10. Additional comments or suggestions for improving the school’s Title I Parental Involvement Program:

- Lunch program needs less starchy foods more vegetables.
- It would be nice if Halloween was celebrated more and the kids would be able to wear a basic costume to school. It is always nice to see all the costumes.
- We are very satisfied with Tulia schools and how they are run, thank you.
- Not happy about school lunches.
- Dress code needs to be pushed to higher standards.
- I think that your staff are doing a great job. Keep it up.
- There is a lot of teen/child drama currently.
- I would like to see more informed documentation of athletic events and whether a child will need money to purchase their own dinners for their events out of town even if it is a packaged dinner.
- My child has failed to let me know what days she has to stay for practice and what time it is over. I would like to know by letter or a phone call. Thanks.

- There is too much peer pressure. It would be nice to have school uniforms.
- Teacher student interactions and teacher communication and teacher attitudes.
- Doing good!
- I feel very fortunate that my child attends this school and I thank all the teachers for all of the hard work that they have given and showed my child. Thank you, Tulia ISD.
- I have enjoyed having my children attend this school. The teachers are great!
- There needs to be a meeting at the beginning of school about bus information. What needs to be done when your bus is not coming down the road. More communication. Teachers need to update and keep current their web sites.
- Good.
- Student physical education needs to be yearly. I understand that not all students like phys. Ed..but it is extremely important.
