## **WABASH COUNTY PROMISE**

Presenting Sponsor: Beauchamp McSpadden

I remember all the fun times I had.

Mrs. Miller was my teacher, and she took us
to Science Central!

Right now I'm going to Ivy Tech here in town, but I plan on attending IV next year to get my Nutrition Science degree because I want to help people live healthier lives. I Love my school because it's close and I still get to see all of my family.

Yours Truly,

Gareth
