

TIGER PRIDE

Onward and Upward: Celebrating Lincoln's Successes

Welcome back! We hope that you had a safe and restful summer and your children are excited to come back for friends, fun, and learning. Last year was a success at LMS in so many ways:

- We had fewer behavior referrals than any time in the last 10 years
- We reduced the number of students failing classes - with less than 3% of our students getting an F during the last trimester
- We handed out over 2000 Good News Referrals!

In addition, we also worked hard to connect with you - the parents of our students - to create the most possible success. We will continue that effort this year starting with a **Back to School BBQ on September 6th, from 4:00 to 6:30 PM**. This will be a chance for you to get your child's final schedule, meet their teachers, check out the classrooms, and fill your tummy! We hope you can join us and bring your whole family!

Times Are Changing

As you probably know, our bell schedule will be different this coming year. The biggest change is that we now only have 6 periods during the day instead of 7. Students will still have opportunities to take electives, PE, and enjoy options during flex time, but we also have more time to help students with academics.

Another important change to note is that **our start time in now 8:00**. Bus schedules will adjust accordingly, but if you drive your child to school. Please be sure to get them here by 7:55 so they have enough time to go to their locker and get to first period on time. We are excited to begin the new year and have your child with us at LMS!

Welcome New Staff Members

We have several new staff members joining us this year. They are great additions to the Lincoln team, so please help us in welcoming them!

Chelsea Mak: Chelsea is originally from New York but worked for a few years teaching in Jackson, Mississippi before joining us. She will be teaching 6th grade math this year. She brings resourcefulness, enthusiasm, grit, and a passion for kids to her job everyday.

Chris Johnson: Chris will be teaching 7th and 8th grade science. He worked for several years as an EA at Kalapuya High School in the Bethel District. He is a constant learner, is passionate about helping students, and builds great relationships with both adults and kids.

Debi Wilkerson: Debi will be our new Registrar. Don't worry - our old Registrar, Jenny Ladd, is still with us but has moved to a new office position. Debi has experience working in schools as an EA as well as technical experience with payroll and accounting programs. She brings a positive and productive personality to our staff.

Anne Wilson: Many of you already know that our 8th grade Math Teacher, Laura Clark, will be out on maternity leave for the first few months of the year. Anne will be filling in for Laura during this time. Anne has many years of subbing experience and is very familiar with our current math curriculum.

ANNUAL NOTICE OF ASBESTOS PROGRAM ACTIVITIES

The South Lane School District continues to pursue a program for asbestos management that was developed in 1988 to satisfy a federal mandate, which is enforced by the State of Oregon.

The Federal Asbestos Hazard Emergency Response Act (AHERA) required an initial inspection for friable (more easily released) and non-friable asbestos. The District hired a qualified, independent contractor to inspect all areas of all district facilities. The inspection was completed on October 1, 1988, and the results were included in a management plan written by an accredited management planner. The plan, submitted to the Department of Education, also included a maintenance program to repair, remove, enclose or manage asbestos and asbestos containing materials wherever present in the district.

The goal of the SLSD Asbestos Management Plan is to comply with the AHERA guidelines and ensure that our school buildings remain safe and free from asbestos hazards. The ongoing management plan required by AHERA includes twice-annual inspections at all locations where materials containing asbestos are known to be present. Any necessary actions or changes in the condition of such materials are then noted in the Asbestos Management Plan for each location.

A certified consultant from PBS Environmental performed the required AHERA 3-year re-inspection in August 2018. No removal or repair projects involving asbestos are planned for the 2016-2017 school year.

SLSD maintenance and custodial employees receive initial and continuing training regarding AHERA and asbestos management. The District may contract with a licensed contractor to perform required work or training in accordance with the AHERA program.

A complete Asbestos Management Plan is available for review at each school office or the SLSD Service Center. These plans include all inspection reports with analysis, and a record of all management or maintenance actions taken on asbestos-containing materials. The plans can be reviewed during normal business hours.
