Linda,

Thank you for your email requesting that our school, Middle Canyon Elementary, be used as your school's designated primary reunification site in case of crisis or emergency during the 2015-2016 school year.

Please consider this letter an official "approval" to use our school in the unfortunate event you need to evacuate and relocate students and staff in your care. We are more than happy to help with this request, but truly hope you never need to do so.

Sincerely,

Jerri Sagers
Principal
