

Whitehouse ISD
106 Wildcat Drive
Whitehouse, TX 75791
903.839.5500 ext. 6175

The Whitehouse Independent School District has signed a contract to purchase property located at 14584 County Road 2191, Tyler, Texas, 75703.

The district's purpose for the 83.142 acres of land, pending closing, will be to construct future schools. The location is central to the Brown Elementary attendance zone and is located 1.3 miles due West of the northern boundary of the Whitehouse City Limit.

If the bond election is successful, this site will be used to construct a replacement elementary campus for Brown Elementary School with a timeline to open for students in August 2018. It could also serve as a future site for a 6-8 campus if student enrollment requires the construction of another Jr. High in the future.
