## School Attendance!

Attendance Matters! Studies have shown, that a student's academic gains are impacted when they miss more than 15 days of school instructional days.

Wai'anae Elementary School believes that daily attendance is important. Attendance impacts a student's academic and social development. Our school support staff team, along with all our teachers continue to work hard to ensure that all students come to school everyday. If you should have any questions, please come to speak with our counselors in the office.

# #WAIANAESTRONG

BE RESPECTFUL	BE RESPONSIBLE	BE SAFE	BE KIND
------------------	-------------------	------------	------------

## Wai'anae Elementary School: Parent Community Network Coordinator (PCNC)

Aloha! My name is Sherri Berano and I am your new PCNC for Waianae Elementary School! I cannot even tell you how honored, happy and excited I am to take on this new role! I have been a volunteer in the PTA since my oldest daughter was in the end of her kindergarten year till now. She currently is in the third grade. My husband Lenny and I have two other daughters who are identical twins, 4 years of age and our son who is the oldest and has graduated from Waianae High School. I have events planned at least every week and I try to fluctuate on times and days that they take place in hopes I can accommodate to your busy schedules. My first

coffee hour is set for September 22 from 7:45-8:45am in P8. Please stop by or email me at [pcnc.sherri\\_berano@waianaelem.k12.hi.us](mailto:pcnc.sherri_berano@waianaelem.k12.hi.us) anytime. Can't wait to meet you all!

### No Toys & Personal Items at School

*At WES we are always trying our best to keep our students safe. Due to students getting disagreements over toys, keep toys home.*

*Personal devices, such as cell phones are not to be used during school hours, due to safety and privacy concerns. Students may use their personal devices during non-school hours.*

### HEALTH ROOM NEWS

Our school's Health Room is located at P-2, the nearest parking lot is located via Old Government Rd. If you should ever need to pick-up your child from the Health Room, you will need to sign your child out and receive a Student Pass from the front office prior to picking up your child.

This year, our Health Room staff includes: Ms. Julie McBane, SHA & Ms. Christine Prentice, BSN, RN-BC. We look forward to servicing our WES 'ohana this school year!
