

## **Note from the Computer Lab**

Dear parents, we wanted to make you aware that all 3<sup>rd</sup>, 4<sup>th</sup> and 5<sup>th</sup> grade students have been given a district Gmail and Google Drive account. Students will only be able to e-mail within our school district. Elementary students cannot send nor receive outside e-mails for safety and privacy concerns. Students now will be able to save and share their work with Google Drive from any computer, tablet, or cell phone with internet access. They will have access to Google Docs, Slides, Sheets, and Google Classroom as well. Having a Google account will allow students keep and share their work throughout their education at Cañon City Schools. Using e-mail and online communication and collaboration is a requirement for 21<sup>st</sup> Century Skills, Common Core Curriculum, and the updated ISTE standards (International Society for Technology in Education). If you have any questions, please ask.
