

2018-2019 Protocols Educator Development and Support: Teachers

Overview

The purpose of this document is to outline the steps and protocols of the Educator Development and Support: Teachers (EDST) process. EDST includes a series of reflection activities, observations, conferencing opportunities, and professional goal-setting activities, all of which are aimed at helping to identify strengths and opportunities for improving teaching practice.

The protocols, including purpose, teacher and administrator role, timeline, and alignment to *LAUSD Teaching and Learning Framework* elements are outlined for each of the steps of this process. Please note that while these protocols may be modified to make the process more meaningful for teachers and administrators, they reflect best practices in coaching professionals and encouraging professional reflection and growth. It is also important to note that these procedures are to be used in conjunction with other ongoing classroom visits, walkthroughs, or professional conversations that take place as part of effective ongoing leadership and support practices in schools.

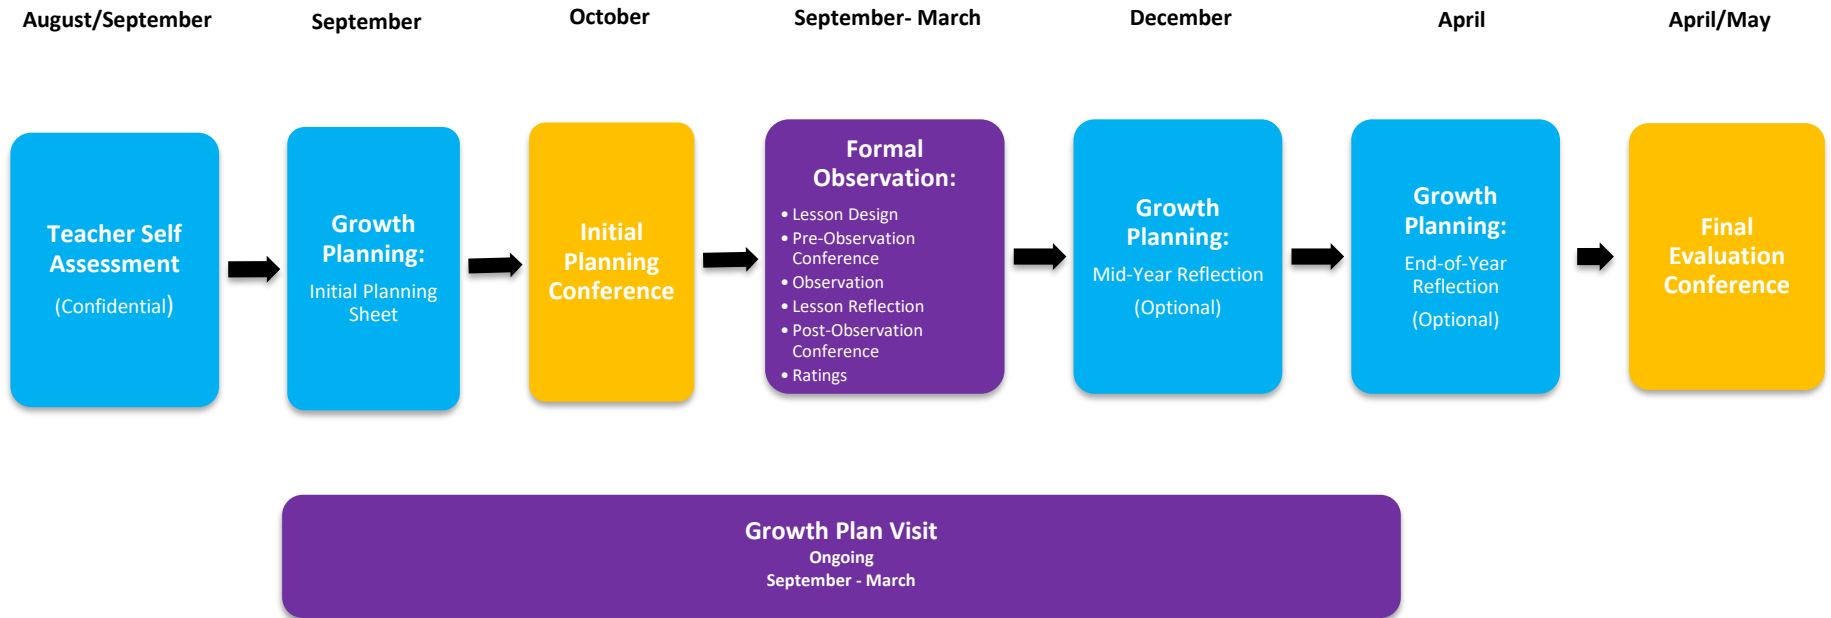

NOTE: For the evaluation of non-classroom teachers (e.g., coaches, coordinators, advisors, experts), refer to the Protocols for the EDS: Non-Classroom Teachers (EDSNCT) process.

For any questions about the EDST or EDSNCT process, please contact Professional Learning and Leadership Development at (213) 241-3444.

Let's review the key points in our discussion . . .</p> <p>Clarifying/Probing Stems or Questions for IPS Objectives: What possible evidence may be collected for your _____ objective? How might you know when you have met your _____ objective?</p>			

As you examine the data, what are some of the differences and similarities that are emerging?

What might be some effective strategies that you have used before?

Could you tell me more about . . .

Could you give me an example . . .

Tell me about your next steps . . .

Clarifying/Probing Stems or Questions for Cooperatively-Selected Focus Element:

As we think about our school's instructional goals, which focus element will ...

Which focus element might support the goals of your grade level/department this year?

What should we consider in selecting the focus element?

PRE-OBSERVATION STEPS AND PROTOCOLS

LESSON DESIGN		
Purpose	<ul style="list-style-type: none"> To guide teachers through the lesson planning process for the Formal Observation Cycle via questions and prompts that are aligned to the <i>LAUSD Teaching and Learning Framework</i> To provide an opportunity for the teacher and administrator to identify strengths and areas for improving the instructional plan prior to the observation To provide administrators with evidence for addressing teaching practice in Standard 1: Planning and Preparation, if selected as focus elements for the Formal Observation. 	
Teacher Role		Administrator Role
Protocol	Via MyPGS: <ul style="list-style-type: none"> Review relevant student data and design a lesson using the Lesson Design Template. Input and share lesson design with administrator. If alternative lesson plan format is used, it should be uploaded to MyPGS as an attachment. 	Via MyPGS: <ul style="list-style-type: none"> Review teacher's lesson design. Plan questions for the Pre-Observation Conference. Identify strengths and areas for improving the instructional plan to be shared with the teacher at the Pre-Observation Conference. If any of the selected focus elements are from Standard 1, align the evidence. (Note: Use "Auto Create Notes" to align automatically).
Timeline	To be completed and submitted at least <u>one day prior</u> to the Pre-Observation Conference.	To be reviewed <u>prior</u> to the Pre-Observation Conference.
CONSIDERATIONS FOR THE LESSON DESIGN TEMPLATE		
<ul style="list-style-type: none"> Most of the student data can be found in https://getdata.lausd.net Long Term English Learners (LTELs) – English Learner students who have completed five full years in U.S. schools without being reclassified. LTEL data can be found on MyData (getdata.lausd.net) by clicking on English Learners under School Dashboards, and then clicking the EL Monitoring link from the dropdown. Standard English Learners (SELs) – The identification of SELs is for the purpose of differentiation and not program placement. See page 85 of the LAUSD Master Plan for information on the identification of SELs.

What you are saying is...</p> <p>Clarifying and Probing Stems/Questions: What do you think went well in the lesson? Did the lesson go as expected? Were there any surprises? As you taught the lesson, what changes did you make to the lesson, if any, and why? How did you make decisions about....? What is your thinking about...? How do you know that students were cognitively engaged during the entire lesson? How does your feedback on student work support students in improving their work? How do student work samples demonstrate that students have or have not achieved the learning objectives?</p> <p>Direct Suggestion Stems: A couple of the things to keep in mind... One thing I've noticed is...</p> <p>Indirect Suggestion Stems: Sometimes it's helpful if... There are a number of approaches... Something you might consider trying is....</p>
