

## 9th Grade CHS Course Requests through Skyward Student/Family Access

Log onto Student Access through the **Columbia High School Website** then click on “**Schedule**” to begin selecting classes.

- The following 9th grade required courses have been added automatically:  
*Health, Physical Science, and Computer Applications*
- Students will need to select the appropriate level of English and math based upon the courses they are in now, as well as teacher recommendation. If you are unsure of the level or select the incorrect one, it will be fixed internally based upon the teacher recommendations.
- Select 7 electives (remember that electives with an A and a B section equal 2 choices)
- Students also need to choose up to 4 alternate electives.

While on the **Schedule** screen, click the **Request Courses for 2018-2019 in COLUMBIA HIGH SCHOOL** link to request *Courses* and work with *Alternate* course selections. (*highlighted in yellow*)
