

How to use Google Translate for Language Translation

Go to internet and search for Google Translate or use this web address <https://translate.google.com/>

This opens a new Translate Screen; choose the wanted translated language in the right side box at the top.

To Translate a web site:

1. Enter the desired web address into the left side box
2. Translator will populate it on the right side
3. Click the link in the right side box to open the webpage in that translated language.

To Translate a document:

1. Open any document
2. Copy the text into left side Translate box
3. The document text will populate in the right side box in that translated language.

To begin Online Registration in translated language:

1. Copy and paste this web address: <http://www.henderson.kyschools.us>
into the Google Translate left side box.
2. Choose your desired language in the Google Translate right side box.
3. The HCS web page will open in your desired language.
4. Click the STUDENT REGISTRATION link under Quick Links
