

We look forward to working with you to provide safe, effective, and efficient transportation services to the Edwardsburg school community. The following transportation guidelines address some of the most frequently asked questions from parents. If you have any transportation questions please feel free to contact the transportation department. Our office hours during the school year are 5:00 a.m. to 5:00 p.m., Monday through Friday. Phone numbers are 269-663-2900 or 269-663-1041.

1. Bus routes and estimated run times will be posted at **edwardsburgpublicschools.org** prior to the start of school. You may also monitor your child's bus with "Here Comes the Bus" mobile or desktop application.
2. Student pickup and drop off points are established from the student registration form, this is your residence. All requests for pickup or drop off at other locations need to be submitted to the transportation department. We request routing changes be done in person at the transportation department, using the Transportation Request Form.
 - 1) **Prior to Start of School:** we require any requested changes in bus pickup or drop off points be provided to us a minimum of three weeks prior to the start of school.
 - 2) **During School Year:** Changes to routing require a 72-hour notice; not including the date the request is given.
 - a) All routing changes must be for a minimum of five (5) consecutive school days.
 - b) Pickup and/or drop off points must be consistent each day.
 - 3) **Emergency Changes:** Must be received by transportation no later than 12:00 noon to be effective the same day.

The transportation department may not be able to accommodate all requested changes in routing. The greater lead-time provided concerning any changes would allow you more time to make alternative arrangements if transportation cannot fulfill your request.

3. Students will only ride their assigned bus and will be picked up and dropped off only at their designated stops. Students are to board bus immediately after being dismissed from school or shuttle bus and will not leave bus without the consent of the driver. Students must also cooperate and comply with all student loading, unloading, and crossing procedures. High School and Middle School students will not be allowed to ride the Elementary bus routes.
4. We only permit students and authorized personnel or chaperones to board buses. Please respect your drivers request if asked not to step onto the school bus.
5. In normal operating conditions, subject to weather etc., it is suggested that students be at their bus stop 5 minutes ahead of the expected bus arrival. To assure pickup, the student must be at the assigned bus stop prior to the arrival of the bus.

6. If your child does not come to school on any given day, it is not necessary to call the transportation office. The bus routes are run each day as routed to keep consistent schedules. There are however selected stops that we may ask for your call. These would be stops that create unnecessary travel if your child is not riding.
7. Dress code will follow classroom guidelines. Please make sure your child dresses appropriately for the weather. With driver permission windows may be opened no further than the third notch from the closed position.
8. Projects or large items such as instruments or athletic bags that cannot be held on a student's lap will not be allowed on the bus without permission of the Transportation Director. Items such as basketballs must remain in students backpack. No glass items or balloons will be allowed on the bus.
9. Any items left on the bus by students will be brought into the transportation department after each route. These items may be reclaimed at the transportation office between the hours of 5:00 a.m. and 5:00 p.m. Bus drivers are not allowed to keep items on the bus. Edwardsburg Public Schools and employees will not be held responsible for any items brought onto the school bus, left on the school bus, or turned into the transportation office. All items of value that remain unclaimed will be donated to charity at the end of each grading period.
10. The district requires that a **parent or another authorized adult is visible to the bus driver at the bus stop for all Kindergarten students. Preschool students must have a parent or another authorized adult present to provide assistance both entering and exiting the bus.** If the driver is not able to identify a responsible adult when stopped for unloading, the bus will bring the student back to the building or transportation office.
 - 1) **PLEASE NOTE:** If your student is brought back to the transportation office, the transportation office will make every effort to contact the parent and/or emergency contact person. If no contact can be made by 6:00 p.m., the authorities will be contacted.
 - 2) The bus will stop at the established unloading point, and wait for approximately 5-15 seconds before closing the door and proceeding on route. Once the driver has closed the door, the bus must continue on route.
 - 3) Parents should not "follow or chase down" the bus in an attempt to have their student released at an undesignated stop. They should call transportation to confirm the situation and to make arrangements to pick up the student. This shall also apply for morning bus stop locations.

Bus Referrals

Parents, please emphasize the importance of good behavior to your child. When a child misbehaves on the bus it endangers the safety and well-being of everyone on the bus and our school community. In the event that a driver issues a bus referral for behavior, the following guidelines will be observed.

Administration has the right to enforce any disciplinary measures necessary to ensure the positive operations at or during school functions.

Number of Bus Tickets/Referrals	Consequences Grades K-12
1 (Within a school year)	Principal will meet/phone conference with parent and meet with student before student is allowed to ride the bus again.
2 (Within a school year)	Principal will meet/phone conference with parent and meet with student before student is allowed to ride the bus again and school-based consequence will be assigned.

7 (Within a school year)	Principal will meet with student. Remainder of the Year Suspension

Emergency Suspensions: There may be unusual circumstances when a driver feels a student's misbehavior is so serious that it jeopardizes the safety of other students and does not think that the student should be allowed to ride the bus home that day. If this occurs, a student may be removed from their bus. The child will not be allowed to ride the bus the following day (pending parent contact) and a meeting with the administrator must occur before the student is allowed to continue to ride the bus. No student will be removed from a bus without authorization from the principal/designee.
