school attended to verify his or her academic standing. Verification of residency and current immunization records are also required. Every student enrolling in the School for the first time must present documentation of immunizations as required by the Texas Department of State Health Services.

No later than 30 days after enrolling in the School, the parent and school district in which the student was previously enrolled shall furnish records that verify the identity of the student. These records may include the student's birth certificate or a copy of the student's school records from the most recently attended school.

St. Mary's Academy will forward a student's records on request to a school in which a student seeks or intends to enroll without the necessity of the parents' consent.

Food Allergy Information

The parent of each student enrolled at the School must complete a form provided by the School that discloses (1) whether the child has a food allergy or a severe food allergy that should be disclosed to the School to enable the School to take any necessary precautions regarding the child's safety and (2) specifies the food(s) to which the child is allergic and the nature of the allergic reaction.

For purposes of this requirement, the term "severe food allergy" means a dangerous or life-threatening reaction of the human body to a food-borne allergen introduced by inhalation, ingestion, or skin contact that requires immediate medical attention.

The School may also require information from a child's physician if the child has food allergies.

Food allergy information forms will be maintained in the child's student records, and shall remain confidential. Information provided on food allergy information forms may be disclosed to teachers, school counselors, school nurses, and other appropriate school personnel only to the extent consistent with Board policy and as permissible under the Family Educational Rights and Privacy Act of 1974 ("FERPA").

Residency Verification

The Texas Education Code authorizes schools to obtain evidence that a person is eligible to attend public schools. To be eligible for continued enrollment in the School, each student's parent must show proof of residency at the time of enrollment. Residency may be verified through observation, documentation, and other means, including, but not limited to:

1. A recently paid rent receipt,
2. A current lease agreement,
3. The most recent tax receipt indicating home ownership,
4. A current utility bill indicating the address and name of the residence occupiers,
5. Mailing addresses of the residence occupiers,
6. Visual inspection of the residence,
7. Interviews with persons with relevant information, or
8. Building permits issued to a parent on or before September 1st of the school year in which admission is sought (permits will serve as evidence of residency for the school year in which admission is sought only).

Falsification of residence on an enrollment form is a criminal offense.

Withdrawals

Voluntary Withdrawal

A student under 18 years of age may be withdrawn from school only by a parent. St. Mary's Academy requests notice from the parent at least three days in advance so that records and documents may be prepared. Parents may obtain a withdrawal form from the main office. The parent shall also provide the name of the new school in which the student will be enrolled, and must sign the withdrawal request to document that the student will continue to be enrolled in a school as required by compulsory attendance laws.

A student who is 18 years of age or older, who is married, or who has been declared by a court to be an emancipated minor, may withdraw without parental signature.

Withdrawing students and parents are expected to:

- Return all textbooks and checked-out materials and equipment;
- Complete any make-up work assigned;
- Pay any unpaid balance for student fees, if any; and
- Sign a release of student records.

In all cases, withdrawal forms must be appropriately completed and signed before withdrawal is complete.

Involuntary Withdrawal

St. Mary's Academy may initiate withdrawal of a student under the age of 18 for non-attendance if:

- (1) the student has been absent 10 consecutive school days, and
- (2) Repeated efforts by the school to locate the student have been unsuccessful.

PARENTAL RESPONSIBILITIES

Leaving Campus During the School Day

Because class time is important, doctors' appointments should be scheduled, if possible, at times when the student will not miss instructional time.

A student who will need to leave campus during the day must submit a note to the School office from his or her parent providing the following information:

1. Student's name,
2. Reason for student's need to leave campus,
3. Time student will need to be gone from campus,
4. Phone number where parent may be reached to confirm parent's permission,
5. Parent's name, and
6. Parent's signature.

No student will be permitted to leave campus before the School office confirms the student's need to leave campus with the student's parent by phone.

Students who fail to check in or out before leaving and/or returning to campus will be considered truant from any instructional hours missed.

Students will not be allowed to leave in the custody of any person not named on the Student Registration Card. Photo identification is required to pick up a student.

Conferences with Teachers and Principal or Designee

Because the Principal or designee and teachers serve students during the school day, they are often unable to accommodate unscheduled telephone calls or in-person conferences. When parents feel it necessary to contact the Principal or a teacher, they are encouraged to leave their telephone numbers with the School office so that the Principal or teacher may return the call later. Personal conferences are also welcome, and may be scheduled through the School office. Parents may also communicate with the Principal or teachers via e-mail regarding school-related business.

Pledges of Allegiance and Moment of Silence

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the Principal or designee at the School office to excuse their student from reciting a pledge.

State law requires that one minute of silence will follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that the School provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

Recitation of the Declaration of Independence

State law requires students in social studies classes in grades 3–6 to recite a portion of the text of the Declaration of Independence during “Celebrate Freedom Week.” A student will be exempted from this requirement if a parent provides a written statement requesting that the student be excused, the School determines that the student has a conscientious objection to the recitation, or the parent is a representative of a foreign government to whom the United States extends diplomatic immunity.

Respect for All

The School has a diverse student population and strives to maintain an environment of respect and acceptance. Students must not engage in harassing behaviors toward students and school staff that are motivated by race, ethnicity, gender, sexual orientation, color, religion, national origin, disability or age.

Students are expected to treat other students and school staff with courtesy and respect, to avoid any behaviors known to be offensive, and to stop these behaviors when asked or told to stop.

School Calendar

The School operates according to the school calendar adopted annually by the Board of Directors. Holidays may be used as school make-up days for days lost due to bad weather. The latest changes to the calendar will be available on the School website.

Daily Schedule

The Kindergarten through third grade school day runs from 8:15 AM to 4:00 P.M.

Fourth through Sixth grades run from 8:00 A.M. to 4:00 P.M.

Textbooks and Curriculum Materials

State-approved textbooks and additional curriculum materials are provided free of charge for each subject or class. Materials must be used by the students as directed by the teacher, and treated with care. A student who is issued damaged materials should report the damage to the teacher.

Students must return all textbooks and supplemental materials to the teacher at the end of the school year or when the student withdraws from school. Any student failing to return issued materials in an acceptable condition loses the right to free textbooks and educational materials until the student and/or parent pays for the damages. However, a student will be provided textbooks and educational materials for use during the school day. The School may reduce or waive the payment

requirement if the student is from a low-income family. Release of student records, including official transcripts, will be delayed pending payment for lost or severely damaged textbooks.

Transcripts

The School maintains an academic achievement record (transcript) for each student enrolled. Transcripts list complete personal student data, give complete scholastic grades, and report student activities, honors, and scores on standardized achievement tests.

Tutorials

Students are encouraged and may be required to see teachers for tutoring. Parents desiring information concerning their student's tutoring should contact the student's teacher.

School Facilities Use

Students should not arrive at school prior to 7:00 am. However, for the benefit of students and parents, certain areas of the School will be accessible to students before and after school for specific purposes. These areas include the cafeteria and any other area designated by the Principal or designee for students who arrive early or stay after school.

Students must leave campus immediately after school dismisses in the afternoon, unless they are involved in an activity under the supervision of a teacher or sponsor. If a student is involved in an after-school activity, he or she must remain in the area where their activity is scheduled to take place. The student may not go to another area of the school without permission by the teacher or sponsor overseeing the activity.

School Functions

Teachers and administrators have full authority over student conduct during before or after-school activities on School premises and at School-sponsored events off school property, including but not limited to rehearsals, club meetings, athletic practices, and special study groups and tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct. Students may also be subject to any rules of conduct established by the activity's sponsor.

School-Sponsored Trips

School-sponsored trips are made each year for the various activities in which students participate. The following regulations govern trips sponsored by the School:

1. Students missing school when on a School-sponsored trip are not counted absent, but are required to make up the work missed. Arrangement should be made with each teacher for make-up work before the trip is made.
2. Students are responsible for observing all safety rules during the trip.
3. Students participating in the trip are under the supervision of a sponsor and are expected to follow the School's Student Code of Conduct and dress code.

Fees

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. Students are expected to provide their own consumable items, such as pencils, paper, pens, erasers, notebooks, calculators, headsets, etc. Students **may** be required to pay certain fees or deposits, including:

1. A fee for materials for a class project that the student will keep, if the fee does not exceed the cost of materials;
2. Membership dues in voluntary student clubs or organizations and admission fees to extracurricular activities;
3. A fee for personal physical education and athletic equipment and apparel, although a student may provide the student's own equipment or apparel if it meets reasonable requirements and standards relating to health and safety;
4. A fee specifically permitted by any other statute.

St. Mary's Academy may waive any fee or deposit if the student and parent are unable to pay. A request for such a waiver must be made in writing to the Principal or designee, and include evidence of inability to pay. Details for the fee waiver are available in the Principal's office.

Meals

St. Mary's Academy participates in the National School Lunch Program and offers nutritionally balanced breakfasts and lunches to students. Guidelines set by the Texas Department of Agriculture ("the TDA") and United States Department of Agriculture ("USDA") is followed to meet the nutritional needs of all students.

Free and reduced-price breakfasts and lunches are available based on financial need in accordance with federal and state law. Information about a student's participation is confidential. See the Principal or designee to receive additional information or to apply. Students must reapply for meal assistance each school year.

Special dietary needs or restrictions should be communicated to the Principal or designee.

Menus

Menus are available on the School website, www.smacs.net.

Payment for Meals

Students are encouraged to purchase meals from the School in advance. Payments may be made to the student's account weekly, monthly, or yearly. See the School office for acceptable methods for payment.

State-Mandated Nutrition Guidelines

The TDA places strict limits on any food or drink provided or sold to students other than through the School's Food and Nutrition Services. More detailed information may be obtained at the school office or online at www.squaremeals.org. We encourage parents to help the school and their student adhere to the newly adopted Nutrition Guidelines to promote a healthy diet. If you must bring a fast food meal to school for your child, please try to adhere to the new Nutrition Guidelines to the extent possible.

In addition, meals for students that are not your own child are not permitted. Such meals may create a health and safety issue for students on medication, special diets and/or those who are allergic to certain types of foods. Bringing such a meal for a student who is not your child may also be against the wishes of that student's parents.

Messages for Students

It is not possible to receive and deliver telephone messages and/or supplies to students without interrupting classes and interfering with the learning environment. In the case of an emergency, the School office should be contacted for assistance at 361-358-5601 Ext 1000.

Displaying a Student's Artwork, Projects, Photos, and Other Original Work

Teachers may display student work in classrooms or elsewhere on campus as recognition of student achievement. However, the School will seek parental consent before displaying student artwork, special projects, photographs taken by students,

and other original works on the School's website, on any campus or classroom website, in printed materials, by video, or by any other method of mass communication. The School will also seek consent before displaying or publishing an original video or voice recording in this manner.

Visitors

St. Mary's Academy welcomes visitors for educational purposes. For the safety of those within the School and to avoid disruption of instructional time, all visitors – including parents – must first report to the main office, present a valid photo ID, sign-in, and obtain a visitor's badge.

The Principal or designee may take the following actions whenever there is a school visitor:

- Require the visitor to display his or her driver's license or another form of identification issued by a governmental entity containing the person's photograph.
- Establish an electronic database for the purpose of storing information concerning visitors. Information stored in the electronic database may be used only for the purpose of School security, and may not be sold or otherwise disseminated to a third party for any purpose.
- Verify whether the visitor is a sex offender registered with the computerized central database maintained by the Department of Public Safety or any other database accessible by the School.
- Require the visitor to comply with all campus requirements for visitors.

Any visitor identified as a sex offender shall be escorted by School personnel at all times during a school visit and shall have access only to common areas of the campus, or other areas as permitted by the Principal or designee.

Visits to individual classrooms during instructional time are permitted only with approval of the Principal or designee and teacher, and as long as the duration or frequency of the visits do not interfere with the delivery of instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

Change of Address or Telephone Number

Parents are responsible for notifying the School when a student's address or telephone number changes. Proof of residency at the new address may also be required.

Check Acceptance Policy

All personal checks written to the School must include the current address and phone number of the account holder. The account holder's name should also be legible and printed on the check.

The School may collect any applicable services fees in the event that a check written to the School is returned unpaid by the bank.

Deliveries

Packages for students such as flowers, balloons, etc., must be delivered to the School Office. These items will not be delivered to the classroom.

Distribution of Materials or Documents

School Materials

Publications prepared by and for the School may be posted or distributed with prior approval by the Principal and/or teacher. Such items may include school posters, brochures, murals, etc.

Non-School Materials

Students must obtain express prior approval of the Principal or designee before distributing, posting, selling, or circulating written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials on campus.

Non-school literature shall not be distributed by students on School property if:

- The materials are obscene, vulgar, or otherwise inappropriate for the age and maturity of the audience.
- The materials endorse actions endangering the health or safety of students.
- The materials promote illegal use of drugs, alcohol, or other controlled substances.
- The distribution of such materials would violate the intellectual property rights, privacy rights, or other rights of another person.
- The materials contain defamatory statements about public figures or others.
- The materials advocate imminent lawless or disruptive action and are likely to incite or produce such action.
- The materials are hate literature or similar publications that scurrilously attack ethnic, religious, or racial groups or contain content aimed at creating hostility and violence, and the materials would materially and substantially interfere with school activities or the rights of others.
- There is reasonable cause to believe that distribution of the non-school literature would result in material and substantial interference with School activities or the rights of others.

Any student who posts material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials over which the School does not exercise control shall not be sold, circulated, or distributed by persons or groups not associated with the School or a School support group on school premises unless the person or group obtains specific prior approval from the Principal or designee. ATTENDANCE POLICY

Regular school attendance is essential for the student to make the most of his or her education and to benefit from teacher-supervised activities, to build each day's learning on that of the previous day, and to grow as an individual. Absences from class will affect a student's ability to succeed in class; therefore, students and parents should make every effort to avoid unnecessary absences. Regular attendance is critical to SMACS' success. Two state laws – one dealing with compulsory attendance, the other with attendance for course credit – are of special interest to students and parents. These laws are discussed below.

Compulsory Attendance

State compulsory attendance laws generally require all children between the ages of 6 and 19 to attend school each day that school is in session. Pre-Kindergarten and Kindergarten students are subject to compulsory school attendance rules while they are enrolled in school.

Attendance for Credit or Final Grade

In determining whether there were extenuating circumstances for the absences, the Attendance Committee will use the following guidelines:

1. All absences, whether excused or unexcused, must be considered, with consideration given to special circumstances as defined by the Texas Education Code.
2. For a student transferring into the School after school begins, including a migrant student, only those absences after enrollment will be considered.
3. In reaching consensus about a student's absences, the committee will attempt to ensure that its decision is in the best interest of the student.
4. The committee will consider whether the absences were for reasons over which the student or parent could exercise control.
5. The committee will consider the acceptability and authenticity of documentation expressing reasons for the student's absences.
6. The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
7. The student, parent or other representative will be given an opportunity to present any information to the committee about the absences and to discuss ways to earn or regain credit.

If credit is lost because of excessive absences, the attendance committee will decide how the student may regain credit or earn a final grade. If the committee determines there are no extenuating circumstances and that credit or a final grade may not be earned, the student or parent may appeal the committee's decision to the Board of Directors by filing a written request with the Principal. The appeal notice must be postmarked to the following address within 30 days following the last day of instruction in the semester for which credit was denied:

Name:	Ms. Hirma Elizondo
Position:	Principal
Address:	507 N. Filmore Beeville TX 78102
Phone:	361-358-5601 ext. 1080

The appeal will then be placed on the agenda of the next regularly scheduled Board meeting. The Principal or designee shall inform the student or parent of the date, time, and place of the meeting.

Excused and Unexcused Absences

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining United States citizenship;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders. A note from the health-care provider must be submitted upon the student's arrival or return to campus;
- For students in the conservatorship (custody) of the state;
- Mental health or therapy appointments; or
- Court-ordered family visitations or any other court-ordered activity provided it is not practicable to schedule the student's participation in the activity outside of school hours.

Absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments.

For religious holy days, a required court appearance, activities related to obtaining citizenship, and service an election clerk, one day of travel to the site and one day of travel from the site shall also be excused by the School.

Unexcused Absences

Any absence not listed above will be considered an unexcused absence. Examples of unexcused absences include, but are not limited to:

- Car trouble;
- Failure to bring a written note within two school days following an absence;
- Leaving school without the permission of the Principal or designee or another administrator;
- Oversleeping;
- Personal business;
- Vacations.

Required Documentation of Absences

When a student must be absent from school, parents are responsible for calling the School office each day to explain the reason for the student's absence. Upon returning to school, the student must bring a note to the School office, signed by the parent, which describes the reason for the absence. In order to excuse the absence, the note must:

- Be submitted to the School office within two school days of the student's return to school, and
- Describe an acceptable reason for the absence (see "Excused and Unexcused Absences" above).

Notification to Parents

The School will notify the parent by mail when the student is absent from school, without excuse, on three days or parts of days within a four-week period. The notice will inform the parent that it is the parent's duty to monitor the student's school attendance and require the student to attend school, the parent is subject to prosecution for contributing to nonattendance under Texas Education Code § 25.093, and that a conference between the parent and School officials is needed to discuss the absences.

Note: Truancy Prevention Measures are addressed in the Student Attendance and Accounting Handbook which is updated by TEA Annually.

The Superintendent, Stan Simonson has been designated as the School Attendance Officer.

Truancy Prevention Measures

Below is an excerpt from the Student Attendance and Accounting Handbook (SAAH). Should there be a conflict between the SAAH and the items below: the SAAH will be followed. Updates to this section will be made as promptly as possible should an update be made to the SAAH.

State law (TEC 25.091 and 25.095) list the duties of the School Attendance Officer. The duties of are noted below (for non-peace officers):

- Investigate each case of a violation of the compulsory attendance requirements
- Enforce compulsory school attendance requirements by: 1) applying truancy prevention measures, and 2) if the prevention measures fail, referring the student and parent to the appropriate court
- Monitor school attendance compliance by each student investigated by the officer
- Make home visits or otherwise contact the parent of a student that is in violation of the requirements. The officer may enter a student's residence only with permission of the parent or owner of the residence.
- At the request of a parent, to escort a student from any location to the school campus to ensure the student's compliance with compulsory school attendance requirements.
- If the officer is notified that by a court-order that the student must be taken into custody, the officer shall contact the appropriate police department.

In an effort to comply with the state law regarding compulsory school attendance, the School Attendance Officer shall, with the assistance of the Registrar, follow the procedure outlined below:

- Parents are provided a Student Handbook at the beginning of the year that outlines Absences and Attendance. This covers compulsory Attendance Laws, Exemptions, Failure to comply with Compulsory Attendance, Attendance for Credit and Excuses. Parents can sign up for the Grade Portal to have access to grades and attendance.
- Truancy measures for the school district will include behavioral improvement plans, parent-teacher conferences and the involvement with school counselors. Phone calls are to be made by School Registrar when a student has reached three or more absences within a four-week period. Letters are sent to Parents/Guardians after three unexcused absences in a four-week period
- At five unexcused absences within a six-month period, a behavior improvement plan is implemented along with a mandatory parent conference. Phone calls and Parent meetings are made with Administrators to discuss absentness and to explain Compulsory Attendance Laws.
- A letter will be sent out after eight absences within a six-month period explaining denial of credit. At eight unexcused absences within a six-month period the improvement plan will be reviewed and discussed with parents, teachers and counselors.
- After 10 or more unexcused absences within a six-month period, the school can refer the student to a truancy court. A petition alleging truant conduct must be filed by the school district within 45 days to a truancy court.
- These Prevention Measures are implemented to students 12 and older.
- Parents of students 11 and under will be individually subject to the truancy court filing.

STUDENT RESPONSIBILITIES

Tardiness

Students who are late to class are designated tardy and will be assigned disciplinary consequences if they are tardy without an acceptable excuse on four or more days within a period of 45 rolling school days. Egregious tardiness – e.g., arriving to school after attendance had been taken – will be classified as an absence for the purpose of compulsory attendance enforcement if unexcused.

Nearly all tardiness is avoidable and is excusable only in cases of illness or emergency. If a student arrives late to school, a parent must report to the School office to complete a tardy slip.

Warning letters will be given for excessive tardies and absences.

Closed Campus

St. Mary's Academy operates a closed campus. This means that students are not allowed to leave campus for any reason during the school day, without first obtaining permission from the school office (see "Leaving Campus during the School Day".)

LEAVING CAMPUS

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a child early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parental consent:

- For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.
- If a student becomes ill during the school day and the school secretary or other district personnel determines that the student should go home, the secretary will contact the student's parent and document the parent's wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by him or herself, as permitted by the student's parent, the School will document the time of day the student was released. Under no circumstances will a child in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.

At Any Other Time During the School Day

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal or medical purposes.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

Lost and Stolen Items

All articles, including books, found on campus should be taken to the School office. All articles not claimed at the end of a school year will be disposed of through proper channels. The School is not responsible for lost or stolen items.

Electronic and Telecommunications Devices

Electronic and telecommunication devices can be a major source of distraction in the classroom. For this reason, **students are not permitted to possess items such as cell phones, pagers, radios, CD players, iPods or MP3 players, tape recorders, camcorders, DVD players, cameras, or electronic devices or games at school**, unless prior permission has

been obtained from the Principal or designee.

If a student is permitted to possess an electronic device at school, including a cell phone, all such devices must be turned off during school hours. **If a school employee observes a student using any electronic or telecommunication device (including a cell phone) during the school day or a School-related activity (without permission), the employee will collect the item and turn it in to the Principal or designee if there is reasonable cause to believe that the device has been used in the transmission or reception of communications prohibited by law, policy or regulation.** Any disciplinary action will be in accordance with the Student Code of Conduct.

Confiscated devices will be returned only to a parent. A \$15.00 fee may be assessed before the parent is able to retrieve a confiscated device. Any disciplinary action will be in accordance with the Student Code of Conduct. The School is not responsible for damage to or the loss or theft of confiscated items.

Skateboards

Students are not permitted to use their skateboards, scooters, and/or roller blades on campus at any time. If a student is using any of the above instruments as a means of transportation to or from school, he or she must walk and carry the skateboard, scooter, and/or roller blades while on campus. Skateboards, scooters, or roller blades should be kept in a locker, or other designated place approved by a teacher or the Principal or designee, until the end of the school day.

Telephone

Students are requested not to ask for use of School telephones except in exceptional circumstances. School staff will deliver messages in cases of emergency.

Transportation

Students who participate in School-sponsored trips may be required to ride a School vehicle to and from the activity. The Principal or designee may make an exception if the parent personally requests that the student be permitted to ride with the parent, or if the parent presents – prior to the day of the scheduled trip – a written request that the student be permitted to ride with an adult designated by the parent.

Riding a School vehicle is a privilege. School vehicle drivers have the authority to maintain discipline and require seating charts. When riding a School vehicle, students are held to behavioral standards established in this Handbook and the Student Code of Conduct. Students must:

1. Follow the driver's directions at all times;
2. Enter and leave the vehicle in an orderly manner;
3. Keep feet, books, instrument cases, and other objects out of the aisle;
4. Not deface the vehicle or its equipment;
5. Not put head, hands, arms, legs, or an object out of any window; and
6. Wait for the driver's signal in order to leave or cross in front of the vehicle.

Only designated students are allowed to ride in the vehicle. Students may neither ride the vehicle to a different location nor have friends ride the vehicle to participate in after-school activities.

If a special needs student is receiving bus transportation as a result of an Individual Education Plan ("IEP"), the Admission Review and Dismissal ("ARD") Committee will have the discretion in determining appropriate disciplinary consequences related to inappropriate behavior in a School vehicle.

Clubs and Organizations

1. Student clubs and organizations are an integral part of the School's curricular program.

All students are encouraged to participate and take an active part in student clubs and organizations.

Meetings

Only School-recognized curricular student clubs and organizations are permitted to meet on School property during non-instructional time.

Fundraising

Student clubs or classes, outside organizations, and/or parent groups occasionally may be permitted to conduct fundraising drives for approved School purposes. Permission must be obtained from the Principal or designee at least two business days before the event. Fundraising activities not approved by the Principal or designee are not permitted on school property.

SECTION II — HEALTH AND SAFETY INFORMATION

Student safety on campus and at School-related events is a high priority of St. Mary's Academy. While the School has implemented safety procedures, the cooperation of students is essential to ensure school safety. Students should:

1. Avoid conduct that is likely to put the student or other students at risk;
2. Follow the behavioral standards in this Handbook, including the Student Code of Conduct, as well as any additional rules for behavior and safety set by the Principal or designee, teachers, or school staff;
3. Remain alert to and promptly report to school staff safety hazards, such as intruders on campus and threats made by any person toward a student or school staff;
4. Know emergency evacuation routes and signals; and
5. Immediately follow the instructions of school staff who are overseeing the welfare of students.

Alcohol-Free School Notice

In order to provide a safe and alcohol-free environment for students and employees, all alcoholic beverages are prohibited on St. Mary's Academy property at all times, and at all school-sanctioned activities occurring on or off School property. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Tobacco-Free School Notice

Smoking and using smokeless tobacco, including electronic cigarettes, is not permitted in School buildings, vehicles, on or near School property, or at all School-sanctioned activities occurring on or off School property. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Drug-Free School Notice

St. Mary's Academy believes that student use of illicit drugs is both wrong and harmful. Consequently, the School prohibits the use, sale, possession, or distribution of illicit drugs by students on School premises or any School activity, regardless of its location. The School also prohibits the use, sale, possession, or distribution of look-alike substances and/or synthetic substances designed to imitate the look and/or effects of illicit drugs. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Gun-Free School Notice

SMACS is a gun-free zone. Under the Gun-Free Schools Act, discussed later in this publication, a student who brings a firearm to school shall be expelled.

Illness During the School Day

A student who becomes ill during school hours is to report to the teacher, who will then send him or her to the School office or nurse. The student's parent will be contacted. No student is allowed to go home before a parent is notified. Students are not to call parents from pay phones or cell phones asking to go home; such calls are to be made from the school office by school staff.

Students should stay home from school due to illness if any of the following are present:

Emergency Medical Treatment

If a student has a medical emergency at school or a School-related activity and the parent cannot be reached, School staff will seek emergency medical treatment unless the parent has previously provided a written statement denying this authorization. Parents are asked each year to complete an “Emergency Care” consent Form, which includes information about their student’s allergies to medications, etc. Parents should keep emergency contact information current (e.g., name of doctor, emergency phone numbers, allergies, etc.).

Health Care Appointments

A student may be excused for a temporary absence resulting from documented health-care appointments for the student if that student begins classes or returns to school on the same day of the appointment. A note from the health care professional must be provided to the School office upon the student’s arrival to or return to school. Students whose absences are excused for these reasons may not be penalized for that absence and will be counted as if the student attended school for attendance purposes. The student will be allowed a reasonable amount of time to make up the missed schoolwork.

Administration of Medication

Medication should be administered at home whenever possible. If necessary, medication can be administered at school under the following circumstances:

- Prescription medications must be submitted in a labeled container showing the student’s name, name of the medication, reason the medication is being given, proper dosage amounts, the time the medication must be taken, and the method used to administer the medication. Medications sent in plastic baggies or unlabeled containers will NOT be administered.
- If the substance is herbal or a dietary supplement, it must be provided by the parent and will be administered only if required by the student’s Individualized Education Program (“IEP”) or Section 504 plan for a student with disabilities.
- Only the amount of medication needed should be delivered to the School, i.e., enough medication to last one day, one week, etc. In cases of prolonged need, send in the amount for a clearly specified period. Extra medication will not be sent home with the student.
- In certain emergency situations, the School may administer a nonprescription medication to a student, but only in accordance with the guidelines developed by the School’s medical advisor and when the parent has previously provided written consent for emergency treatment.

Asthma and Anaphylaxis Medication

Asthma and anaphylaxis are life threatening conditions, and students with those conditions may be allowed to possess and self-administer prescription medication for those conditions during the school day or at School-related events. Student possession and self-administration of asthma or anaphylaxis medication at school require the student to demonstrate his or her ability to self-administer the medication for the physician or licensed health care provider and the Principal or designee. Requirements also include written authorization from the student’s parent and physician or other licensed health care provider on file in the School office indicating the student is capable of independently administering his or her own asthma or emergency anaphylaxis medication. With these safeguards in place the student may possess and self-administer his or her prescribed medication at his or her discretion during school hours or at School-related events.

Written authorizations to self-administer asthma or anaphylaxis medication should be updated annually unless otherwise indicated by the student’s physician.

Medication in a student’s possession must be in an original container with a prescription label. Please note that most pharmacies will place a label on the inhaler device upon request.

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. Parents of students with a communicable or contagious disease should notify the Principal or

designee so that other students who might have been exposed to the disease can be alerted. Among the more common of these diseases are the following:

Amebiasis	Influenza
Campylobacteriosis	Measles (rubeola)
Chickenpox	Meningitis, bacterial
Common cold	Meningitis, viral
Conjunctivitis, bacterial and/or viral	Mumps
Fever	Pertussis (whooping cough)
Fifth disease (erythema infectiosum)	Ringworm
Gastroenteritis	Rubella (German measles)
Giardiasis	Salmonellosis
Head lice (pediculosis)	Scabies
Hepatitis A	Shigellosis
Infections (wounds, skin, and soft tissue)	Streptococcal sore throat and scarlet fever
Infectious Mononucleosis	Tuberculosis, pulmonary

Any student excluded from school attendance for reason of communicable disease may be readmitted by one or more of the following methods, as determined by the local health authority:

- Certificate of the attending physician, advanced practice nurse, or physician assistant attesting that the child does not currently have signs or symptoms of a communicable disease or to the disease's non-infectiousness in a school setting;
- Submitting a permit for readmission issued by a local health authority; or
- Meeting readmission criteria as established by the commissioner of health.

Bacterial Meningitis

State law requires St. Mary's Academy to provide the following information:

What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over two years of age) and adults with meningitis commonly have a severe headache, high fever, and neck stiffness or joint pains. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both students and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

How serious is bacterial meningitis?

If diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases, it can be fatal or a person may be left with a permanent disability.

How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing and sharing drinking containers, utensils, or cigarettes, coughing or sneezing).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

How can bacterial meningitis be prevented?

Maintaining healthy habits, including getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also help stop the spread of the bacteria. Students should not share food, drinks, utensils, toothbrushes, or cigarettes. Students should limit the number of persons they kiss.

There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis. * The vaccine is safe and effective (85-90 percent of the time). It can cause mild side effects, such as a redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

What should students do if they think they or a friend might have bacterial meningitis?

Students should seek prompt medical attention.

Where can students get more information?

A family doctor and the staff at the local or regional health department office are excellent sources for information on all communicable diseases. Parents and students may also call the local health department or Regional Texas Department of Health office to ask about meningococcal vaccine. Additional information may also be found at web sites for the Centers for Disease Control and Prevention (<http://www.cdc.gov>) and the Texas Department of State Health Services (“TDSHS”) (<http://www.dshs.state.tx.us>).

*Please note that the TDSHS requires at least one meningococcal vaccination between grades 7 and 10, and state guidelines recommend this vaccination be administered between age 11 and 12, with a booster dose at 16 years of age. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the main office for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

Dyslexia and Related Disorders

From time to time, students may be tested and, where appropriate, treated for dyslexia and related disorders in accordance with programs, rules and standard approved by the state. Parents will be notified should the School determine a need to identify or assess their student for dyslexia and related disorders.

Vision and Hearing Screenings

All children enrolled in Texas schools must be screened for possible vision and hearing problems in accordance with regulations issued by the Texas Department of State Health Services. Students in certain grade levels identified by state regulations shall be screened for vision and hearing problems annually.

Screening records for individual students may be inspected by the Texas Department of State Health Services or a local health department, and may be transferred to another school without parental consent.

Exemption: A student is exempt from screening requirements if screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or a member. To qualify for the exemption, the individual or, if the individual is a minor, the minor’s parent, managing conservator, or guardian, must submit to the Principal or designee on or before the day of admission an affidavit stating the objections to screening.

Spinal Screening

All children in grade six (6) must be screened for abnormal spinal curvature before the end of the school year. The screening requirement for students entering grade six may be met if the child has been screened for spinal deformities during the previous year.

A parent who declines participation in the spinal screening provided by the School must submit to the Principal or designee documentation of a professional examination which includes the results of a forward-bend test. This documentation must be submitted to the School during the year the student is scheduled for screening or, if the professional exam is obtained during the following summer, at the beginning of the following school year.

Exemption: A student is exempt from screening if the screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or member. To qualify for the exemption, the student's parent, managing conservator, or guardian must submit to the Principal or designee on or before the day of the screening procedure an affidavit stating the objections to screening.

Fitness Testing

According to requirements under state law, the School will annually assess the physical fitness of students. The School is not required to assess a student for whom, as a result of disability or other condition identified by rule or law, the assessment exam is inappropriate.

Excuses from Physical Education: Any child who is to be excused, for reasons of health, from physical education or other normal school activities must bring a note from home to the School stating the reason why and the duration of the excuse.

Immunizations

The State of Texas requires that every child in the state be immunized against vaccine preventable diseases caused by infectious agents in accordance with an established immunization schedule.

The immunizations required are: diphtheria, tetanus, and pertussis; measles, mumps, and rubella; polio, hepatitis A; hepatitis B; varicella (chicken pox); and meningococcal. To determine the specific number of doses that are required for your student, please read "2013–2014 Texas Minimum State Vaccine Requirements for Students Grades K–6." This document and more information about school vaccine requirements are available at the Texas Department of State Health Services ("TDSHS") Immunization Branch website: www.ImmunizeTexas.com (click on the "School & Childcare" link).

Proof of immunization may be personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

Provisional Enrollment

A student can be enrolled provisionally for no more than 30 days if her or she transfers from one Texas school to another, and is awaiting the transfer or the immunization record.

A student may be enrolled provisionally if the student has an immunization record that indicates the student has received at least one dose of each specified age-appropriate required vaccine. To remain enrolled, the student must complete the required subsequent doses in each vaccine series on schedule and as rapidly as is medically feasible and provide acceptable evidence of vaccination to the School. St. Mary's Academy shall review the immunization status of a provisionally enrolled student every 30 days to ensure continued compliance in completing the required doses of vaccination. If at the end of the 30-day period, a student has not received a subsequent dose of vaccine, then the student is not in compliance and the School shall exclude the student from school attendance until the required dose is administered.

A student who is homeless, as defined by the McKinney Act (42 U.S.C. § 11302), shall be admitted temporarily for 30 days if acceptable evidence of vaccination is not available. The School shall promptly refer the student to appropriate public health programs to obtain the required vaccinations.

Exclusions from Immunization Requirements

Exclusions from immunization requirements are allowable on an individual basis for medical reasons, reasons of conscience (including a religious belief), and active duty with the armed forces of the United States.

To claim exclusion for medical reasons, the student must present a statement signed by the student's physician (M.D. or D.O.), duly registered and licensed to practice medicine in the United States who has examined the student, in which it is stated that, in the physician's opinion, the vaccine required is medically contraindicated or poses a significant risk to the health and well-being of the student or any member of the student's household. Unless it is written in the statement that a lifelong condition exists, the exemption statement is valid for only one year from the date signed by the physician.

To claim an exclusion for reasons of conscience, including a religious belief, a signed DSHS affidavit must be presented by the student's parent, stating that the student's parent declines vaccinations for reasons of conscience, including because of the person's religious beliefs, the affidavit will be valid for a two-year period. The form affidavit may be obtained by

writing the TDSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347, or online at <https://webds.dshs.state.tx.us/immco/default.aspx>. The form must be submitted to the Principal within 90 days from the date it is notarized. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student. Students who have not received the required immunizations for reasons of conscience, including religious beliefs, may be excluded from school in times of emergency or epidemic declared by the commissioner of public health.

To claim exclusion for armed forces, the student must prove that he or she is serving on active duty with the armed forces of the United States.

Immunization Records Reporting

The School's record of a student's immunization history, while private in most instances, may be inspected by the Texas Education Agency, local health departments, and TDSHS and transferred to other schools associated with the transfer of the student to those schools.

Injuries/Accident Insurance

The School purchases a policy to cover medical costs associated with student accidents and injuries at school. The policy covers cost above deductibles on the parent's insurance up to a predetermined limit. If the parents have no insurance, the policy will pay the costs up to a predetermined limit. Parents should contact the School Secretary for information.

Fire and Disaster Drills

Fire drills are conducted for two purposes:

1. To train students to leave the building orderly and quickly in case of an emergency alarm, and
2. To teach self-control in times of emergency.

When the fire alarm is sounded, all students should immediately walk out of the room and proceed to the designated exit. They should walk in an orderly manner, with no talking or pushing. When the students reach the safety zone designated by the teacher, they should face the building but remain in line.

In addition to fire drills, other disaster drills may be conducted.

Surveillance Cameras/Video Recordings

For safety purposes, including the maintenance of order and discipline, surveillance cameras may be used to monitor student behavior in classrooms, on School vehicles, and School common areas. Video recordings may be reviewed routinely to document student misconduct and used by School staff when investigating an incident. Tapes and other video recordings will not be available for parents to view pursuant to the Family Educational Rights and Privacy Act (FERPA).

Child Abuse Reporting and Programs

St. Mary's Academy provides child abuse anti-victimization programs and cooperates with official child abuse investigators as required by law. The School also provides training to its teachers and students in preventing and addressing incidents of abuse and other maltreatment of students, including knowledge of likely warning signs indication that a student may be a victim of abuse or maltreatment. Assistance, interventions, and counseling options are also available.

School administrators will cooperate with law enforcement investigations of child abuse, including investigations by the Texas Department of Protective and Family Services. School officials may not refuse to permit an investigator to interview at school a student who is alleged to be a victim of abuse or neglect. School officials may not require the investigator to permit School personnel to be present during an interview conducted at school.

Investigations at school may be conducted by authorized law enforcement or state agencies without prior notification or consent of the student's parents.

Plan for Addressing Sexual Abuse and Other Maltreatment of Children

What is Sexual Abuse of a Child?

The Texas Family Code defines “sexual abuse” as any sexual conduct harmful to a child’s mental, emotional, or physical welfare as well as, in certain circumstances, failure to make a reasonable effort to prevent sexual conduct harmful to a child.

What is Other Maltreatment of a Child?

Under State law, “other maltreatment” of a child includes “abuse” or “neglect,” as defined by Texas Family Code sections 261.001 and 261.401.

Reporting Obligation

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to the Texas Department of Family and Protective Services (DFPS). Reports may be made by contacting one of the following:

- Texas Abuse Hotline: 1-800-252-5400 or, in non-emergency situations only, <http://www.txabusehotline.org>.
- Call 911 for emergency situations.

The School has established a plan for addressing child sexual abuse and other maltreatment of children (the Plan). The Plan is accessed in this section of the Handbook. It may also be accessed at <http://www.smacs.net>.

Methods for Increasing Awareness Regarding Sexual Abuse or Other Maltreatment of Children

For Staff: The School annually trains staff in all content areas addressed in the Plan. Training is provided by campus staff, administrative staff, or outside agencies as determined by the campus administration.

For Students: School counseling staff will address issues to increase awareness regarding sexual abuse and other maltreatment of children and anti-victimization programs with age appropriate conversation and materials no less than once per school year. These discussions will occur in classroom group settings for students in grades K–6.

For Parents: Parents must be aware of warning signs indicating that their child may have been or is being sexually abused or otherwise maltreated. A child who has experienced sexual abuse or other maltreatment should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that evidence of sexual abuse or other maltreatment may be more indirect than disclosures or signs of physical abuse. It is important to remain calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing in coming to you.

The fact that the abuser is a parent or other family member does not remove your obligation to protect the child. Parents who permit their child to remain in a situation where he or she may be injured or abused may also be subject to prosecution for child abuse. And, if you are frightened for your own safety or that of your child, you should call 911 or 1-800-252-5400.

Also remember that parents are legally responsible for the care of their children and must provide their children with safe and adequate food, clothing, shelter, protection, medical care and supervision, or arrange for someone else to provide these things. Failure to do so may be considered neglect.

The Principal or designee will provide information regarding counseling options available in your area for you and your child if your child is a victim of sexual abuse or other maltreatment. The DFPS also provides early abuse intervention through counseling programs. The Nueces County location may be contacted at 361-696-4030. Services available in your county can

Likely Warning Signs of Sexual Abuse or Other Maltreatment

Psychological and behavioral signs of possible sexual abuse or other maltreatment may include:

- Nightmares, sleep problems, extreme fears without an obvious explanation.
- Sudden or unexplained personality changes; becoming withdrawn, angry, moody, clingy, “checking out” or showing significant changes in eating habits.
- Depression or irritability.
- An older child behaving like a young child, for example, bedwetting or thumbsucking.
- Developing fear of certain places or resisting being alone with an adult or young person for unknown reasons.
- Resistance to routine bathing, toileting, or removing clothes, even in appropriate situations.
- Play, writing, drawings, or dreams of sexual or frightening images.
- Refusal to talk about a secret he or she has with an adult or older child.
- Leaving clues that seem likely to provoke a discussion about sexual issues.
- Using new or adult words for body parts.
- Engaging in adult-like sexual activities with toys, objects or other children.
- Developing special relationships with older friends that may include unexplained money, gifts, or privileges.
- Intentionally harming himself or herself, for example, drug/alcohol use, cutting, burring, running away, and sexual promiscuity.
- Thinking of self or body as repulsive, dirty, or bad.
- Becoming increasingly secretive about Internet or telephone use.

Physical symptoms of possible sexual abuse or other maltreatment include:

- Stomachaches or illness, often with no identifiable reason.
- Difficulty in walking or sitting.
- Stained or bloody underwear.
- Genital or rectal pain, itching, swelling, redness, or discharge.
- Bruises or other injuries in the genital or rectal area.
- Unexplained soreness, pain or bruises around mouth, sexually transmitted disease, or pregnancy.

Any one sign does not necessarily mean that a child has been sexually abused or maltreated, but the presence of several signs is the time you should begin asking questions and seeking help. Often signs first emerge at other times of stress, such as during a divorce, death of a family member or pet, problems at school or with friends, or other traumatic or anxiety-inducing events.

Actions That a Child Who Is a Victim of Sexual Abuse or Other Maltreatment Should Take

During student awareness sessions concerning sexual abuse and other maltreatment issues, students will be encouraged to tell a trusted adult in a private and confidential conversation if they have been a victim of sexual abuse or other maltreatment or have been in situations that make them feel uncomfortable in any way. School employees are trained to take appropriate actions to help the child obtain assistance and to follow proper reporting procedures. Older students will also be provided with local crisis hotline numbers to obtain assistance.

Freedom from Discrimination, Harassment, and Retaliation

Statement of Nondiscrimination

St. Mary's Academy prohibits discrimination, including harassment, against any student on the basis of race, color, religions, gender, national origin, disability, or any other basis prohibited by law. The School also prohibits dating violence, as defined by this Handbook. Retaliation against anyone involved in the complaint process is a violation of school policy.

Discrimination

For purposes of this Handbook, discrimination against a student is defined as conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law and that adversely affects the student.

Prohibited Harassment

Prohibited harassment of a student is defined as physical, verbal, or nonverbal conduct based on the student's race, color, religion, gender, national origin, disability, or any other basis prohibited by law that is so severe, persistent, or pervasive that the conduct:

- Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- Otherwise adversely affects the student's educational opportunities.

Examples of prohibited harassment may include offensive or derogatory language directed at another person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes; name calling, slurs, or rumors; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment and Gender-Based Harassment

In compliance with the requirements of Title IX, St. Mary's Academy does not discriminate on the basis of sex in its educational programs or activities. Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

- Affects the student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- Otherwise adversely affects the student's educational opportunities.

Examples of sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

St. Mary's Academy also does not tolerate sexual harassment of a student by School employees. Romantic or inappropriate social relationships between students and school employees are prohibited. Any sexual relationship between a student and a School employee is always prohibited, even if consensual.

Sexual harassment of a student by a School employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

- A School employee causes the student to believe that the student must submit to the conduct in order to participate in a School program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
- The conduct is so severe, persistent, or pervasive that it:

- Affects the student’s ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student’s educational opportunities; or
- Creates an intimidating, threatening, hostile, or abusive educational environment.

Gender-based harassment includes harassment based on a student’s gender, expression by the student of stereotypical characteristics associated with the student’s gender, or the student’s failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other partner. Examples of dating violence against a student may include physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student’s family members or members of the student’s household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engage in these behaviors.

For purposes of this Handbook, dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

- Affects the student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.

Retaliation

St. Mary’s Academy prohibits retaliation against a student alleged to have experienced discrimination or harassment, including dating violence, or another student who, in good faith, makes a report, serves as a witness, or otherwise participates in an investigation. Examples of retaliation may include threats, rumor spreading, ostracism, and assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a School investigation regarding discrimination or harassment, including dating violence, is subject to appropriate discipline.

Reporting Procedures

Any student who believes that he or she has experienced prohibited harassment or believes that another student has experienced prohibited harassment should immediately report the alleged acts to a teacher, counselor, the Principal or designee, or another School employee. Alternatively, a student may report prohibited harassment directly to one of the officials below:

- Reports of discrimination based on sex, including sexual harassment, may be directed to the Title IX Coordinator
- Reports of discrimination based on disability may be directed to the Superintendent, Stan Simonson.

The Principal or designee shall serve as coordinator for purposes of School compliance with all other antidiscrimination laws.

A student shall not be required to report prohibited harassment to the person alleged to have committed the conduct. Reports concerning prohibited conduct, including reports against the Title IX Coordinator or ADA/Section 504 Coordinator may be directed to the Board of Directors. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

After receiving a complaint of prohibited discrimination or harassment, the School may require the student to prepare a written report. Oral complaints will be reduced to written form. Upon receipt of a complaint, the appropriate Coordinator or other authorized School official shall promptly authorize and undertake an investigation. When appropriate, the School may take interim action to avoid additional opportunities for discrimination or harassment. The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and any others with knowledge of the circumstances surrounding the allegations. If the results of the investigation establish that prohibited discrimination or harassment occurred, the School shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the discrimination or harassment and prevent its recurrence. The School may take disciplinary action based on the results of an investigation, even if the School concludes that the conduct did not rise to the level of harassment prohibited by law or policy.

Confidentiality

To the greatest extent possible, the School shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

Appeal

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the School's grievance procedure. See "Student or Parent Complaints and Concerns". A student shall be informed of his or her right to file a complaint with the United States Department of Education Office for Civil Rights.

Freedom from Hazing, Bullying and Cyber-bullying

St. Mary's Academy prohibits hazing, bullying, and cyber-bullying as defined by this Handbook, as well as retaliation against anyone involved in the complaint process.

Hazing occurs when a student or group of students engages in conduct, on or off School property, directed against a student that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in an organization. The term includes, **but is not limited to**:

- Any type of physical brutality;
- Any type of physical activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
- Any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug, or other substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
- Any activity that intimidates or threatens the student with ostracism; subjects the student to extreme mental stress or shame, or humiliation that adversely affects the mental health or dignity of the student; discourages the student from entering or remaining enrolled in the school; or may reasonably be expected to cause the student to leave the school; or
- Any activity that induces, causes, or requires the student to perform a duty or task that involves a violation of the Texas Penal Code.

Per SB 179, 85th Texas Regular Legislative Session "David's Law" takes effect September 1, 2017. David's Law changes the definition of "bullying" under Education Code Section 37.0832 to mean the following:

A single significant act or pattern of acts by one or more students directed at another student that

Exploits an imbalance of power and involves in engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property; or
- Is sufficiently so severe, persistent, and pervasive enough the action or threat creates an intimidating, threatening, or abusive educational environment for a student.
- Conduct that materially and substantially disrupts the educational process or the orderly operation of a classroom or school or
- Infringes on the rights of the victim at school.

The updated definition of "bullying" also encompasses "cyberbullying" which is **bullying through the use of electronic communication devices**, including cellular or other telephones, computers, cameras, email, instant messaging, text

messaging, social media applications, Internet websites, or any other Internet-based communications tool.

SMACS has jurisdiction over:

- Bullying that occurs on or is delivered to school property or to the site of a school-related activity on or off school property:
- Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school related event,

If the conduct interferes with a student’s educational opportunities or substantially disrupts the operations of a schoolm classroom, or school-related activity. bullying can include hazing, threats, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor spreading, or ostracism. In some cases, bullying can occur through electronic methods called “cyber-bullying.”

Reporting Procedures

Any student who believes that he or she has experienced any form of hazing and/or bullying or believes that another student has experienced hazing and/or bullying should immediately report the alleged acts to the Principal or designee, a teacher, counselor, or another School employee. A report may be made orally or in writing. Any School employee who receives notice that a student has or may have experienced hazing and/or bullying shall immediately notify the Principal or designee.

Forms will be available on the SMACS website by September 1, 2017, which allow for anonymous reporting of an incident of bullying.

Retaliation against any person, including a victim, witness, or other person, who in good faith provides information concerning an incident of bullying.

Notice of incident of Bullying to Parents

SMACS will notify a parent of the alleged victim of an incident or bullying **on or before the third business day after the date the incident is reported.**

SMACS will notify a parent of the student alleged of bullying within a reasonable amount of time after the incident.

Investigation of Report

The Principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited harassment, and if so proceed under that policy instead. See “Freedom from Discrimination, Harassment, and Retaliation”. The Principal or designee shall conduct an appropriate investigation based on the allegations in the report, and shall take prompt interim action calculated to prevent hazing and/or bullying during the course of an investigation, if appropriate.

The Principal or designee shall prepare a written report of the investigation, including a determination of whether hazing and/or bullying occurred. If the results of an investigation indicated that hazing and/or bullying occurred, the school shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct in accordance with the Student Code of Conduct. The School may take action based on the results of an investigation, even if the school concludes that the conduct did not rise to the level of hazing and/or bullying under this policy.

Confidentiality

To the greatest extent possible, the School shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the School’s grievance procedure. See “Student or Parent Complaints and Concerns”.

Weapons

St. Mary’s Academy prohibits the possession, exhibition, use or threat of use by a student of weapons of any kind, including but not limited to firearms, explosive weapons, knives, or materials that could be used as a weapon to inflict physical harm or damage to persons or property on School property or at any School-related function, whether on or off School property.

A student is considered “in possession” if he or she has contact with a weapon regardless of the amount of time it is in the student’s possession. If a student becomes in possession of a weapon, he or she needs to immediately inform an adult on campus. Prohibited weapons include, **but are not limited to:**

1. Firearm: any device designed, made, or adapted to expel a projectile through a barrel by using that energy generated by an explosion or burning substance or any device readily convertible to that use;
2. Knife: blade or a hand instrument designed to cut or stab another by being thrown, a dagger, a bowie knife, a sword or a spear;
3. Club: an instrument that is specifically designed, made, or adapted for the purpose of inflicting serious bodily injury or death by striking a person with the instrument;
4. Explosive weapon;
5. Firearm silencer;
6. Knuckles (i.e. brass knuckles)
7. Chemical dispensing device (such as mace or pepper spray)
8. Zip gun
9. Any object used in a way that threatens to inflict bodily injury on another person;
10. Firearm ammunition;
11. Firearms of any kind, smoke or stink bombs, or any other pyrotechnic device;
12. Chains;
13. Razors (including box cutters);
14. Pellet gun;
15. BB gun;
16. Stun gun;
17. Air gun;
18. Toy that imitate weapons (Toys that look like or sound like weapons);
19. Weapon projectiles;
20. Other weapons and prohibited weapons described in the Student Code of Conduct and/or Chapter 37 of the Texas Education Code.

Gang Activity

St. Mary’s Academy will not tolerate gang-related activity at school or at any School activity, whether on or off School property. This includes, but is not limited to, wearing articles of clothing generally associated with gang membership, hand signs used by gangs, graffiti, and any other behaviors considered by the administration to interfere with the educational program of the School.

Interrogations and Searches

In the interest of promoting student safety and attempting to ensure that the School is safe and drug free, School officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Administrators, teachers and other professional personnel may question a student regarding the student’s own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

Desk Searches

Students should have no expectation of privacy in the contents of their lockers, desks or other School property. Desks assigned to students remain at all times under the control and jurisdiction of the School. The School will make periodic inspections of desks at any time, with or without notice or student consent. School officials will remove any item that violates school policy or that may potentially be dangerous.

Students have full responsibility for the security of their desks, and shall be held responsible for any prohibited items found therein. A student’s parent shall be notified if any prohibited articles or materials are found in a student’s desk, or on the student’s person.

Law Enforcement Agencies

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the Principal

will cooperate fully regarding the conditions of the interview if the questioning or interview is part of a child abuse investigation. In other circumstances:

1. The Principal or designee shall verify and record the identity of the official and request an explanation of the need to question or interview the student at school.
2. The Principal or designee ordinarily will make reasonable efforts to notify the student's parent, unless the interviewer raises what the Principal or designee considers to be a valid objection.
3. The Principal or designee ordinarily will be present during the questioning or interview, unless the interviewer raises what the Principal or designee considers to be a valid objection.

When the investigation involves allegations of child abuse, special rules apply. See "Child Abuse reporting and Programs".

Students Taken into Custody

State law requires the School to permit a student to be taken into legal custody:

1. Pursuant to an order of the juvenile court;
2. Pursuant to the laws of arrest;
3. By a law enforcement officer if there is probable cause to believe the student has engaged in conduct that violates a penal law, delinquent conduct or conduct in need of supervision, or conduct that violates a condition of probation imposed by the juvenile court;
4. By a probation officer if there is a probable cause to believe the student has violated a condition of *probation imposed by the juvenile court;
5. Pursuant to a properly issued directive to apprehend;
6. By an authorized representative of the Texas Department of Family and Protective Services ("TDFPS"), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in Section 262.104 of the Texas Family Code relating to the student's physical health or safety; or
7. To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the Principal or designee will verify the officer's identity and, to the best of his or her ability, verify the official's authority to take custody of the student.

The Principal or designee will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the Principal or designee considers to be a valid objection to notifying the parents. Because the Principal or designee does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Staff Notification

St. Mary's Academy is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.
- All appropriate School personnel in regard to a student who is required to register as a sex offender.

Procedures for Use of Restraint and Time-Outs

School employees, volunteers or independent contractors are authorized to use restraint in the event of an emergency and subject to the following limitations:

- Only reasonable force, necessary to address the emergency, may be used.
- The restraint must be discontinued at the point at which the emergency no longer exists.
- The restraint must be implemented in such a way as to protect the health and safety of the student and others.
- The student may not be deprived of basic human necessities.

At no time, however, may a student be placed in seclusion.

A student with a disability may not be confined in a locked box, locked closet or other specially designated locked space as either a discipline management practice or a behavior management technique.

Asbestos Management Plan

The school has every facility inspected for asbestos before use by a licensed Asbestos Hazard Emergency Response Act (“AHERA”) inspector. An Asbestos Management Plan is created for the School in accordance to federal regulations by AHERA. Parents may view the Asbestos Management Plan by contacting the School office.

Pest Control Information

The School periodically applies pesticides inside school buildings and on school grounds. Except in an emergency, signs will be posted 48 hours before application. Students may not reenter a treated area inside a building or use an area on school grounds for at least 12 hours following application. Parents who wish to be notified prior to pesticide application may contact the Principal.

SECTION III — ACADEMICS AND GRADING

The St. Mary’s Academy honor roll consists of two levels:

- **A Honor Roll:** This Honor Roll is for students who have earned grades of “A” or above in all classes.
- **AB Honor Roll:** This honor roll is available for all students who have earned grades of “B” or above in all classes.
- **Perfect Attendance Honor Roll:** This Honor Roll is for students who have not missed any days.

Physical Education

Requirements K-6

SMACS follows the current state guidelines which call for all students in grades K–6 to engage in at least 100 minutes of physical activity each week.

Physical Education Exemption

Short-term exemptions from physical education is possible for students who have physical handicaps, illnesses, or other incapacities that a physician or parent/guardian deems severe enough to warrant exemption or severe enough to warrant modified activity in such classes. Each case is handled on an individual basis as follows:

1. Each request for exemption or for modified activity must be accompanied by a physician’s certificate. Such certificates are honored, but must be renewed each year.
2. When the certificate will allow modified activities in class, the student should remain in physical education class. The teachers adjust the activities of the student to the disability.
3. An exempted student may be admitted to regular physical education activities only upon presentation of a written statement from a physician.

Promotion and Retention

A student may be promoted on the basis of academic achievement and/or demonstrated proficiency in the subject matter of the grade level. To earn credit in a course, a student must demonstrate mastery on grade level standards and meet School requirements for attendance. In addition, students at certain grade levels will be required to pass the state-mandated assessment test as a further requirement for promotion.

In addition, at certain grade levels a student – with limited exceptions – will be required to pass the State of Texas Assessment of Academic Readiness (“STAAR”), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

In order to be promoted to the next grade, a student must demonstrate mastery of the State of Texas curriculum. Currently this means mastery of its Texas Essential Knowledge and Skills (TEKS). Additionally, students must meet attendance requirements.

In general, students who are not maintaining an average of 70% or higher will be required to attend before or after school tutorials or Saturday school to ensure mastery of TEKS. This is in addition to intervention provided during the school day.

The State of Texas is reevaluating the grade level requirements for TEKS and for the STAAR test. Parents will be provided with a copy of grade level information for their child/children at grade level meetings when the final state guidelines are published. This reevaluation is extensive and includes things such as when SMACS will receive test scores.

In general, students who are not maintaining an average of 70% or higher will be required to attend before or after school tutorials or Saturday school to ensure mastery of TEKS. This is in addition to intervention provided during the school day;

Once the state guidelines are established, a Grade Placement Committee (GPC) will be formed in accordance with requirements of the State of Texas. SMACS will follow the state guidelines for grade placement for students whose parents appeal a promotion or retention decision to the GPC.

At this time, we have no indication of when we expect these new guidelines. Once SMACS has the new guidelines, we will publish them and the dates of the parent meetings on the front page of the SMACS website (www.smacs.net). The posting will include information on the GPC and any related forms required for appeal.

Your patience as Texas works to making education the best it can be is appreciated. Again, as soon as we know what the new guidelines are, we will set up parent meetings and will notify parents via the website of the dates and times of these meeting.

Students with Disabilities: Upon the recommendation of the Admission, Review, and Dismissal (“ARD”) Committee, a student with disabilities who is receiving special education services may be promoted and/or permitted to graduate under the provisions of his or her Individualized Education Program (“IEP”).

Report Cards and Grading Scales

St. Mary’s Academy issues report cards reflecting student grades and absences at least once every six weeks. Parents of students struggling to maintain adequate academic progress are requested to schedule a conference with their student’s teacher(s).

All classes follow a standard scale for assigning letter grades for grading periods. Each grade will correspond to the following scale:

Kindergarten

- E = Exceeds Expectations
- S = Satisfactory
- N = Needs Improvement
- U = Unsatisfactory

1st–6th Grades:

- A = 90–100
- B = 80–89
- C = 70–79
- F = 69 or below A grade of 69 or below is NOT passing.

Special Programs

Bilingual/ESL Services

St. Mary's Academy offers Bilingual/English as a Second Language ("ESL") services for English language learners who are limited to their English proficiency. The program is designed to assist students identified as having Limited English Proficiency with development in language – listening, speaking, reading, and writing. The goal of this program is to provide additional English language assistance to students, enabling them to become academically successful in all classes. Students are assessed with state-approved Oral Language Proficiency and Norm-Referenced Test to qualify for placement in the program. If the test results indicate either limited oral or limited cognitive academic English ability, the student (with parent approval) is provided additional English language support. Saint Mary's includes parents through the Language Proficiency Assessment Committee ("LPAC").

Special Education Services

St. Mary's Academy has the responsibility of identifying, locating, and evaluating individuals with disabilities who are 5 to 21 years of age and who fall within the School's jurisdiction. If you know or suspect that your student has a disability, please contact the school's Special Education Coordinator for information about available programs, assessments, and services.

Special education services are specifically designed to meet the unique needs of students with disabilities. Each student who receives special education services has an Individual Education Plan ("IEP") which is developed by the student's Admission, Review, and Dismissal ("ARD") Committee. The ARD Committee considers the student's disability and determines appropriate accommodations, supplementary aids, and/or services that are necessary for the student to participate in the general curriculum.

All special education services are provided in the least restrictive environment which may be special education settings, general education settings, or a combination of both. All students receiving special education services are educated to the maximum extent appropriate with their non-disabled peers as well as participating in all school activities on the same basis as students who are not disabled.

The *Notice of Procedural Safeguards – Rights of Parents of Students with Disabilities*, can be obtained from the Special Education Coordinator or at the Texas Education Agency Special Education Website: <http://www.tea.state.tx.us/special.ed/>. For further information, please contact the School.

Providing Assistance to Students Who Have Learning Difficulties or Who Need Special Education Services

If a student is experiencing learning difficulties, the parent may contact the Special Education Coordinator to learn about the School's overall general education referral or screening system for support services. This system links student to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention ("RTI"). The implementation of RTI has the potential to have a positive impact on the School's ability to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services by presenting a written request to the Special Education Coordinator or an administrative employee. The School must, within 15 school days of receiving the request, either (1) give the parent an opportunity to give written consent for the evaluation or (2) refuse to provide the evaluation and provide the parent with written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parents of their rights if they disagree with the School. Additionally, the parent will receive a copy of the *Notice of Procedural Safeguards – Rights of Parents of Students with Disabilities*.

If consent for evaluation is obtained, then School must complete the evaluation and report within 45 school days of the date the School receives the written consent. The School must give a copy of the evaluation report to the parent.

Section 504 Services

St. Mary's Academy provides a free appropriate public education to each qualified student with a disability, regardless of the nature or severity of the student's disability. A "student with a disability" is one who has a physical or mental impairment that substantially limits one or more of the student's major life activities, has a record of having such impairment, or is regarded as having such impairment. A student with a disability is "qualified" if he or she is between the ages of 3 and 21, inclusive.

An appropriate education is the provision of regular or special education and related services that are (1) designed to meet the student's individual educational needs as adequately as the needs of students who do not have disabilities are met; and (2) based on adherence to procedures that satisfy federal requirements for educational setting, evaluation and placement, and procedural safeguards.

Qualified students with disabilities will be placed in the regular educational environment, unless the School demonstrates that education in the regular environment with the use of supplemental aids and services cannot be achieved satisfactorily. Should an alternate educational environment be necessary, the School will comply with all legal requirements regarding least restrictive environment and comparable facilities for students with disabilities. In providing or arranging for nonacademic and extracurricular services and activities, the School will ensure that a qualified student with a disability participates with students who do not have disabilities to the maximum extent appropriate.

To be eligible for services and protections against discrimination on the basis of disability under Section 504 of the Rehabilitation Act, a student must be determined, as a result of an evaluation, to have a "physical or mental impairment" that substantially limits one or more major life activities. If a student has or is suspected of having a disability, or requires special services, parents or teachers should contact the Principal for information concerning available programs, assessments, and services.

Standardized Testing

STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–6

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated assessments, such as the STAAR, in the following subjects:

- Mathematics, annually in grades 3–6.
- Reading, annually in grades 3–6.
- Writing, including spelling and grammar, in grade 4.
- Science in grade 5.

Successful performance on the reading and math assessments in grade 5 is required by law, unless the student is enrolled in a reading or math course intended for students above the student's current grade level, in order for the student to be promoted to the next grade level.

Texas English Language Proficiency Assessment System ("TELPAS")

The Texas English Language Proficiency Assessment System ("TELPAS") is a system of statewide assessments administered to all Limited English Proficient ("LEP") students in grades K–6. The TELPAS measures English ability based on the stages of language development of second language learners. These results will further the understanding of the educational needs of LEP students by providing a state-level measure of both their current academic English levels and their annual progress in English.

Student Success Team

The Student Success Team is a campus-level committee comprised of key personnel. Recommendations for student assistance are based on student achievement data and teacher checklist. Committee members evaluate student progress and make recommendations for individual accommodations.

Each student's progress is monitored and adjustments are made as necessary. All requests for special screening/testing begin with this committee.

SECTION IV — STUDENT CODE OF CONDUCT

Purpose of the Student Code of Conduct

One of the primary goals of the School is to establish and maintain a favorable academic atmosphere for students and staff. Effective learning cannot take place in an environment where student behavior interferes with the ability of the teacher to teach effectively, or the ability of other students to participate in classroom learning activities. To foster an orderly and distraction-free environment, the School has established this Student Code of Conduct in accordance with state law.

Adoption of a student code of conduct by a charter school is a legal requirement. This Code has been adopted by the Board of Directors, and provides notice to parents and students regarding expectations for behavior, consequences for misconduct, and procedures for administering discipline.

The Code of Conduct does not define all types and aspects of student behavior. Thus, the School may impose campus or classroom rules in addition to those found in the Code. These rules may be posted in classrooms or given to students, and may or not constitute violations of the Code of Conduct. **When students participate in student activities, they will also be expected to follow the guidelines and constitutions that further specify expectations for student behavior and consequences for misconduct.**

Jurisdiction

St. Mary's Academy has disciplinary authority over a student:

1. During the regular school day and while the student is going to and from school on or off School transportation;
2. For any mandatory expulsion offense committed while on School property or while attending a school-sponsored or school-related activity of another district in Texas;
3. For any School-related misconduct, regardless of time or location;
4. When retaliation against a School employee or volunteer occurs or is threatened, regardless of time or location;
5. When a student commits a felony;
6. When criminal mischief is committed on School property or at a School-related event; and
7. While a student is in attendance at any School-related activity, regardless of time or location, as long as the student is under the direction of a School employee.

Note: In addition to disciplinary consequences under the Code of Conduct, misdemeanor and felony offenses committed on campus will be reported to an appropriate law enforcement agency. This includes the reporting by the Principal or designee to local law enforcement, if after an investigation is completed, the principal has reasonable grounds to believe that a student engaged in conduct that constitutes Assault (Penal Code Section 22.01) or Criminal Harassment by Repeated Electronic Communication (Section 42.07(a)(7)). The report may include the name and address of each student the reporting person believes to have participated in the conduct.

Discipline Management Techniques

It is the goal of St. Mary's Academy to provide a positive classroom environment that promotes learning and fosters a safe and caring school experience for students and staff. In general, discipline will be designed to correct misconduct and to encourage all students to adhere to their responsibilities as citizens of the school community. Disciplinary action will draw on the professional judgment of teachers and administrators and on a range of discipline management techniques. Disciplinary actions will be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, and the effect of the misconduct on the school environment.

The following discipline management techniques may be used – alone or in combination – for misbehavior violating the Code of Conduct or campus and/or classroom rules.

- Any student assigned to the detention room must stay the entire time. Students refusing to sit their time will be suspended from school.

Suspension

The School utilizes two kinds of suspension: in school suspension and out of school suspension.

In School Suspension

The following rules and regulations apply to all students assigned to in school suspension:

- Students must report to the detention room at 8 a.m. In school suspension will be run from 8:00 a.m. until dismissal time.

Failure to follow these guidelines will be reported to the Principal or designee for further action, which may include up to three days of out of school suspension or any other Level 1 consequence.

Out of School Suspension

The Principal or designee will give notice of suspension and the reasons for the suspension to the student.

Conference, Hearings and Appeals

All students are entitled to conferences, hearings, and/or appeals of disciplinary matters as provided by state and federal law and School policy.

Process for Suspensions lasting Up to Five Days

In addition to the above list of Code of Conduct violations, the Principal has authority to suspend a student for a period of up to five school days for any of the following additional reasons:

- The need to further investigate an incident,
- A recommendation to expel the student, or
- An emergency constituting endangerment to health or safety.

Prerequisites to Suspension

Prior to suspending a student, the Principal or designee must attempt to hold an informal conference with the student to:

- Notify the student of the accusations against him/her,
- Allow the student to relate his or her version of the incident, and
- Determine whether the student's conduct warrants suspension.

Notification to Parents/Guardians

If the Principal or designee determines the student's conduct warrants suspension during the school day, the Principal or designee will make reasonable effort to notify the student's parent(s) that the student has been suspended before the student is sent home. The Principal or designee will notify a suspended student's parent(s) of the period of suspension, the grounds for the suspension, and the time and place for an opportunity to confer with the Principal or designee.

Credit During Suspension

A student shall receive credit for work missed during the period of suspension if the student makes up work missed during the period of suspension within the same number of school days the student was absent on suspension.

Process for Out-of-School Suspensions Over Five Days and Expulsion

Notice

When the Principal or designee determine that a student's conduct warrants suspension for more than five days or expulsion, but prior to taking any expulsion action, the Principal or designee will provide the student's parent(s) with written notice of:

- The reasons for the proposed disciplinary action; and
- The date and location for a hearing before the Principal, within five school days from the date of the disciplinary action.

The notice shall further state that, at the hearing, the student:

- May be present;
- Shall have an opportunity to present evidence;
- Shall be apprised and informed of the school's evidence;
- May be accompanied by his or her parent(s); and
- May be represented by an attorney.

Hearing Before Principal or Designee

The School shall make a good faith effort to inform the student and the student's parent(s) of the time and place for the hearing. The School shall hold the hearing regardless of whether the student, the student's parent(s) or another adult representing the student attends. The Principal or designee may audio record the hearing.

Immediately following the hearing, the Principal or designee will notify the student and the student's parent(s) in writing of his or her decision. The decision shall specify:

- The length of the suspension or expulsion, if any;
- When the expulsion is not permanent, the procedures for re-admittance at the end of the expulsion period; and
- The right to appeal the Principal or designee's decision to the Board of Directors or the Board's designee.

The notice shall also state that failure to timely request such a hearing constitutes a waiver of further rights in the matter.

Appeal to the Board of Directors

The student or his or her parent(s) may appeal the expulsion decision to the Board of Directors by notifying the Principal in writing within seven calendar days of the date of receipt of the Principal or designee's decision. The Board will review the audio or transcribed record from the hearing before the Principal or designee at a specially called meeting. The Board will notify the student and his or her parent(s) of its decision, in writing, within five calendar days of the hearing. The decision of the Board is final and may not be appealed.

Discipline consequences will not be deferred pending the outcome of an appeal of an expulsion to the Board.

No Credit Earned

Except when required by law, students will not earn academic credit during a period of expulsion.

Emergency Placement and Expulsion

If the Principal or designee reasonably believes a student's behavior is so unruly, disruptive, or abusive that it seriously interferes with a teacher's ability to communicate effectively with students in a class, with the ability of a student's classmates to learn, or with the operation of the school or a school-sponsored activity, the Principal or designee may order immediate removal of the student. The Principal or designee may impose immediate suspension if he or she reasonably believes such action is necessary to protect persons or property from eminent harm. At the time of such an emergency removal, the student will be given verbal notice of the reason for the action and appropriate hearings will be scheduled within a reasonable time after the emergency removal.

Placement of Students with Disabilities

All disciplinary actions regarding students with disabilities shall be conducted in accordance with the most current federal and state laws. A student with a disability shall not be excluded from his or her current placement pending appeal to the Board of Directors for more than ten days without ARD Committee action to determine appropriate services in the interim. Pending appeal to a special education hearing officer, a student with a disability shall remain in the present education setting, unless the school and parents agree otherwise.

Gun-Free Schools Act

In accordance with the Gun-Free Schools Act, the school shall expel, from the student's regular program for a period of one year, any student who is determined to have brought a firearm, as defined by federal law, to school. The Principal or designee may modify the term of expulsion for a student or assess another comparable penalty that results in the student's expulsion from the regular school program on a case-by-case basis.

For the purposes of this law, "firearm" means:

- Any weapon – including a starter gun – which will, or is designed to, or which may readily be converted to expel a projectile by the action of an explosive from the frame or receiver of any such weapon;

Plan for SMACS to Implement the School Safety Choice Option:

A school is deemed unsafe or persistently dangerous if it meets the criteria in the appendix entitled School Safety Choice Option. At this time, only two schools in the State of Texas have been identified as unsafe or persistently dangerous.

In the unlikely event that SMACS is identified by TEA as an unsafe or persistently dangerous activity, the School will:

Notify parents at least fourteen (14) calendar days prior to the start of the school year that the school has been identified as persistently dangerous and that their student(s) enrolled on the identified campus may transfer to a safe school, which may be a public charter school, beginning at the start of the school year.

Offer students enrolled at the persistently dangerous school(s) the opportunity to transfer to a safe school at least fourteen (14) calendar days before the start of the school year. The same transfer option must be offered to any subsequently enrolling students throughout the school year at the time of their enrollment. (Note: The notification of parents and the offer of transfer to students may be made simultaneously.)

Complete the transfer(s) prior to the beginning of the school year to allow those students who elect to transfer to a safe public school to begin the school year at the new campus.

Develop a corrective action plan and provide a copy of the plan to TEA within 30 calendar days from the LEA is officially notified that the school is identified as persistently dangerous.

Implement the correct action plan as the school begins.

Submit its Multi-Hazard Plan and, if available, the most recent School Security Audit Report, along with its Corrective Action Plan, to TEA within thirty (30) calendar days from its official notification as a PDS.

Require campus administrators and PEIMS personnel to complete an updated PEIMS 425 Record training program before the end of the calendar year in which the campus is identified as persistently dangerous.

Collect and maintain documentation of information related to transfer of students.

Collect and maintain documentation LEA's required development and implementation of its corrective action plan.

Submit quarterly reports to TEA on the district's progress in assuring a safe campus.

SECTION VI — IMPORTANT NOTICES

Parents and/or eligible students have the right to inspect and review the student’s educational records within 45 days of the day the school receives an access. Parents or eligible students should submit to the Principal or designee a written request that identifies the record(s) they wish to inspect. The School will make arrangements for access and notify the parent or eligible student for the time and place where the records may be inspected.

If circumstances effectively prevent they parent or eligible student from exercising the right to inspect and review the student’s educational records, the School shall provide the parent or eligible student with a copy of the records requested to make arrangements for the parent or eligible student to inspect and review the requested records.

If the student’s educational records contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information about that student.

The Right to Seek Amendment of the Student’s Educational Records

Parents or eligible students may ask the School to amend a record that they believe is inaccurate, misleading, or in violation of the student’s privacy rights. Parents or eligible students should submit to the Principal or designee a written request that clearly identifies the part of the record they want changed, and specifies why it is inaccurate, misleading, or in violation of the student’s privacy rights. The School will decide whether to amend the record as requested within a reasonable time after the School receives the request. If the School decides not to amend the record as requested by the parent of eligible student, the School will notify the parent of eligible student of the decision and advise them to their right to a hearing to challenge the content of the student’s education records on the grounds that the information contained in the educational records is inaccurate, misleading, or in violation of the student’s privacy rights.

If, as a result of the hearing, the School decides that the information in the educational record is not inaccurate, misleading, or in violation of the student’s privacy rights, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the School, or both. If the School places an amended statement in the student’s educational records, the School is obligated to maintain the amended statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

The Right to Consent Prior to Disclosure

Parents and/or eligible students have the right to consent to disclosures of personally identifiable information contained in the student’s educational records, except to the extent that FERPA authorizes disclosure without consent.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Upon request, the School discloses educational records without consent to officials of another school in which a student seeks or intends to enroll or is already enrolled, so long as the disclosure is for purposes related to the student’s enrollment or transfer.

The Right to File a Complaint

Parents and/or eligible students have the right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education (“Office”) concerning alleged failures by the school to comply with the requirements of FERPA. These complaints should be addressed as follow:

Violations of this agreement may result in withdrawal of computer privileges and other disciplinary action. Electronic communications, such as e-mail using School computers, are not private and may be monitored by School staff.

Technology Mission Statement

St. Mary's Academy is committed to utilizing the maximum potential of technology to enhance student learning and increase teacher effectiveness by providing students with technology-related experiences. Recognizing the ever-changing influences of technology on all aspects of our lives, the School is dedicated to providing an integrated technological curriculum for all students and staff. The School's goal in providing these services to staff and students is to promote educational excellence by facilitating resource sharing innovative teaching, and communication skills.

Students and staff have access to numerous research oriented and instructional resources via the Internet. Online encyclopedias, professional journals, and databases filled with timely information on thousands to topic are just a few of the resources provided. School computers have the technology necessary to support student research and to promote academic achievement.

Student Safety

The School is aware that resources which are inappropriate or not designed for use in the educational setting may be accessed on the Internet. To protect students and staff from such inappropriate material, the School's Internet access is filtered with one of the highest rated Internet filtering systems available. However, users must recognize that it is impossible for the School to restrict access to all controversial material and individuals must be responsible for their own actions in navigating the network.

Purpose

The purpose of this policy is to ensure school-level compliance with all procedures and regulations regarding the local area network and Internet usage. All students, parents, teachers, administrators, and School staff who obtain their Internet access through the school are expected to use these services appropriately.

Accordingly, we strongly encourage you to review with your child <http://beforeyoutext.com>, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

Monitored Use

Electronic mail transmissions and other use of the electronic communications system by students and employees shall not be considered confidential and may be monitored at any time by designated School staff to ensure appropriate use for educational or administrative purposes. Forgery or attempted forgery of electronic mail messages is prohibited. Only the School's authorized IT Manager may read, delete, copy or modify the electronic mail of other system users.

Vandalism

Vandalism is defined as any malicious attempt to harm, disrupt or destroy data of another user of the School's network or any other agencies or networks that are connected to the Internet. This includes, but is not limited to, the uploading or creating of computer viruses. Any of these actions may be viewed as violations of School policy, administrative regulations and, possibly, as criminal activity under applicable state and federal laws. Users must respect the privacy of other users, and will not intentionally seek information on, obtain copies of, or modify any file, data, or password belonging to another user, or represent themselves as another user unless explicitly authorized. Deliberate attempts to degrade or disrupt system performance and/or degrade, disrupt or bypass system security are violations of School policy and administrative regulations, and may constitute criminal activity under applicable laws.

Any prohibited behavior under this policy will result in the cancellation of technology privileges. The School will, in accordance with School policy, cooperate with local, state, or federal officials in any investigation concerning or relating to misuse of the School's network.

Network Etiquette

Each network user is expected to:

- Be polite (i.e., an all-caps message implies shouting);
- Use appropriate language;
- Refrain from any activity that may be considered "cyber bullying," including but not limited to threats of violence, extortion, obscene or harassing messages, harassment, stalking, child pornography, and sexual exploitation;
- Maintain confidentiality of the user, colleagues, and students;
- Respect copyright laws; and
- Be respectful in all aspects of network use.

Consequences

Violation of the School's policies and procedures concerning use of the computer on the network will result in the same disciplinary actions that would result from similar violations in other areas of School policy, including the Student Code of Conduct. Any or all of the following consequences may be enforced if a student violates the terms of this policy:

- Loss of computer privileges/Internet access, with length of time to be determined by campus administration.
- Any disciplinary consequence, including suspension or expulsion, as deemed appropriate by the administration.
- Suspension may be considered for flagrant violations or violations that corrupt the educational value of the computers or the Internet.
- Expulsion may be considered in instances where students have used the School's Internet access to engage in conduct that constitutes felony criminal mischief, and/or have deliberately attempted to bypass installed security software or copy/modify another student's work files.
- Points may be assessed against the student's conduct grade.

Violations of law may also result in criminal prosecution as well as disciplinary action by the school.

ELECTRONIC COMMUNICATION DEVICE COMMITMENT FORM (REGULATION OF ELECTRONIC COMMUNICATION DEVICES)

Electronic communications at school and at school-related functions are subject to regulation by the School.

This Electronic Communication Device Commitment Form grants authority and permission to the School to regulate electronic communication devices when these devices are brought to and/or used while on school property or when attending school related functions and events. Such communication devices include but are not limited to cellular phones, pagers, PDAs, and pocket computers. These regulations are made necessary in light of the unique opportunities these devices create for violations of law, school policies and to perpetrate conduct disruptive of an educational environment essential to the School's educational program. These concerns are exacerbated by electronic security protections and the personal size of these devices, which are often carried concealed in pockets and purses.

Therefore, all students who would possess or use such devices on school property or at school-related activities are required to sign this form together with their parent, guardian or other adult person having the authority of a parent for school purposes.

Each of you, by your signature below, agrees to the following:

- The possession and use of cellular phones, pagers, PDAs and other electronic communication devices by a student on school property or at school-related events is prohibited.
- If a student possesses such devices on school property or while attending school-related events, the School is authorized and has my full consent to confiscate, power on or off, manipulate and do all things necessary to search my device and recover or intercept communications (including but not limited to text messaging) when reasonable suspicion exists that such device has been used to transmit or receive communications in violation of law, the Student Code of Conduct, school policy or regulation.
- I further understand, agree and consent that an electronic communication device used or possessed in violation of law, the Student Code of Conduct, school policy or regulation is subject to confiscation and that the School is not liable for any loss of or damage to confiscated devices.
