

### What is a Professional Learning Community?

The entire staff engages in an ongoing, collaborative process of collective inquiry and action research to achieve better results for student learning.

### 3 Big Ideas

1. We focus on learning rather than teaching.
2. We work collaboratively on matters related to learning.
3. We hold ourselves accountable for the kind of results that fuel continued improvement.

### The 4 Questions

1. *What specifically do we expect all students to learn? (standards)*
2. *How will we know when each student has learned? (assessment)*
3. *How will we respond when students experience difficulty learning? (intervention)*
4. *How will we respond when students demonstrate they have learned? (extension)*
