POLICY: It is the policy of the Los Angeles Unified School District to provide students with appropriate instructional materials that are relevant to the curriculum being studied and appropriate for their age and maturity levels. Because of the widespread use of video, ease of videotaping, and availability of rental videotapes and films, the Board of Education on October 17, 1988, established guidelines for the use of videotapes and films **not** owned, broadcast, or recommended by the District.

Because of the emergence of new technologies, this policy now applies to the use of filmed programs in any format, including videocassette, 16mm film, DVD, CD-ROM, broadcast television, or streamed file. The term “audiovisual media” is used in this bulletin to refer to all formats. The rating system of the Motion Picture Association of America (MPAA), established in 1968, is the basis for the Board guidelines.

MAJOR CHANGES: This revision replaces BUL-5210, of the same title, dated August 13, 2010, to reflect personnel and contact information changes and the impact of new media and technology.

GUIDELINES: The following guidelines are in effect:

1. Audiovisual media shown at a school must be relevant to the curriculum being studied and appropriate for the age and maturity level of students being taught.
2. Audiovisual media shown at a school must use the established District and State criteria for the evaluation of instructional materials, especially with respect to racial and gender stereotyping and the depiction of violence, even in animation. Refer to *California Education Code* Sections 60040 - 60045 and Section 60048 for the law that governs standards for evaluating instructional materials for social content or access the California Department of Education website to review the *Standards for Evaluating Instructional Materials for Social Content* at: <http://www.cde.ca.gov/ci/cr/cf/lc.asp>
3. Audiovisual media must be consistent with accepted standards of professional responsibility and must not reflect advocacy, personal opinion, bias, or partisanship.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

4. Audiovisual media which have not been MPAA rated and are not owned, broadcast, or recommended by the District must be thoroughly reviewed by the instructor prior to their use.
5. **MPAA NC-17-rated** (No children under 17 admitted) audiovisual media, or any unrated material that might fall into this category, shall not be shown in any elementary or secondary school classroom or as part of any District activity involving elementary or secondary school students.
6. **MPAA R-rated** (Restricted, under 17 requires accompanying parent or adult guardian) audiovisual media, or any unrated material that might fall into this category, may be used in high school Grades 9-12 and in middle school Grades 7 and 8 with principal and parent/guardian written approval prior to the scheduled viewing date and must comply with the school's policy on the evaluation and selection of instructional materials. (See Attachment A for the prior approval letter for parent/guardian and Attachment B for the prior approval form for the principal. Note: The parent/guardian approval letter should include the MPAA rating of the material.) MPAA R-rated audiovisual media may not be shown in elementary schools or in middle school Grade 6.
7. **MPAA PG-13-rated** (Parents strongly cautioned; some materials may be inappropriate for children under 13) audiovisual media, or any unrated material that might fall into this category, may be used in high school Grades 9-12 and in middle school Grades 7 and 8 with principal and parent/guardian written approval prior to the scheduled viewing date and must comply with the school's policy on the evaluation and selection of instructional materials. MPAA PG-13-rated audiovisual media may not be shown in elementary schools or in middle school Grade 6.
8. **MPAA PG-rated** (Parental guidance suggested; some materials may not be suitable for children) audiovisual media, or any unrated material that might fall into this category, may be used in elementary schools or in middle school grade 6 with the prior approval of the principal and parent/guardian and must comply with the school's policy on the evaluation and selection of instructional materials.
9. **MPAA G-rated** audiovisual materials may be used in elementary schools with principal approval and teacher review.
10. If opinions differ over the appropriateness of the materials, the appeal process outlined in Article XXV, Sections 1.0 and 1.2 of the Agreement between the District and UTLA shall be followed.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

11. The website for the Motion Picture Association of America (<http://www.mpa.org/>) contains a database of film ratings (<http://www.filmratings.com>). When searching for a title, it is important to know as many details about the film as possible, such as producer, production date, and cast, because there are many films with the same title and the MPAA rating may be different for each one. For example, a search for *Hamlet* yielded five film titles with four different ratings – G, PG, PG-13, and R. Search results will show the film title, distributor, production date, rating, and the reason for the rating. Many titles also contain a link to further descriptive information that will help identify a film. The MPAA website also provides links to sites about the TV Parental Guidelines, a rating system for all television programs which is modeled after the MPAA ratings. The TV Parental Guidelines may provide additional assistance in determining whether a film is appropriate. However, caution is necessary since the TV Parental Guide rating of a given film will most likely be based on an edited broadcast version and not the original uncut version, which may have received a harsher MPAA rating.
12. For ready-reference, a chart summarizing the key points of this bulletin appears on Attachment C.
