MT. SAN JACINTO COLLEGE

# Advanced HVAC Certificate

## Mt. San Jacinto College has partnered with Multi-Award Winning *We Care* to offer a Certificate in Advanced Heating, Ventilation, & Air Conditioning (HVAC)

This class is an advanced level view on residential HVAC. You will get a better understanding of

- Industry terminology,
- Proper identification of systems and parts
- Testing methods
- Performance of residential HVAC systems

Our goal will be to provide you with practical knowledge and skill sets related to residential HVAC in a real world setting. This training will be instructor led in both a class room and live laboratory setting with hands-on tools and system testing performed by everyone. *A pre-requisite of completing a beginning class offered by instructor H. Bilo, or experience in the field, necessary to enroll in this class.*
