

INSTRUCTION REQUIRING INSURANCE

According to Yadkin County Board of Education policy, students who choose to participate in programs which “may have a higher risk of physical injury than most school activities” are required to furnish proof of accident insurance through the group plan or furnish proof of comparable coverage through another plan. If the student is covered by private insurance or under Medicaid, please supply the policy number below.

If your child **does not** have private insurance or Medicaid, you must purchase *student accident insurance* through the county group plan. Forms are available from the Career and Technical Education teacher or you may enroll online at www.k12studentinsurance.com. The school day rate (coverage for accidents which occur during the school day only) for this school year is \$7.00 for the STANDARD PLAN. It is only necessary to purchase accident insurance **once per school year**, even if you are enrolled in multiple Career and Technical Education courses each semester.
