The "Pop-Tab Program"

Talk about little things adding up... The "tab" of a soda can is made of high quality, high-grade aluminum. By itself, it doesn't mean much. However, when collected, pop-tabs can add up and become a valuable donation to your local RONALD McDONALD HOUSE!

And that means a lot!

- In 1974, the first RONALD McDONALD HOUSE opened its doors in Philadelphia, Pennsylvania.
- By 1984, a charity organization (RONALD McDonald HOUSE Charities) was created to reach beyond the House to help children in need.
- On July 1, 1994, RONALD McDONALD Charities and Houses throughout the NATION became one program under RMHC (RONALD McDONALD HOUSE CHARITIES)
- The first RONALD McDONALD HOUSE of the Central Valley opened its door in Fresno, CA in 1984. However, it relocated and on February 14, 2001, it opened its new doors next to the Children's Hospital of Central California in Madera.
