

# Student of the Month Trait

## COOPERATIVE

### Board Appointed School Consolidation Committee

To address the budget deficit, the Board of Trustees took action in July to approve a Board Appointed Committee to consider and advise the Board on the potential of consolidation, adjustment of attendance boundaries, and District operational issues. The Committee's preliminary charge includes becoming fully informed on the District's financial situation, review future and current demographics, consider all schools for potential closure, establish new radius for transportation for regular education students, provide the Board with recommendations on new school boundaries and much, much more. The School Consolidation Committee meetings will be held every Monday evening, 5:30-7:30pm and are open to the public. For more information, to view agendas and supplemental materials, please visit the district website at [www.ogsd.net](http://www.ogsd.net) and click on "School Consolidation Committee" on the bottom right hand corner.

### Hispanic Student Recognition
