PARTNERS IN PURSUIT OF EXCELLENCE

Dear Eighth Grade Parent,

We are writing to remind you of the orientation program we have planned for your student on the afternoon of March 14, 2018, a single session day for staff development in the district. We have designed a program that we hope will enable each student to get a taste of both the academic and extracurricular aspects of life at MHS.

Middle School teachers will supervise students on the bus transporting them to the high school. The eighth graders will gather in the auditorium where they will be greeted by Dr. Miron. High School Peer Leaders will meet them and escort them to the cafeteria for lunch. Pizza, water and cookies will be provided and hosted by the PTO and incoming freshmen parents; should your student not eat pizza, or want something in addition, please supply him or her with a bag lunch.

Students will be assigned to one of five groups and will rotate through five stations:

- Guidance, where they will meet with their counselor and select courses
- Athletics, where they will learn about the sports programs at MHS
- Activities, where representatives of clubs will provide information about their programs
- Peer Leadership Dialogue, where Peer Leaders will answer questions and talk about life in the high school
- Tours of the high school where they will learn how to navigate the building

The program will conclude at approximately 3:30 p.m. at which time students will leave to return home. Parents are asked to pick up their students in front of the high school. Some students may wish to leave from the high school to go home or downtown and may do so with parental permission.

Please make every effort to have your eighth grader join us on this important day. The permission slip enclosed with this letter must be completed and returned to your student's homeroom teacher no later than Wednesday, March 7th to assure that we have time to adequately prepare for the afternoon. We look forward to meeting the members of the Millburn High School Class of 2022 on the afternoon of March 14th.

Sincerely,

The High School Guidance Counselors
