2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Equitas Academy was established in Fall 2009 serving the community of Pico-Union. Since then, Equitas has earned WASC Accreditation, and was the recipient of the California Gold Ribbon School Award in 2013. Equitas Academy provides all students with a structured, rigorous standards-aligned curriculum that prepares all students to graduate from a 4-year college/university. Our student demographics include: 8% Students with disabilities; 33% English Language Learners; 0.2 % Foster Youth; 0.2% Homeless; and 94\$ who qualify for free/reduced lunch:

Our school exudes a College-Going Culture where every classroom is named after a college/university that our scholars learn and are engrossed in starting with Kindergarten. Their exposure to higher education includes annual college visits, so that by the end of Grade 4, every scholar has visited at least 5 colleges/universities and knows a great detail about each. Another critical element to our school's success is our active parent community that supports our mission and vision. Equitas hosts monthly "Cafecitos" with parents to discuss schoolwide issues, volunteer opportunities and discuss schoolwide data.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

Equitas Academy will continue to maintain its focus on:

1. Strengthening intervention supports to improve student academic outcomes.
2. Strengthening our focus on literacy and math instruction.

Our school will continue with our LCAP goals that align to our school's mission, schoolwide plans including the WASC Action Plan:

- GOAL #1: Continue to strengthen the infrastructure for ongoing analysis of data including: student achievement, performance data, and demographics to assess & measure program efficacy, and ensure maximization of human, material, physical, and financial resources.
- GOAL #2: Provide all students with high quality instruction through a rigorous Common Core aligned curriculum by providing relevant learning experiences that support student engagement; and supports to ensure academic success among all subgroups (EL, LI, FY, SPED).
- GOAL #3: Engage parents as partners through education, communication, and collaboration to provide students with a safe, welcoming and inclusive, positive learning environment to ensure students are in class ready to learn.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Equitas Academy is proud of its performance on the following state indicators:

- Suspension Indicator: earned a “blue”
- English Learner Performance Indicator earned a “green”
- English Language Arts Indicator earned a “green.”
- Mathematics Indicator earned a “green”

GREATEST PROGRESS

Equitas Academy is proud of its performance on the following local performance indicators included in the LCFF Evaluation Rubrics for which it has earned a “Met.”

- Basic
- Implementation of Academic Standards
- Parent Engagement
- Local Climate Survey

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Equitas Academy did not have any state or local indicators as not met, or in red/orange performance level.

GREATEST NEEDS

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Equitas Academy did not have any state indicators for which performance in any student group with 2+ performance levels below the “all student” performance.

PERFORMANCE GAPS

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Equitas Academy is working to increase the number of instructional assistants and paraprofessionals that focus on providing academic and social-emotional supports for unduplicated pupils. Services include:

- Academic intervention and support provided by classroom teach, instructional assistant, and Dean of Instruction
- Enrichment courses: Art, Music, Drama
- Culture Coordinator to closely monitor and report absences/attendance records, suspensions/expulsions, referrals, truancy chronic absenteeism rates and suspensions.

BUDGET SUMMARY

ANALYSIS

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions and services were implemented with fidelity and found to be effective. As a data-driven school, all teaching positions were filled and assessments were administered and analyzed to ensure the schoolwide goals and growth targets were met.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Increased the percentage of scholars who are at grade level and above using Fountas & Pinnell.
Growth demonstrated on NWEA MAP in ELA and Math (Fall to Winter)
Growth demonstrated in interim Performance Tasks (teacher created) in ELA and math.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Differences between budgeted expenditures and estimated actual expenditures relate to 1 fewer SPED teacher, restructuring of the Director of Human Capital role, and salaries being under budget in several areas.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

No changes will be made to this goal however, modifications will be made to the actions/services, and expected outcomes as a result of an analysis of student achievement data and an analysis of the LCFF Evaluation Rubrics/CA. Dashboard, in order to improve overall student outcomes.

Goal 2

Provide all students with high quality instruction through a rigorous Common Core aligned curriculum by providing relevant learning experiences that support student engagement; and supports to ensure academic success among all subgroups (EL, LI, FY, SPED).

ANALYSIS

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions and services were implemented with fidelity and found to be highly effective. Professional Development for teachers was differentiated based on tiers (teacher experience and identified needs). An Rtl block was implemented to improve student academic outcomes. An EL Specialist was hired to improve our ELD Program.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The percentage of EL who advanced at least one proficiency level as measured by CELDT:

- 2015-16: 48%
- 2016-17: 62%

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Estimated Actual Expenditures are less than Budgeted Expenditures because curriculum purchases cost less than anticipated.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

No changes will be made to this goal however, modifications will be made to the actions/services, and expected outcomes as a result of an analysis of student achievement data and an analysis of the LCFF Evaluation Rubrics/CA. Dashboard, in order to improve overall student outcomes.

Goal 3

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

The School Principal consulted with all stakeholders in the LCAP annual review and analysis in the following list of meetings this school year:

- Staff Meeting: Monthly
- Leadership Meetings: Bi-weekly
- Parent: Cafecitos (Monthly)
- School Site Council: 6 times/year
- ELAC: times/year
- Assemblies: weekly with students
- Surveys: Teachers, Students and Parents

Board approval will be on Saturday, June 24, 2017.

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Based on the consultations this school year, the following is a list of feedback our Principal received from stakeholders:

- Parents would like to see “regular school updates,” and “Minutes from Cafecitos” on the school’s website
- Parents would like to see team sports at the school
- Parents stated they would like the following to continue: Cafecitos, Family Nights, Monthly Meetings after school, Saturday Academy, Parent/Teacher Conferences.
- Teachers would like Professional Development on differentiation
- Teachers would like to see alignment across the network of Equitas school with regards to teaching expectations.
- Teachers in Grades K-1 would like to see a consistent schedule for intervention, guided reading and Differentiation to that reading groups can mix across grade levels.

<p><u>Longer Teacher Year & Instructional Day (Teacher Supports)</u> Equitas Academy will employ 17 Classroom Teachers who are appropriately credentialed and assigned.</p> <p>The design of the academic year and professional development supports the mission of the school – to provide a structured achievement-based community that prepares students to graduate from four-year colleges. The Equitas student population is largely underserved – on average Equitas scholars are 95% Hispanic/Latino with an average of 95% of students qualifying for free or reduced-price meals, and an</p>		

average of 20% of scholars are English Learners.

To begin planning for the year, teachers report in August for professional development. The paid professional development days before, during, and after the school year ensure our teachers receive training and development necessary to support the critical interventions necessary to create the excellent instructional practice to support our scholars learning. School wide goals are developed in the summer with a scope and sequence in collaboration with other Equitas Academies. Teachers who are new to the profession meet with their Instructional Coach on a weekly basis; while experienced teachers meet biweekly or more often as needed.

With the implementation of the Common Core State Standards, our professional development has focused on implementing a 'workshop model' throughout every classroom across all Equitas schools, using Lucy Calkins, model for teaching literacy skills (reading and writing). Calkins has written over 10 books on strategies for teaching reading and writing, and is a Professor of Curriculum and Teaching and the Founding Director of the Teachers College Reading and Writing Project, at Columbia University. Our teachers has received extensive training on Calkins model, and is collaborating with our teachers to ensure vertical alignment across all Equitas campuses (TK-8), with specifically designed templates through an in-house professional development program.

Professional development for all teachers will take place during the academic year, as follows:

- Provide 20-days of Summer Professional Development for all teachers.
- Provide 6 days of Professional Development on non-instructional days.

- Provide weekly Professional Development for 2 hours (Fridays).
- Provide weekly staff collaboration time for lesson planning by grade level/subject.

Our direct-instruction program is geared to all literacy learners, especially el students. Teachers use modeling, graphic organizers and visuals to support students' recognition of essential information in all academic subjects. Teachers are mindful of the stages of language acquisition and differentiate instruction within the classroom to meet the needs of each student. Students at the beginning and early intermediate stages of language acquisition are still learning how to read, write, listen and speak in Academic English, and will benefit most from ELD strategies. Teachers work with students through daily reading, writing, and discussion activities to determine each student's literacy habits and skills. Three relevant themes also guide the school's English Learner support system: (1) the critical role of vocabulary in language development; (2) the critical role that oral language plays in the development of academic English language proficiency, including vocabulary, reading, and writing skills; and (3) the critical relationship between English language acquisition and instruction in other academic subjects.

Because teachers share instruction (different teachers for different subjects) for all students, teachers are able to lesson plan together and collaborate on how to meet the needs of individual students. Teaching is made public as all teachers work together to meet the needs of every student. All grade level teachers plan together and deliver the same lesson plans. We divide the students into smaller groups based on flexible-ability reading groups which rotate among the

teachers. This enables our teachers to focus their efforts on a specific skill set or strategy with small groups, and enables students to receive targeted instruction based on their needs via a Daily RTI Block for 20-60 minutes.

ACADEMIC INTERVENTIONS
 To support Equitas Academy’s program of academic interventions, our team includes a Chief Academic Officer (network position), a Dean of Instruction, and seven Instructional Assistants. The School Director also supports academic interventions.

The following outlines how Equitas Academy assesses scholars for intervention and a description of the types of intervention strategies that we will implement. Using our data driven instructional program, our school will scale the MTSS Framework for academic and behavioral programs for unduplicated pupils. Instructional methods and educational components at Equitas are designed to address the needs of this population.

1. Administer diagnostic assessments that are grade/age appropriate using F&P Reading & Writing Assessment.
2. Administer NWEA MAP Assessments in ELA & Math 3 times/year.
3. Administer internally created standards-based assessment in all core subjects at all grade levels to ensure that students are meeting or exceeding California standards and adjusting elements of the school program and student supports when they are not. The results of these interim assessments, allow us to make the necessary adjustments as immediately as possible to ensure that our students are acquiring the skills outlined in the California Content Standards.
4. Based on an analysis of data, place students in flexible grouping (low, mid, high) using Internal assessment findings.
5. Teachers then meet with the School Director and Chief Academic Officer during the weekly two hour professional development, and/or teacher preparatory time, after interim assessments to closely analyze the data and create an action plan divided by class, homogenous reading groups and individual students based on the results. Professional development days are facilitated by the Chief Academic Officer to implement an action plan and create opportunities for teachers to reflect upon their own teaching and student learning. Provide additional support and intervention including: after-school tutoring, and differentiated instruction in the classroom.
6. In the event that struggling students fail to make satisfactory academic progress despite targeted interventions implemented by the classroom teacher,

the teacher may decide to refer the student for evaluation of a suspected disability.

7. Additional academic support by a credentialed teacher and/or an instructional assistant under the supervision of the Director of Instruction. A total of 5 Instructional Assistants will provide push-in/pullout academic support and intervention. The Dean of Instruction will provide Instructional Assistants and entire teaching staff with Professional Development on Intervention strategies, effective instructional strategies for ELL, and differentiation.
8. Small group instruction during classroom instruction by the classroom teacher and/or Instructional Assistants/Dean of Instruction.
9. Daily RTI Block for 20-60 minutes: additional academic support in ELA/Math facilitated by classroom teachers.

<p><u>SOCIAL-EMOTIONAL SUPPORTS</u></p> <p>The Equitas Academy curriculum incorporates a rigorous and developmentally appropriate program of values and character education to prepare students to thrive in school, college and the world. This curriculum guides all students with the life skills necessary to create self-motivated, competent, and lifelong learners. Using our data driven instructional program, our school will scale the MTSS Framework for academic and behavioral programs.</p> <p>Established curriculum such as Second Step and Morning Meetings are used along with developmentally</p>		

appropriate texts that highlight and teach our school's core values of curiosity, optimism, gratitude, grit, self-control, social intelligence and zest. These values are the basis of a school culture that provides a safe and productive environment necessary for the academic, social, and emotional growth of every student. We believe that ethics are important in creating civic individuals. Ethics combined with perseverance help students to successfully confront the challenges they will face as they grow and mature and to avoid self-destructive behaviors and situations they may face as adolescents and young adults.

Much of the emphasis in the primary years on character education is furthered with the ethics curriculum in the upper elementary grades as students become more self-aware and autonomous. Students in the upper elementary grades have an opportunity to explore multicultural literature in the pursuit of ethics, or the study of what it means to be a good person. Students read a collection of materials to explore the philosophy of what is right and what is wrong and engage in debates, written analysis and deeper level thinking on ethical issues.

Morning Meetings: Each day it is important for the Equitas staff to convey the urgency and excitement of learning. The tone of the day is set with the first interaction. Every morning, the leadership team, along with teachers, greets students with a morning handshake.

Community Circle: Justice, fairness, and equity also are important values infused throughout the school culture and rituals. Through studying nonviolent social movements for justice, learning strategies for problem solving and conflict resolution, and our emphasis on respect for self, perseverance, and respect for others, our students learn to navigate challenges and conflicts in a peaceful way.

Structured Break Time: In addition to the morning and weekly rituals to build community, each break time for the primary students is organized to allow students authentic experiences for practicing the school’s core values. Teachers role-play and lead lessons on teamwork, cooperation, and compassion during morning meeting and throughout the character education lessons.

Enrichment Courses: Students benefit from receiving a well-rounded education that includes the arts and music. Numerous research studies have found that exposure to the arts affects student academic achievement especially in socioeconomic imbalanced communities, including those with high levels of poverty and refugee and English Language Learners, by promoting creativity, self-confidence, and school pride. The arts promote higher analytical thinking and reasoning and student voice especially when integrated with core subjects. Equitas Academy will employ 4 Enrichment Instructors and a Dean of Enrichment who will provide training, supervision and scheduling.
