

Middle School News

Joseph Batiano, a Middle School Counselor from *Rhode Island School for the Deaf*, contacted TSD's Middle School Counselor, Elena Furmansky, to share that his group of students held a fundraiser to help support the Hurricane Harvey survivors in Texas.

Students and counselors from both schools had the opportunity to chat via video conference recently where the RISD students shared that they raised \$300, and the students wanted the money to be donated to our TSD Middle School students who were directly affected by the hurricane.

Many thanks to the students at RISD for their support!
