Business Program Ad From

The Performing Arts program at VCIS is one we are very pleased to offer to our high school students and our community. We teach a variety of courses including dance, drama and choir. Our goal as a program is to nurture the talents of our students and help them gain the knowledge and tools they need to improve them. By teaching correct techniques, team work, and requiring a certain level of responsibility from our students, we intend to grow them into college-ready performers and strong members of a team. We strive to form strong members of our future community through the arts. Typically about 100 students make up our program and at the end of each semester join together to present an entertaining and quality performance showcasing their incredible talent in the area of drama, dance and choir. The spring performance will take place at the College of Sequoias Theater and is estimated to reach over 800 audience members.

By choosing to advertise in our program, you can make your company or business a part of a very special evening at the theater. As audience members arrive and are seated they are given their programs. They will have plenty of time to enjoy all of the information contained in your ad while they relax and wait for the show to begin. At the show's end, the program booklets are taken home and often times shared with family, friends, coworkers and neighbors. With 2 shows of more than 600 audience members and a dress rehearsal for school staff and local middle schools, these programs and ads will be seen by a large amount of people in the community.
