EDUCATIONAL PHILOSOPHY

The staff of Los Amigos is committed to providing a quality educational program for all students. This program is aimed at the development of the complete individual incorporating practical, physical, aesthetic, and intellectual stimulation. All school activities are conducted in an atmosphere that stresses honesty, cooperation, responsibility, accountability, a sense of pride in accomplishment, and the enjoyment of learning as a life-long process. An atmosphere which promotes an open questioning of issues and seeks to resolve those questions is at the very heart of our educational philosophy. Students are encouraged to develop a logical, inquiring approach to life. The staff of Los Amigos High School expects each student to strive towards fulfillment of his or her full potential. Students expect the staff to strive towards providing the best possible instructional program. The effect on student learning in all areas of the instructional program is the primary consideration for planning and decision-making activities.
