Equal access to Career & Technical programs and activities is assured students in the Crandall Independent School District without regard to race, color, national origin, gender, or disability.

CRANDALL HIGH SCHOOL

FINANCE

WHAT COURSE SHOULD I TAKE?

Do you like money? Interested in finance and/or banking? Or do you like numbers? Maybe you would be interested in accounting. Discuss your career goals with your counselor.

The two of you can create a four-year plan preparing YOU for your career choice. Teachers are also available to answer questions about the classes they teach. We would enjoy having you!

PRINCIPLES OF BUSINESS, MARKETING AND FINANCE

½ Credit Grades 10-12

In Principles of Business, Marketing, and Finance, students gain knowledge and skills in economies and private enterprise systems, the impact of global business, marketing of goods and services, advertising, and product pricing. Students analyze the sales process and financial management principles. This course allows students to reinforce, apply, and transfer academic knowledge and skills to a variety of interesting and relevant activities, problems and settings in business, marketing, and finance.

BANKING AND FINANCIAL SERVICES

½ Credit Grades 10-12

Prerequisites: None

This is a course that introduces students to the principle functions of financial institutions. Students will learn to evaluate the role of money, understand services of banking and financial institutions for loans, savings, and investing, understand mortgage transactions, and identify economic theories and financial forces that influence international business.

ACCOUNTING I

1 Credit Grades 11-12

Recommended Prerequisites: Principles of Business, Marketing & Finance

Students investigate the field of accounting, including how it is impacted by industry standards as well as economic, financial, technological, international, social, legal, and ethical factors. Students reflect on this knowledge as they engage in the process of recording, classifying, summarizing, analyzing, and communicating accounting information. Students formulate and interpret financial information for use in management decision making.

ACCOUNTING II

1 Credit Grades 11-12

Prerequisites: Accounting I

Students continue the investigation of the field of accounting, including how it is impacted by industry standards as well as economic, financial, technological, international, social, legal, and ethical factors. Students reflect on this knowledge as they engage in various managerial and cost accounting activities. Students formulate and interpret financial information for use in management decision making.
