

School Mission

Our mission is to work collaboratively with all stakeholders to foster a learning community where students develop the skills and knowledge to become motivated, engaged, and respectful citizens who are lifelong critical thinkers, skillful problem-solvers, and competent communicators.

School Vision

Our vision is to create a rigorous academic environment to produce self-motivated, creative, and independent thinkers to ensure that all students succeed in a global knowledge-based society.

Sheridan' Core Beliefs and Commitments:

- Provide a high quality education for students to achieve to their fullest potential.
- Collaborate, learn, problem-solve, and reflect together with all stakeholders.
- Embrace diversity and provide equal opportunity for students, parents, and staff.
- Equip students with the technological proficiencies to function in a changing world.
- Make data-based decisions that are focused on student success.
