Receive written requests for access to records submitted to the district. 2. Review and respond to written requests in accordance with law, Board policy and administrative regulations. 3. Direct requests to other appropriate individuals in the district or in another agency. 4. Track the district's progress in responding to requests. 5. Issue interim and final responses to submitted requests. 6. Maintain a log of all record requests and their disposition. 7. Ensure district staff are trained to perform assigned job functions relative to requests for access to records.

Guidelines

The Board shall make the district's public records available for access and duplication to a requester, in accordance with law, Board policy and administrative regulations.

Request for Access

A written request for access to a public record shall be submitted on the required form(s) and addressed to the Open Records Officer.

Written requests may be submitted to the district in person, by mail, to a designated facsimile machine, and to a designated e-mail address.

Each request must include the following information:

1. Identification or description of the requested record, in sufficient detail.
2. Medium in which the record is requested.
3. Name and address of the individual to receive the district's response.

The district shall not require an explanation of the reason for the request or the intended use of the requested record, unless otherwise required by law.

Requesters may access and procure copies of the public records of the district during the regular business hours of the administration offices. Information shall be made available to individuals with disabilities in an appropriate format, upon request and with sufficient advance notice.

A requester's right of access does not include the right to remove a record from the premises or control of the school district.

The district shall not limit the number of records requested.

When responding to a request for access, the district is not required to create a record that does not exist nor to compile, maintain, format or organize a record in a manner which the district does not currently use.

The district shall post at the administration office and on the district's web site the following information:

1. Contact information for the Open Records Officer.
2. Contact information for the state's Office of Open Records or other applicable appeals officers.
3. The form to be used to file a request, with a notation that the state Office of Open Records form may also be used if the district decides to create its own form.
4. Board policy, administrative regulations and procedures governing requests for access to the district's public records.

Response to Request

Upon receiving a request for access to a record, the Open Records Officer shall:

1. Note the date of receipt on the written request.
2. Compute and note on the written request the day on which the five-day period for response will expire.
3. Maintain an electronic or paper copy of the written request, including all documents submitted with the request, until the request has been fulfilled.
4. If the written request is denied, maintain the written request for thirty (30) days or, if an appeal is filed, until a final determination is issued or the appeal is deemed denied.

District employees shall forward requests for access to public records to the Open Records Officer.

Upon receipt of a written request for access to a record, the Open Records Officer shall determine if the requested record is a public record and if the district has possession, custody or control of that record.

The Open Records Officer shall respond as promptly as possible under the existing circumstances, and the initial response time shall not exceed five (5) business days from the date the written request is received by the Open Records Officer.

The initial response shall grant access to the requested record, deny access to the requested record, partially grant and partially deny access to the requested record, or notify the requester of the need for an extension of time to fully respond.

If the district fails to respond to a request within five (5) business days of receipt, the request for access shall be deemed denied.

Extension of Time

If the Open Records Officer determines that an extension of time is required to respond to a request, in accordance with the factors stated in law, written notice shall be sent within five (5) business days of receipt of request. The notice shall indicate that the request for access is being reviewed, the reason that the review requires an extension, a reasonable date when the response is expected, and an estimate of applicable fees owed when the record becomes available.

Up to a thirty (30) day extension for one (1) of the listed reasons does not require the consent of the requester. If the response is not given by the specified date, it shall be deemed denied on the day following that date.

A requester may consent in writing to an extension that exceeds thirty (30) days, in which case the request shall be deemed denied on the day following the date specified in the notice if the Open Records Officer has not provided a response by that date.

Grant of Request

If the Open Records Officer determines that the request will be granted, the response shall inform the requester that access is granted and either include information on the regular business hours of the administration office, provide electronic access, or state where the requester may go to inspect the records or information electronically at a publicly accessible site. The response shall include a copy of the fee schedule in effect, a statement that prepayment of fees is required in a specified amount if access to the records will cost in excess of one hundred dollars (\$100.00), and the medium in which the records will be provided.

A public record shall be provided to the requester in the medium requested if it exists in that form; otherwise, it shall be provided in its existing medium. However, the district is not required to permit use of its computers.

The Open Records Officer may respond to a records request by notifying the requester that the record is available through publicly accessible electronic means or that the district shall provide access to inspect the record electronically. If the requester, within thirty (30) days following receipt of the district's notice, submits a written request to have the record converted to paper, the district shall provide access in printed form within five (5) days of receipt of the request for conversion to paper.

A public record that the district does not possess but is possessed by a third party with whom the district has contracted to perform a governmental function and which directly relates to that governmental function shall be considered a public record of the district. Third parties contracting with the school district to perform a governmental function shall be required to provide the district with the requested record in a timely manner to allow the district to comply with law.

If the Open Records Officer determines that a public record contains information both subject to and not subject to access, the Open Records Officer shall grant access to the information subject to access and deny access to the information not subject to access. The Open Records Officer shall redact from the record the information that is not subject to access. The Open Records Officer shall not deny access to a public record if privileged or exempt information is able to be redacted.

If the Open Records Officer responds to a requester that a copy of the requested record is available for delivery at the administration office and the requester does not retrieve the record within sixty (60) days of the district's response, the district shall dispose of the copy and retain any fees paid to date.

Denial of Request

If the Open Records Officer denies a request for access to a record, whether in whole or in part, a written response shall be sent within five (5) business days of receipt of the request. The response denying the request shall include the following:

1. Description of the record requested.
2. Specific reasons for denial, including a citation of supporting legal authority.

3. Name, title, business address, business telephone number, and signature of the Opens Records Officer on whose authority the denial is issued.
4. Date of the response.
5. Procedure for the requester to appeal a denial of access.

The Open Records Officer may deny a request for access to a record if the requester has made repeated requests for that same record and the repeated requests have placed an unreasonable burden on the district.

The Opens Records Officer may deny a request for access to a record when timely access is not possible due to a disaster, or when access may cause physical damage or irreparable harm to the record.

Fees

The Board establishes the following fees in relation to requests for public records:

1. Where copies of public records are forwarded to the requester by mail, the requester shall be responsible for the actual cost of postage and mailing.
2. Duplication fees shall be those established by the Pennsylvania Office of Open Records based upon prevailing fees for comparable duplication services provided by local business entities.
3. Where the retrieval and copying of public records in response to a request (or multiple requests from the same requester) causes the District to incur overtime costs due to the diversion of its personnel from their regularly assigned tasks, such additional personnel costs attributable to responding the request(s) shall be charged to the requester, provided that no fee shall be imposed for review of a record to determine whether the record is subject to access under law.
4. Prior to granting access, the district may require prepayment of estimated fees when the fees required to fulfill the request are expected to exceed \$100.

Effective Date

This policy shall become effective on January 1, 2009.
